The Directors' Report

Year ended 31 December 2012

The directors present their report and the unaudited financial statements of the company for the year ended 31 December 2012

Principal activities and business review

The principal activity of the company during the year was, and will continue to be, that of a holding company. The material investments of the company are shown in note 5.

At 31 December 2012 the company was a wholly owned subsidiary undertaking of Virgin Media Inc. On 5 February 2013, Liberty Global, Inc. and Virgin Media Inc. entered into a merger agreement ("the Merger Agreement"). Pursuant to the Merger Agreement, Liberty Global, Inc. and Virgin Media Inc. completed a series of mergers on 7 June 2013 that resulted in the surviving corporations in the mergers becoming wholly owned subsidiaries of Liberty Global plc. This is referred to in more detail in the financial statements of Virgin Media Inc. which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

The Virgin Media group ("the group") will continue to operate under the Virgin Media brand in the UK.

The group is a leading entertainment and communications business, being a "quad play" provider of broadband internet, television, mobile telephony and fixed line telephony services.

As of 31 December 2012, the group provided services to approximately 4.9 million residential cable customers on its network. The group is also one of the UK's largest mobile virtual network operators by number of customers, providing mobile telephony service to 1.7 million contract mobile customers and 1.3 million prepay mobile customers over third party networks. As of 31 December 2012, 85% of residential customers on the group's cable network received multiple services from the group, and 65% were "triple play" customers, receiving broadband internet, television and fixed line telephony services from the group.

The group believes that its advanced, deep fibre access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result it provides its customers with a leading next generation broadband service and one of the most advanced TV on-demand services available in the UK market.

Through Virgin Media Business, the group provides a complete portfolio of voice, data and internet solutions to businesses, public sector organisations and service providers in the UK.

Future outlook

Detail of the future outlook of the group is provided in Virgin Media Inc.'s financial statements and annual report for 2012, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

Results and dividends

The loss for the financial year amounted to £1,250,000 (2011 - £nil). The directors have not recommended an ordinary dividend (2011 - £nil).

(Resigned 31 December 2012)

Virgin Media Inc has indemnified the directors of the company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision is in force as at the date of approving the Directors' Report.

Going concern

After making suitable enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing these financial statements.

Audit exemption

Virgin Media Finance PLC issued a guarantee against all outstanding liabilities to which the company is subject as at 31 December 2012, until they are satisfied in full. The guarantee is enforceable against Virgin Media Finance PLC by any person to whom the company is liable in respect of those liabilities. Since Virgin Media Finance PLC is the smallest group to which the company's accounts are consolidated, the company has taken advantage of the exemption from audit of its individual accounts for the year ended 31 December 2012 by virtue of Section 479A of the Companies Act 2006.

Statement of Directors' Responsibilities

Year ended 31 December 2012

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year.

In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the Financial Statements

Year ended 31 December 2012

1. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

Basis of accounting

The financial statements have been prepared under the historical cost convention in accordance with the Companies Act 2006, and applicable UK accounting standards.

Group accounts

The company has taken advantage of the exemption from preparing group accounts afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of another company incorporated in the United Kingdom which prepares group accounts (see note 12). These financial statements therefore present information about the company as an individual undertaking and not about its group.

Investments

Investments are recorded at cost, less provision for impairment as appropriate. The company assesses at each reporting date whether there is an indication that an investment may be impaired. If any such indication exists, the company makes an estimate of the investment's recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. A previously recognised impairment loss is reversed only if there was an event not foreseen in the original impairment calculations, such as a change in use of the investment or a change in economic conditions. The reversal of impairment loss would be to the extent of the lower of the recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior years.

Cashflow statement

The company is exempt from publishing a cash flow statement as permitted by FRS 1 "Cash flow statements (revised 1996)", as it is a wholly owned subsidiary of its ultimate parent company.

Deferred taxation

Deferred tax is recognised, as appropriate, in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

- provision is made for deferred tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold, and
- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

1. Accounting policies (*continued*)

Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote.

2. Operating loss

Operating loss is stated after charging

	2012	2011
	£000	£000
Increase in provision against amounts owed by group undertakings	<u>1,250</u>	<u>—</u>

The group's inter-company funding arrangements are managed centrally. Recoverability of inter-company receivables is assessed annually. The provision for non-recoverability may increase or decrease as a result of that review. The impairment review of inter-company indebtedness as at 31 December 2012 concluded that an increase in the provision against amounts due from group undertakings totalling £1,250,000 should be made (2011 - £nil).

Auditor's remuneration of £nil (2011 - £1,000) represents costs attributed to the company by fellow group undertakings that pay all auditors' remuneration on behalf of the group.

The directors received remuneration for the year of £500 (2011 - £500) in relation to qualifying services as directors of this company, all of which was paid by Virgin Media Limited.

3. Staff costs

The company does not have any directly employed staff and is not charged an allocation of staff costs by the group.

4. Taxation on loss on ordinary activities

The tax charge is made up as follows

	2012	2011
	£000	£000

Notes to the Financial Statements

4. Taxation on loss on ordinary activities *(continued)*

The tax assessed on the loss on ordinary activities for the year is higher than (2011 - the same as) the standard rate of corporation tax in the UK of 24.50% (2011 - 26.50%). The differences are explained below

	2012 £000	2011 £000
Loss on ordinary activities before taxation	(1,250)	-
Loss on ordinary activities multiplied by rate of tax	(306)	-
Effects of Expenses not deductible for tax purposes	306	-
Total current tax	-	-

Factors affecting current and future tax charges

As at 31 December 2012 the UK corporation tax rate was 24%. A rate reduction to 23% to apply from 1 April 2013 was substantially enacted in the Finance Act 2012 and further rate reductions have also been announced to be introduced in annual decrements to reduce the rate to 20%. These rate changes will affect the amount of future tax payments to be made by the company.
