Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial period. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,

Westone Hotel Acquisitions Company

Statement of accounting policies

for the year ended 31 December 2012

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

Basis of preparation and going concern

The financial statements are prepared in Sterling in accordance with generally accepted accounting principles under the historical cost convention and comply with financial reporting standards of the Accounting Standards Board

The financial statements have been prepared on a going concern basis

Cash flow statement

The company's ultimate parent undertaking publishes financial statements which are publicly available. Those financial statements include a consolidated cash flow statement. For this reason the exemption requirements of FRS 1 (Revised) "Cash Flow Statements" are met and the company has therefore not prepared a cash flow statement.

Group accounts

The company is exempt from the obligation to prepare consolidated accounts by virtue of section 400 of the Companies Act 2006 in that it is a wholly owned subsidiary of its ultimate parent and controlling undertaking which itself prepares group accounts which are publicly available. These financial statements are therefore entity financial statements and are not consolidated financial statements.

3 Tax charge on profit on ordinary activities (continued)

A reduction in the UK corporation tax rate from 26% to 25% (effective from 1 April 2012) was substantively enacted on 5 July 2011, and further reductions to 24% (effective from 1 April 2012) and 23% (effective from 1 April 2013) were substantively enacted on 26 March 2012 and 3 July 2012 respectively. This will reduce the company's future current tax charge accordingly.

The March 2013 Budget announced that the rate will further reduce to 20% by 2015 in addition to the planned reduction to 21% by 2014 previously announced in the December 2012 Autumn Statement. It has not yet been possible to quantify the full anticipated effect of the announced further 3% rate reduction, although this will further reduce the company's future current tax charge and reduce the company's deferred tax asset/liability accordingly.
