

BONDCLEAR LIMITED
REPORT AND FINANCIAL STATEMENTS
For the year ended 31 December 2019

REGISTERED NUMBER: 03618727

Bondclear Limited (registered no. 03618727)
Year ended 31 December 2019
Directors' report

The directors present their report together with the financial statement for the year ended 31 December 2019.

Review of business

The Company has not traded during the year or the previous year and has not incurred any liabilities. The Company has made neither profit nor loss, nor any other recognised gain or loss. Therefore, neither an income statement nor a statement of recognised income and expenses has been prepared.

The Company is expected to remain dormant for the next financial year.

No dividend has been paid or proposed (2018: nil).

Principal risks and uncertainties

The Company is eligible to take advantage of the small companies' exemption within section 477 of the Companies Act 2006. The Company has taken advantage of this concession and consequently, no disclosure of the risks and uncertainties of the business is required.

Events after the reporting period

Since the emergence of Novel Coronavirus (COVID-19) in China at the end of 2019 the virus has spread rapidly across the rest of the world, triggering a set of interventions across major global economies with respect to travel restrictions, border controls and quarantine protocols. Measures increasingly involve social restrictions in public domains, education centres, recreational venues and changes to professional working arrangements. These measures are putting pressure on industrial productivity, suppressing demand for commodities, impacting global supply chains and consumption of goods and services. This has the potential to significantly impact global financial markets with severe shocks to asset prices and corporate earnings, further central bank intervention and accommodative monetary measures, and an extended period of low or negative interest rates. Management have considered the potential impact on the Company and concluded that the going concern assessment remains appropriate.
