Introduction and summary update

KPMG

Introduction and summary update

Background

- This report covers the progress made in the Administrations and CVAs of those Companies listed in Appendix 1 for the six months since January 2014 The officeholders last updated creditors on key developments on 22 January 2014 A copy of that report can be found at www txuinfo co uk

Outstanding matters and recent developments

- Realisations by Holding Companies are largely derived from distributions made by TXUEG As previously reported, TXUEG has been placed into compulsory liquidation and the BTL CVA modified in order to facilitate the payment of the surplus funds due to TEG The last distribution received by TEG was £75 6 million in August 2013
- Further payments are expected to be made by TXUEG to TEG following the resolution of the remaining issues in the BTL CVAs Those issues comprise
  - Finalising the treatment of potential contingent asbestos claims in TXU UK
  - Agreeing the position regarding £16 3m currently ring-fenced at TXUEG relating to distributions received from TXU UK and Direct Sales Resolution of this issue is wholly dependent upon the resolution of the above mentioned contingent asbestos claims
  - Finalising the winding up of the BVAG European group structure
- The TXU UK office holders have based their estimate of future potential asbestos liabilities on reports produced by their actuaries Their actuaries have produced two reports , the first in September 2011 estimated potential future claims at between £5m and £47m The revised report produced in May 2013 reduced the estimated range to £3m to £29m
- The most recent report has been reviewed by KPMG actuaries and we have met with the TXU UK office holders to discuss this and the further work required to seek to agree a way forward Discussions continue and we are due to receive the TXU UK office holders' revised actuarial report shortly We will consider this with our advisors with a view to resolving these issues without any further significant delay If necessary we may make an application to Court

Realisations and Distributions to creditors

- The Holding Companies have to date received £470 million from TXUEG
- TEG will be due further funds from the final TXUEG liquidation distribution subject to the resolution of the issues mentioned above, the agreement of EY's costs and tax clearance It is unclear at present when the final TXUEG distribution will take place
- The total amount distributed by the Supervisors of the Holding Companies to external (non-group) creditors is £883 4 million In the CVA proposal the estimated total distribution to external (non-group) creditors was £569m and further distributions of significant value are still to be made
- Details of the distributions paid to date and future estimated distributions assuming TEG receives the surplus funds from TXUEG, are shown on page 8 of this report

Creditors and distributions

Creditors and distributions

Creditors and distributions

- Claims received and agreed or rejected pursuant to the CVA, their values as at 19 November 2002 and 7 January 2005 and the amounts distributed in respect of such claims are set out in the table below The differences in the values of claims as at 19 November 2002 and 7 January 2005 relate to movements in foreign currency exchange rates and capitalised interest Some claims are set at 19 November 2002 values because of their particular nature

We make the following observations in relation to the table above

- The above estimated outcome is illustrative only and should not be relied upon as guidance as to the actual outcomes for creditors The EGO BV bonds have received a total of 100p in the £ as a result of their claims at EGO BV, TXUEL and EH3 Similarly the Barcap claim has been paid in full as a result of its claims at EH3 and TXUEL
- It is likely that there will be at least two further payments to creditors when funds are received by the Holding Companies from the Operating Companies and when the issues which remain to be dealt with within the TXUEL Group have been resolved
- The Supervisors of the Operating Companies' CVAs continue to aim to conclude the majority of the outstanding issues as soon as practicably possible
