DOCKGUARD LIMITED

Notes to the Abbreviated Accounts for the Period Ended 31st January 2013

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005).

Turnover policy

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax. In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Other accounting policies

Cash flow statement The company has taken advantage of the exemption in Financial Reporting Standard No 1 from producing a cash flow statement on the grounds that it is a small company. Foreign currencies Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account. Going concern The financial statements have been prepared on the going concern basis, which assumes that the Company will continue to receive financial support from certain creditors. If the going concern basis were not appropriate, adjustments would have to be made to reduce the value of assets to their recoverable amount and to provide for any further liabilities that might arise.
