Trustees meet formally to manage affairs, with a least one Trustee on site. The Museum is managed by an Administrator and a Project Manager (Chair of the Trust).

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Objectives and activities

The Charity's object and its principal activity, is to educate and to promote, the education of the public in the history, traditions and practices, of the Fishing Community of Brighton, including the collection and public display, of fishing artefacts and other materials, relevant to the history of fishing in Brighton.

The Brighton Fishing Museum is supported by Brighton and Hove Council, Brighton Fishing Quarter Trust and Volunteer Workers. The Museum is open to the public free of charge and attracts over 160,000 visitors per year.

The Museum also has the free use from the Brighton Fishing Quarter of a Gallery, Workshops and frontage, used for the repair and conservation, of traditional Sussex fishing boats.

Museum volunteers are available to guide school parties and other groups around the museum and fishing quarter, or give talks on fishing history.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2009

Achievements and performance

The Fishing Museum this year has attracted similar if not more visitors than previous years.

The Museum applied for and gained a grant from Renaissance South East (MLA) of £3,000 to employ a skilled museum professional to review and update existing museum plans and policies in order to meet the accreditation'.

The Museum has replaced and updated its fire extinguishers and entered into a full maintenance contract of that equipment. The Fishing Museum is professionally cleaned once a week, the cost met by the Fishing Quarter. The Fishing Quarter Trust financed the fire extinguishers and contract, and voluntary contributions to the Fishing Museum continued to fund the day-to-day expenses insurance, phone, electric, while still maintaining its financial reserve.

Financial review

The Statement of Financial Activities shows a net decrease in funds for the year of £229, and the reserves stand at £54,992.

The present level of funding is adequate to support the charity's objects, and the trustees consider the financial position of the charity to be satisfactory.

Plans for the future

The Museum will use the grant gained from Renaissance South East and employ museum professional to meet the accreditation early in 2010 for submission by the end of February of that year.

The Museum will have all its electrical wiring and fittings checked, low voltage lighting fitted and all certification gained as part of a program of work undertaken by the Fishing Quarter Trust.

NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2009

1 Accounting policies

1.1 Basis of preparation

The accounts have been prepared under the historical cost convention modified to include the revaluation of certain fixed assets.

The accounts have been prepared in accordance with applicable accounting standards, the Statement of Recommended Practice, "Accounting and Reporting by Charities", issued in March 2005 and the Companies Act 1985.

1.2 incoming resources

Donations and other income are included in the company's accounts when received. In addition donations and voluntary assistance are received in kind and it is not practical to quantify their value and reflect this in the accounts.

The charity accounts for all voluntary cash on a receipts basis being the point at which it is entered into the charity's books. The Brighton Fishing Museum depends on assistance from Statutory Bodies, Charitable Bodies and Individuals in order to carry out its work in the community. The trustees have planned fund raising activities to fund both the development and ongoing day to day operation of the Museum. Subject to continued support the trustees believe that the Museum will continue to fulfill its community objectives.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment

4 years straight line

The Museum's heritage assets are not depreciated, because their useful life is considered to be very long, and are revalued by the trustees annually, to account for movements caused by donations, repairs and removals.
