**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2011**

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax

Goodwill

Goodwill, being the amount based on a readily ascertainable market value in 2001, has previously been written off evenly over its estimated useful life of twenty years. In 2010 the directors revalued the carrying value of goodwill and considered that it is no longer appropriate to amortise over twenty years. The directors believe that future annual revaluations should be carried out so that the balance sheet value shows a true position based upon market conditions existing at the balance sheet date.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Specialised computer software	- 5% on cost
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 33% on cost and 25% on reducing balance

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.
