Statement of directors' responsibilities in respect of the directors' report and the financial statements

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. Carillion CR Limited

Notes

(forming part of the financial statements)

1. Principal accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial information.

Basis of preparation

Carillion CR Limited (the "Company") is a company incorporated and domiciled in the UK.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101"). The amendments to FRS 101 (2014/15 Cycle) issued in July 2015 and effective immediately have been applied.

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The Company's ultimate parent undertaking, Carillion PLC includes the Company in its consolidated financial statements. The consolidated financial statements of Carillion PLC are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from 84 Salop Street, Wolverhampton, WV3 0SR.

In these financial statements, the company has applied the exemptions under FRS101 in respect of the following disclosures:

- a cash flow statement and related notes;
- comparative period reconciliations for share capital and tangible fixed assets;
- disclosures in respect of transactions with wholly owned subsidiaries;
- disclosures in respect of capital management;
- the effect of new but not yet effective IFRSs;
- an additional balance sheet for the beginning of the earliest comparative period following the retrospective change in accounting policy;
- disclosures in respect of compensation of key management personnel; and
- disclosures of transactions with a management entity that provides key management personnel services to the company.

As the consolidated financial statements of Carillion plc include the equivalent disclosures, the company has also taken the exemptions under FRS101 available in respect of the following disclosures:

- certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS7 Financial Instrument disclosures.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

No judgements have been made by the directors, in the application of these accounting policies that have significant effect on the financial statements and there are no estimates with a significant risk of material adjustment in the next year.

The financial statements are presented in pounds sterling. They are prepared on the historical cost basis except where specified certain assets and liabilities are stated at their fair value noted below.

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the business review section of the Directors' report.

The company participates in the Carillion plc group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries. The directors, having assessed the responses of the directors of the company's ultimate parent Carillion plc to their enquiries have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the Carillion group to continue as a going concern or its ability to continue with the current banking arrangements. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue, although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Based on this undertaking the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would result in the basis of preparation being inappropriate.

Fixed asset investments

Fixed asset investments are stated at cost less provisions for any impairment in the carrying value of the investment.

Taxation

Income tax comprises current and deferred tax. Income tax is recognised in the profit and loss account except to the extent that it relates to items directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Notes (continued)
