#### **Basis of accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

#### **Turnover**

The turnover shown in the profit and loss account represents amounts invoiced during the year.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

#### **Fixed assets**

All fixed assets are initially recorded at cost.

#### **Depreciation**

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Equipment - 25% reducing balance

#### **Stocks**

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

#### **Financial instruments**
