Notes To The Financial Statements

For The Year Ended 30 April 2009

1. Accounting policies

1.1. Accounting convention

The financial statements are prepared under the historical cost convention as modified by the revaluation of land and buildings and incorporate the results of the principal activity which is described in the directors' report and which is continuing.

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Freehold buildings	- 2% on SLB
Plant machinery & equipment	- 15% on WDV
Motor vehicles	- 25% on WDV
Goodwill is amortised over a period of 20 years	

1.4 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.5 Grants

Government grants in respect of capital expenditure are capitalised and released to the profit and loss account over the useful lives of the assets to which these grants relate.

1.6 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

1.9 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the period.
