DIRECTORS' REPORT for the year ended 31 December 2012

The directors present their report and the financial statements for the year ended 31 December 2012

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

PRINCIPAL ACTIVITIES

BUSINESS REVIEW

The company has made a loss during the current year but is continually evaluating improvements in operations and product

The directors consider the Key Performance Indicators of the company to consist of Gross Profit Percentage and Turnover per Employee

Gross Profit Percentage - is calculated by comparing gross profit against turnover. This ratio reveals how much the company earns taking into consideration the direct costs it incurs for manufacturing its products. It is an indication of how profitable the company is at its most fundamental level.

DIRECTORS' REPORT for the year ended 31 December 2012

Turnover per Employee - is calculated by dividing the year's turnover by the average number of staff employed during the year. This ratio is a measure of the productivity of the company, both in terms of investment in staff and the machinery utilised in the production process.

2012 2011

Gross Profit Percentage 63% 61%

Turnover per Employee £177,510 £175,380

All data utilised in the calculation of these ratios is derived from these financial statements

GOING CONCERN

Accounting standards require the directors to consider the appropriateness of the going concern basis when preparing the financial statements. The directors confirm that they consider that the going concern basis remains appropriate. The directors have taken notice of the Financial Reporting Council guidance 'Going Concern and Liquidity Risk. Guidance for Directors of UK Companies 2009' which requires the reasons for this decision to be explained. The financial statements have been prepared using the going concern assumption as the directors of the ultimate parent undertaking, LVMH Moet Hennessy Louis Vuitton SA, have provided the directors of the company with a letter of support confirming that the ultimate parent company will provide continued financial support for the next 12 months.
