NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 APRIL 2010

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention

Turnover

Turnover represents rents receivable

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Fixtures and fittings - 10% on cost

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years

Although this accounting policy is in accordance with the applicable accounting standard, SSAP 19, Accounting for investment properties, it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date
