Notes forming part of the financial statements for the year ended 30 June 2011

1 Accounting policies

The financial statements have been prepared under the historical cost convention, and are in accordance with applicable accounting standards. The following principal accounting policies have been applied:

Going concern

The accounts of the company have been prepared on a going concern basis which assumes that the company will continue in existence for the foreseeable future. The company relies on support from its parent company, A & M Group Limited, in order to meet its obligations as they fall due. The director has received assurances from the parent company that this support will continue to be provided for the foreseeable future and on this basis, and all other information available, he considers that it is appropriate to prepare the financial statements on the going concern basis.

Turnover

Turnover represented sales to outside customers at invoiced amounts less value added tax.

Turnover was recognised when the risks and rewards of owning the goods has passed to the customer, which was generally on delivery.

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences and deferred tax is not recognised on timing differences arising on revalued properties unless the company has entered into a binding sale agreement and is not proposing to take advantage of rollover relief.

Deferred tax balances are not discounted.

Foreign currency

Foreign currency transactions are translated at the rates ruling when they occurred. Foreign currency monetary assets and liabilities are translated at the rates ruling at the balance sheet dates. Any differences are taken to the profit and loss account.

2 Turnover

Turnover was wholly attributable to the principal activity of the company and arose solely within the United Kingdom.

3 Director

No remuneration was paid to the director during the year, nor during the prior year, in respect of his services in relation to the company.
