- For the year ending 28 February 2015 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 15 September 2015

And signed on their behalf by:

P Thomas, Director

Notes to the Abbreviated Accounts for the period ended 28 February 2015**1 Accounting Policies****Basis of measurement and preparation of accounts**

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of investments as detailed in accounting policy note 1.6 and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover policy

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

Maintenance and support revenue is recognised over the period of the contract. Consultancy revenue is recognised when the service is performed.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Computer equipment - 25% straight line

Valuation information and policy

Investments have been valued by the directors and are stated at amounts considered by them to be a reasonable assessment of their fair value, subject to the requirement to apply a degree of caution in making the necessary estimates. Fair value is the amount at which an asset could be exchanged between knowledgeable, willing parties in an arms length transaction. In estimating fair value, the directors use a methodology which is appropriate in light of the nature, facts and circumstances of the investment and its materiality.

The methodology used is based on the price of investments by unrelated investors.

Other accounting policies**Operating leases**

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will

be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time

the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

Research and development

Research and development costs are written off as incurred.

Deferred Income

Income arising from annual renewable licence fees is initially deferred and is subsequently released to the profit and loss account on a straight line basis over the term of the licence.
