REICH INSURANCE BROKERS LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 MARCH 2013

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2 Turnover

Turnover comprises commissions and fees receivable from insurance brokerage based on amounts due on policies with effective dates up to the balance sheet date. Turnover also includes further income streams from insurance companies accounted for on a receipts basis in view of the uncertainty as to amount and eventual date of receipt. This is a departure from Generally Accepted Accounting Practice as such commissions are not included on an earned basis.

1.3 Goodwill

Acquired goodwill has been written off in equal annual instalments over its estimated useful economic life of twenty years.

Following a review of the remaining useful economic life of the goodwill at 31 March 2011, the directors have determined that this now will expire at 31 December 2012 being five years from acquisition. Accordingly a further provision for the impairment has been included in the prior year accounts. The directors now consider the useful economic life of newly acquired goodwill to be five years and will be written off over this period.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Computer equipment	33% reducing balance
Fixtures, fittings & equipment	20% reducing balance
Motor vehicles	25% reducing balance

1.5 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.6 Employee Benefit Trust

The value of any assets held by the Trust which have not been unconditionally transferred to the beneficiaries is included within current assets, subject to any provision required for a permanent diminution in their value.

Contributions made to the Trust are charged to the profit and loss account to the extent that the assets held by the Trust as a result of the contribution have been unconditionally gifted to the beneficiaries.
