#### The Proposals

The Administrators identified that the objective of the administration, as set out in the proposals approved on 03/05/23, to achieve a better result for the Company's creditors as a whole than would be likely if the Company had been wound up (without first being in administration).

The objective was to be achieved by taking immediate control of the Company's books and records which allowed the administrators and their appointed agents to take early positive steps in respect of the incomplete contracts, protecting potential value for the estate and / or mitigating potential claims in the Administration.

It was anticipated that the Company would exit from administration by moving to Creditors' Voluntary Liquidation.

There have been no amendments to or major deviations from the Proposals.

The Administrators' proposals indicated that they would complete the following actions:

- Realise the Company's remaining assets
- Investigate and, if appropriate, pursue any claims that the Company may have
  against any person, firms or company whether in contract or otherwise, including
  any officer or former officer of the Company or any person, firm or company that
  supplies or has supplied goods or services to the Company
- Distribute realisations to the secured and preferential creditors where applicable
- Ensure all statutory and compliance matters are attended to
- Pay all administration expenses and bring the administration to an end when deemed appropriate by the Administrators

There have been no amendments to or major deviations from the Proposals.

#### Fixtures & Fittings

The Administrators instructed agents Walker Singleton to market the fixtures and fittings for sale. They were valued at £4,000 and sold at public auction for £6,723. No further realisations are anticipated.

#### Motor Vehicles

The Administrators instructed agents Walker Singleton to market the owned vehicle fleet for sale. They were valued at £181,000 and sold at public auction for £192,950. No further realisations are anticipated.

#### Book Debts / Applications

The Administrators instructed quantity surveyors Leslie Keats to assist with realising the value of these assets given the complex nature of the work undertaken by the Company and the processes that are following where a mechanical and electrical contractor ceases to trade prior to the completion of a contract. The book debts, applications and retentions had a book value of c£7.1m. Leslie Keats initial report suggested that these assets could have a value of between £NIL and £1m. This is highly dependant upon costs incurred by the Company's customers as they progress the incomplete contracts, and any counterclaims the clients may have against the Company for failure to complete the contracts. Leslie Keats continue to liaise with the customers regarding these matters with a view to maximising realisations / mitigating creditor claims. To date Leslie Keats have realised £31,508.01 from Gateshead College in respect of a final retention release, against forecast realisations of £20k. These monies are in the process of being transferred to the Administrators / Liquidators. This work will be completed in the Liquidation and future realisations are uncertain.

## 1. An overview of the administration

**FRP** 

Cash at Bank

£641,333 has been realised from the Company's bank account. No further realisations are anticipated.

### 2. Progress of the administration in the Period

## FRP

#### Work undertaken during the administration

I attach at  $\mbox{\bf Appendix }\mbox{\bf C}$  a schedule of work undertaken during the Period covered by this final report.

I can confirm that no work has been subcontracted to third parties.

Attached at Appendix E is a receipts and payments account detailing both transactions for the Period of this report and also cumulatively for the whole period of the administration.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency. No payments have been made to associates without the prior approval of creditors as required by SIP9.

#### Investigations

Part of my duties included carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they had concerning the way in which the Company's business had been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that my review will continue in my subsequent capacity as Liquidator.

### **Exiting the administration**

In accordance with the Proposals, the administration will be exited by the Company moving to CVL. The date the administration ceases and the CVL commences will be the date that the requisite notice is filed with the Registrar of Companies. The

Norstead Limited (In Administration) The Administrators' Final Report attached schedule at Appendix C also indicates the work that the Liquidators expect to carry out in the liquidation.

As noted above the book debts / applications remain outstanding and will be dealt with by the Liquidators.

#### 3. Outcome for creditors

#### **Initial estimated outcome for creditors**

The Proposals anticipated that there would be funds to settle the secured, preferential creditors and secondary preferential creditors in full and pay a dividend to ordinary unsecured creditors. No estimate of the dividend to ordinary unsecured creditors was given due to the uncertainty of values of claims to be received.

#### **Outcome for secured creditor**

Lloyds Bank plc ("Lloyds") has a debenture created 11 February 2015 and delivered on 12 February 2015. There are no monies outstanding due to be paid to Lloyds.

This outcome was in line with the Proposals.

#### **Outcome for preferential creditors**

The preferential creditors totalled £105,869.07, being the employees' preferential element for arrears of pay, unpaid pension contributions and holiday pay as calculated in accordance with legislation.

A dividend has not yet been paid but sufficient funds to pay the preferential creditors in full have been set aside.

This outcome is in line with the Proposals.

#### **Outcome for secondary preferential creditors**

From 1 December 2020 HMRC ranks as a secondary preferential creditor in respect of the following:

- VAT;
- PAYE (including student loan repayments);
- Construction Industry Scheme deductions; and
- Employees' NI contributions

Norstead Limited (In Administration) The Administrators' Final Report HMRC is yet to submit a claim in the Administration. The Administrators remain of the view that HMRC's claim is c£50k and sufficient funds have been set aside to pay this in full.

This outcome is in line with the Proposals.

#### **Outcome for unsecured creditors**

There are sufficient funds available to make a distribution to unsecured creditors. This distribution will be paid by a subsequently appointed Liquidator, the costs of the liquidation cannot at this stage be estimated and therefore it is not possible to estimate the level of distribution that may be made.

#### **Prescribed part**

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000.

The prescribed part is not applicable in this matter as the holder of a qualifying floating charge has no debt outstanding.

#### 4. Administrators' remuneration, disbursements and expenses

## FRP

#### Administrators' remuneration

Following circulation of the Proposals the creditors passed a resolution that the Administrators' remuneration should be calculated on a time cost basis. Details of remuneration charged during the period of the report are set out in the statement of expenses attached at Appendix F. To date fees of £50,000 excluding VAT have been drawn from the funds available.

A breakdown of our time costs incurred during the period of this report and to date is attached at **Appendix D**. The remuneration recovered by the Administrators based on time costs, has not exceeded the sum provided in the fees estimate circulated to creditors with the Proposals.

#### Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

#### The expenses of the administration

I attach at  $\mbox{\bf Appendix}~\mbox{\bf F},$  a statement of expenses that have been incurred during the period covered by this report.

An estimate of the Administrators' expenses was set out in the Proposals. The total expenses incurred by the Administrators are included in the cumulative figures in the receipts and payments account attached at **Appendix E.** 

I can confirm that expenses incurred are in line with the details previously provided.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Administrator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Administrator periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Administrator and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in **Appendix F** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/ and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of eight weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

Appendix C
Schedule of work

#### Schedule of Work

The table below sets out a detailed summary of the work undertaken by the office holder(s) during the reporting period together with an outline of work still to complete. Where work undertaken results in the realisation of funds (from the sale of assets; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

contractual debts that have not yet been paid by the Client(s). The Administrators have engaged with Leslie Keats to review these contracts and write to any debtors requesting payment.

Leslie Keats work to date indicates that there are outstanding invoices of c£58k, certified applications of £44k, applications totalling c£6.8m, retentions of c£0.8m and pre payments of c£0.7m, for total estimated book value of debts of £7.1m. This figure is before taking account of any counter claims received for failure to complete the contracts.

The terms of the contracts entered into between the Company and its customers provide that until the work that the Company was contracted to supply is completed and all associated costs quantified, the customers are not under an obligation to make any payments to the Company in respect of outstanding balances that may otherwise be due.

The Administrators and Leslie Keats have continued to liaise with the Company's customers in respect of completion of the contracts and associated costs and will continue to do so. Until such a time as these contracts are completed it is not certain what the final outcome for the estate will be, however Leslie Keats are forecasting limited realisations. It is likely therefore that work undertaken dealing with certain of the clients will ultimately have the effect of mitigating unsecured creditor claims as a number of the clients are likely to have counter claims in excess of the debtor balance due to the Company. The Administrators will keep these matters under review and at all times consider the most economical route to dealing with these issues based on overall benefit to the insolvent estate.

To date Leslie Keats have realised £31,508.01 from Gateshead College in respect of a final retention release, against forecast realisations of £20k. These monies

maximising realisations and / or mitigating claims as appropriate.

#### Schedule of Work

are in the process of being transferred to the Administrators / Liquidators.

To date Leslie Keats have incurred time costs of £12,344.58 and have been paid in full for this time.

#### Cash at Bank

The Company had a credit balance which has been collected from the Company's bankers. We have received £641,333.74 and do not anticipate realising any further funds in this respect.

#### Motor Vehicles

The Company owned a number of motor vehicles which comprised of a combination of pool cars and cars assigned to individual employees.

Due to the scattered geographical locations of clients and employees, the Administrators have engaged Walker Singleton to collect and return the company vehicles to head office. Walker Singleton advised so not to flood the market to hold more than one car auction. As cars were returned to head office, they were individually valued by Walker Singleton and onsite auctions were held. The Landlord agreed to facilitate the onsite auctions. Walker Singletons' initial valuation indicated an estimated to realise value of £181,000. Following completion of the sales the vehicles realised £192,950.

Walker Singleton's fees for valuing and securing the motor vehicles and fixtures and fittings prior to our appointment totalled £2,764.14. Walker Singleton's fees for working completed in the period following our appointment total £26,839.81, comprising realisation fee of 5% plus VAT of £9,984 and £14,061 of costs relating to repatriation of vehicles, marketing for the auctions, out of pocket expenses whilst attending the premises and costs of bringing the assets into a

	As mentioned in the Proposals, there is a registered charge and Debenture outstanding with Lloyds Bank plc. The Directors and company records indicate that these charges have been repaid in full. The Administrators have reviewed this information and sought clarification from Lloyds that these charges are fully satisfied. This will likely be finalised by the Liquidators.		The Liquidators will deal with marking Lloyds Bank plc's charge as satisfied.
	Preferential Creditors		Preferential Creditors
	The Company's preferential creditors comprises of employee claims as at the date of dismissal and unpaid pension contributions. The Administrators have worked with employees, the RPO and pension providers to ensure that all claims		The Liquidators will liaise with the pension providers and the RPO to finalise the claims of the pension schemes for unpaid contributions.

#### Schedule of Work

have been properly submitted and dealt with.

The Administrators have agreed the claims of the employees and RPO in respect of arrears of wages and unpaid holiday pay. These total £88,374.51.

The Administrators are aware that an employment tribunal awarded certain employees a protective award of 90 days pay for lack of consultation. The Administrators have been liaising with the DWP and the RPO regarding the value of these claims. The Administrators understand that where employees have claims for arrears of wages and also claims for the protective award some or all of their preferential claim for arrears of wages will be replaced by an unsecured claim for the protective award.

The Company operated two pension schemes. One with Smart Pensions for which an RP15 and RP15a have been submitted showing preferential claims of £3,331.76. A claim in respect of this is awaited from the RPO. The second pension scheme is with Aegon and was operated on the Company's behalf by Metnor Group Ltd which is also in Administration. The Administrators have spent time liaising with the RPO and the pension provider regarding the manner in which these claims should be dealt with. It has been agreed that Norstead will file a separate claim for unpaid pension contributions for its employees. An RP15 and RP15a has been submitted to the RPO but not yet agreed by them. Aegon's preferential claim is estimated at £14,162.80.

#### Secondary preferential creditors

HMRC Have been notified of the Company's administration and we have requested their claim in the Administration. To date they have not submitted a claim. The Administrators are of the view that HMRC's claim is likely to be  $c \pm 50 k$ 

The Liquidators will continue to liaise with the DWP and the RPO regarding the claims for protective awards and ensure that employee preferential claims are updated appropriately.

The Liquidators will review and adjudicate on these claims.

Once this is complete the Liquidators will pay a dividend of 100p in the  $\pounds$  to preferential creditors.

#### **Secondary Preferential Creditors**

The Liquidators will chase HMRC for submission of their claim in the estate. Once this is received the Liquidators will review and adjudicate the claim.

All known creditors and suppliers were advised of the Administrator's appointment.

We have dealt with all queries and correspondence received from creditors on an on-going basis.

It is currently estimated that there will be sufficient funds available to make a distribution to the unsecured creditors.

#### Reservation of title

The Administrators' have written to creditors enclosing a questionnaire to help identify any reservation of title claims. This includes ad-hoc queries from creditors. A number of creditors have come forward claiming to have the benefit of retention to title of goods supplied to the Company. The Administrators agreed one reservation of title claim in the sum of £26k. A further 10 creditors indicated that they had reservation of title claims. Four never provided detailed documentation in support of their claims, three were rejected as the claims related to installation costs, and the remaining three did not provide requested additional information and as such were not accepted.

#### **Unsecured Creditors**

The Liquidators will continue to liaise with the unsecured creditors of the Company.

Notice to submit claims will be issued by the Liquidators following their appointment.

The Liquidators will consider the appropriate time to declare a dividend to unsecured creditors, taking into account the complexities of adjudicating on claims from the Company's clients prior to the completion of the contracts and crystallisation of the clients claims for losses incurred. The Liquidators will likely seek the assistance of quantity surveyors Leslie Keats in adjudicating on claims for incomplete contracts.

#### Reservation of title

#### **Employees**

Prior to the Administrators' appointment all employees were made redundant.

We have assisted employees with their claims and any queries.

We have submitted details of all redundancies to the Redundancy Payments Service and responded to their queries.

As noted above we are liaising with the DWP and RPO regarding the claims for protective awards.

#### Landlord

The Company operated from leasehold premises. The lease was in the name of the Company's parent Metnor Group Ltd (In Administration). The Administrators are not aware of a formal arrangement between Metnor Group Ltd (In Administration) and the Company regarding its occupation of the premises. No claim is expected in the Company from the landlord of the premises.

#### **Group creditors**

Metnor Group Limited (in Administration) is the sole shareholder of the Company. We understand that Metnor Group Limited is a creditor of the Company in the sum of £385,638.94 and this is the estimated to realise figure for the Estimated Outcome Statement.

In addition the Company's records indicate that Metnor Construction Limited is a creditor in the sum of £500,000 and this is the estimated to realise figure for the Estimated Outcome Statement.

#### Schedule of Work

We advertised notice of the office holders appointment as required by statute.

We obtained creditor approval for the basis on which the office holder's fees will be calculated.

We drafted and sent all post appointment notifications to stakeholders.

We compiled a forecast of the work that had been or was anticipated to be undertaken throughout the duration of the case, circulated this to creditors together with other such documentation as required to enable the relevant approving creditors to assess and vote on the fee bases proposed.

Assisted the Directors to draft the Directors' Statement of Affairs based on the information held in the Company's books and records and the Administrators' case management system.

The Company had a significant volume of records and personal data. The Administrators have liaised with the Directors to ensure the records were destroyed or held confidentially (as appropriate). Walker Singleton assisted with the destruction of the paper records that were not required for the purpose of the Administration. Costs of £2795 plus VAT were incurred in this regard.

Submission of various notices to the Company's pension funds, the Pension Protection Fund and The Pension Regular.

The Administrators drafted and issued a progress report as appropriate.

The Administrators have taken steps to move the Company from Administration to Creditors' Voluntary Liquidation.

The Liquidators will issue progress reports as required.

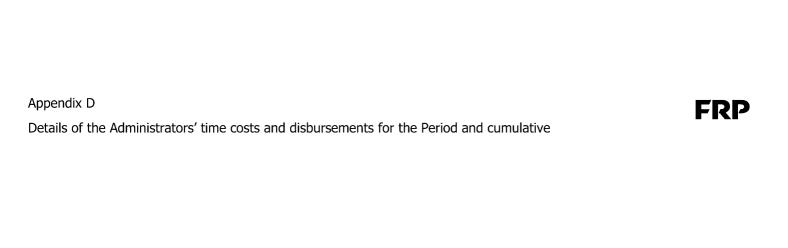

Once the case is complete and funds distributed the Liquidators will take steps to close the Liquidation and for the Company to be dissolved.
