Statement of Directors' Responsibilities

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors' Report

Report Of The Auditors

To The Members of McCarthy & Stone Investment Properties No 7 Limited

We have audited the accounts on pages 5 to 8 which have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and on the basis of the accounting policies set out on page 7.

Respective Responsibilities of Directors and Auditors

As described on page 3, the company's directors are responsible for the preparation of the accounts in accordance with applicable United Kingdom law and accounting standards. It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you. Our responsibilities, as independent Auditors, are established in the United Kingdom by statute, the Auditing Practicing Board and by our professions ethical guidance.

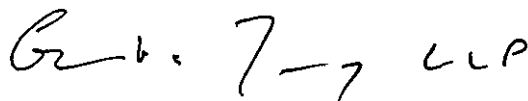

Basis of Opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the accounts and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

Opinion

In our opinion the accounts give a true and fair view of the state of the company's affairs as at 31 August 2001 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

1 Accounting policies

The following accounting policies have been used in dealing with items which are considered material in relation to the company accounts.

Basis of accounting

The accounts have been prepared under the historical cost convention, modified by the revaluation of certain fixed assets, and in accordance with applicable accounting standards. The true and fair override provisions of the Companies Act 1985 have been invoked, see 'Investment Properties' below.

Cashflow Statement

No cashflow statement has been prepared for the company as it is itself a wholly owned subsidiary. A group consolidated cashflow statement is included in the accounts of the ultimate parent undertaking, McCarthy & Stone plc.

Investment Properties

Reversionary Interests

On the sale of a unit the company includes in its fixed assets the freehold or leasehold reversionary interest at a multiple of the ground rent receivable which approximates to current market value, with a corresponding credit to cost of sales.

In accordance with Statement of Standard Accounting Practice 19 investment properties are normally revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve; no depreciation or amortisation is provided in respect of freehold investment properties and leasehold investment properties with over 20 years to run. Although the Companies Act would normally require the systematic annual depreciation of fixed assets, the directors believe that this policy of not providing depreciation is necessary in order for the accounts to give a true and fair view, since the current value of investment properties, and changes in that current value, are of prime importance rather than a calculation of systematic annual depreciation. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
