NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MAY 2009

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 1999, is being amortised evenly over its estimated useful life of four years

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Freehold property
Plant and machinery
Fixtures and fittings
Motor vehicles
Computer equipment

- No depreciation
- 15% on reducing balance
- 15% on reducing balance
- 25% on reducing balance
- 15% on reducing balance

No depreciation is charged in respect of the company's freehold property, as it is the company's policy to maintain it's freehold premises in such a continual state of good repair, that the value is not adversely affected by the passage of time

Consequently, the directors are of the opinion that the residual value of the freehold property will be at least it's historical cost, and that any charge for depreciation would therefore be negligiable

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease
