The notes form part of these abbreviated accounts

NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE YEAR ENDED 31ST MARCH 2014

1. ACCOUNTING POLICIES

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents net invoiced sales of services, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Improvements to property	- Nil
Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 15% on reducing balance
Motor vehicles	- 25% on reducing balance
Computer equipment	- 20% on reducing balance

No depreciation is provided on improvements to property. Accordingly in the opinion of the director any element of depreciation would be immaterial and no provision has been made, as the residual value would be in excess of cost.

**Investment property**

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

In accordance with FRSSE (effective April 2008) paragraph 6.50, no depreciation or amortisation is provided in respect of investment properties.

This treatment may be a departure from the requirements of the Companies Act 2006 concerning depreciation of fixed assets. However, these properties are not held for consumption but for investment and the director considers that systematic annual depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the accounts to give a true and fair view.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
