### 1 Executive summary

- This progress report covers the period from 10 September 2020 to 9 March 2021 for JD Classics Limited (in administration) ("the Company").
- The only realisation during the period of this report was in relation to the settlement of a legal dispute between the Company and a third party in the sum of £900,000.
- We continue to be involved in a number of complex claims against various third parties which are at different stages in the legal process. These claims have the potential to generate significant recoveries for the estate (refer to section 2 Progress to date).
- We have declared and paid interim distributions of £2.01 million to Lloyds Bank plc, as agent for the Secured Lenders, during the administration to date. Estimated net realisations from the Company's assets are unlikely to be sufficient to enable the Secured Lenders to be repaid in full (refer to section 3 – Dividend prospects).
- Preferential creditors have been repaid in full (refer to section 3 Dividend prospects).
- Based on current estimates, it is highly unlikely that unsecured creditors will receive a
  distribution other than in respect of the Prescribed Part (refer to section 3 Dividend
  prospects).
- Please note that you should read this progress report in conjunction with our previous progress reports and proposals which were issued to the Company's creditors and are available on the Portal or from the Companies House website.
- Unless stated otherwise, all amounts in this progress report and appendices are stated net of VAT.

## 2 Strategy and progress of the administration to date

This section updates you on our strategy for the administration and on our progress to date. It follows the information provided in our previous progress reports.

#### 2.1 Strategy and progress to date

#### 2.1.1 Strategy

The administration strategy during the period of this report has been to continue to pursue recoveries from legal claims against third parties, whilst also complying with our statutory duties.

As explained in our previous report, there are two remaining motorbikes which are undergoing restoration with a third party in order to maximise their realisable value. This process has been delayed due to Coronavirus restrictions, but once completed, we will market these for sale.

#### 2.2 Asset realisations

Realisations during the period are set out in the attached receipts and payments account (Appendix 2).

A summary of the most significant realisation during the period of this report is provided below.

Recoveries from legal disputes/claims against third parties

As part of our administration strategy, we have continued to pursue a number of complex claims against third parties. We have concluded some of these matters and realised value in the form of settlement payments made to the Company by third parties or the sale of previously disputed inventory. The ongoing claims are at varying stages in the legal process.

During the period of this report, we received an amount totalling £900,000 in relation to the settlement of a legal dispute with a third party.

We are continuing to work with our litigation counsel, Quinn Emanuel Urquhart & Sullivan LLP ("QE") to pursue a number of ongoing legal claims. Given the commercially sensitive nature of these matters, it is not appropriate to provide further information at this time.

These legal claims are complex and are likely to continue for a significant period of time.

#### 2.3 Expenses

A new Statement of Insolvency Practice 9 (Payments to office holders and their associates from an estate) ("SIP9") came into effect on 1 April 2021. This new SIP redefines expenses and sets out when approvals are required before certain expenses can be paid from the estate.

For the avoidance of doubt, expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or a member. Expenses also include disbursements.

Disbursements are payments which are first met by Alvarez & Marsal Europe LLP ("A&M"), and then reimbursed to A&M from the estate.

Expenses are defined in the new SIP 9 as:

- Category 1 expenses: These are payments to persons providing the service to which the
  expense relates who are not an associate of the office holder. Category 1 expenses can
  be paid without prior approval; and
- Category 2 expenses: These are payments to associates or which have an element of shared costs. Before being paid, Category 2 expenses require approval in the same manner as an office holder's remuneration. Category 2 expenses require approval whether paid directly from the estate or as a disbursement.

Please note that where we previously referred to category 2 disbursements, these will now be referred to as disbursements falling within category 2 expenses. For further information in relation to disbursements please refer to our updated charging policy (Appendix 4).

Payments made in the period of this report are set out in the attached receipts and payments account (Appendix 2).

#### 2.3.1 Payments made to date

Summaries of the most significant payments made during the period of this report are provided below.

#### Legal fees

Legal fees totalling £1,434,207 were paid during the period of this report which largely relate to:

- QE fees (totalling £1,413,621 in the period of this report) QE have been engaged throughout the administration to advise us on various legal claims against third parties.
- Pinsent Masons LLP ("Pinsents") fees (totalling £20,585 in the period of this report) –
  Pinsents have been engaged by us throughout the administration to assist with general
  insolvency law queries.

#### Rent paid

The Company has paid rent of £15,157 to the landlord of the Galliford Road premises during the period of this report. Woodham Mortimer Ltd ("WML") occupied the site under a licence to occupy and so reimburse these payments. Of the rent paid, £6,610 has been reimbursed by WML with the balance being offset against payments due to them. The Company vacated the premises on 31 October 2020, so no further rental payments will be made.

#### 2.4 Schedule of expenses

We have detailed the costs incurred during the period of this report, whether paid or unpaid, in the schedule of expenses attached (Appendix 3).

Summaries of the most significant expenses which have been incurred in the period of this report but have not yet been paid are provided below.

- Our time costs of £408,934 (see section 4.1 for further details in relation to our remuneration); and
- Legal fees incurred by QE totalling £796,407 in relation to advice provided on litigation matters and general insolvency matters respectively.

| • | Fixed professional fees and storage charges of £10,682 are due to WML, who were engaged because they remained in the property that vehicles were stored in and were familiar with the Company's inventory. As explained above, these expenses are being partially offset against the rent owed to the Company. |

# 3 Dividend prospects and dividends paid

#### 3.1 Secured creditors

The Secured Lenders have submitted a claim in the administration for £76.2 million in respect of their secured indebtedness. As mentioned in our proposals, a security review was carried out on 12 September 2018 which confirmed the security and priority arrangements in the Company.

No further funds have been distributed to the Secured Lenders during the period of this report.

The Secured Lenders have received interim distributions totalling £2.01 million during the administration.

Net realisations from the Company's assets are unlikely to be sufficient to enable the Secured Lenders to be repaid in full.

#### 3.2 Preferential creditors

The preferential creditors have been repaid in full.

#### 3.3 Unsecured creditors

Based on current estimates, we anticipate that the unsecured creditors will receive a distribution from the Prescribed Part only. It is highly unlikely there will be a distribution in excess of the Prescribed Part, as it is likely there will be a shortfall with respect to the secured debt.

# 4 Joint Administrators' remuneration and category 2 expenses

### 4.1 Joint Administrators' remuneration and category 2 expenses

During the administration, the secured and preferential creditors have provided approval that:

- Our remuneration will be drawn on the basis of the time properly given by us and the various grades of our staff in accordance with the revised fees estimate and chargeout rates provided in our second progress report; and
- Category 2 expenses (as defined in SIP9 and disclosed to creditors) will be paid as an expense of the estate, including disbursements paid directly by A&M and charged in accordance with our charging policy set out in Appendix 4.

#### 4.1.1 Time costs

During the period of this report we have incurred time costs of £408,934. These represent 958 hours at an average rate of £427 per hour.

#### 4.1.2 Remuneration

During the period of this report, we have drawn floating charge remuneration of £354,675.

#### 4.1.3 Additional information

#### Fees estimate

As stated in our previous progress report, it was anticipated that during the administration we would exceed our fees estimate of  $\pounds 6.5$  million because of the additional time anticipated to be incurred in relation to dealing with complex legal disputes and actions commenced against third parties in order to recover value for creditors of the Company. Since our last progress report we have sought approval from the Secured Lenders and preferential creditors. We have received approval from the preferential creditors and are currently awaiting consent from the Secured Lenders.

Furthermore, we will incur additional time costs in fulfilling our statutory duties, as the administration was extended by a further 12 months, and it is likely that a further extension beyond this may be required to conclude certain aspects of litigation. This additional expense may result in a financial benefit for the creditors, however the quantum of this benefit is unknown at this stage. We could not reasonably have estimated the additional costs for these matters at the time of our previous revised fees estimate was distributed.

#### Expenses estimate

It is anticipated that the expenses to be incurred during the administration will exceed our previous expense estimate of £13,427,312. This is due to additional forecasted legal costs associated with complex litigious matters.

#### Time spent and charging policy

We have attached at Appendix 4 an analysis of the time spent, the charge-out rates for each grade of staff and the expenses paid directly by A&M for the period of this report, together with a summary of the cumulative time costs to 9 March 2021. We have also attached our charging policy.

### 5 Future strategy

#### 5.1 Future conduct of the administration

We will continue to manage the affairs and property of the Company in order to achieve the purpose of the administration. This will include but not be limited to:

- Continuing to restore, market and sell the Company's remaining motorbikes;
- Pursuing actions against third parties with a view to recovering value for the estate;
- Continuing to defend legal actions where it is appropriate to do so;
- Dealing with the Company's corporation tax and VAT matters;
- Distributing funds in the estate to the Secured Lenders;
- Agreeing unsecured claims and distributing the Prescribed Part to unsecured creditors;
   and
- Undertaking procedures to exit the administration.

#### 5.2 Future reporting

Providing an extension to the period of the administration is granted, we will provide a further progress report within one month of 9 September 2021 or earlier if the administration has been completed prior to that time.

If an extension is not granted we will provide our final progress report by 9 September 2021.

### Appendix 4 – Charging policy

Joint Administrators' charging policy

The time charged to the administration is by reference to the time properly given by us and our staff in attending to matters arising in the administration. This includes work undertaken in respect of tax, VAT and investigations by A&M in-house specialists.

Our policy is to delegate tasks in the administration to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us.

#### Policy for the recovery of disbursements

Where funds permit the office holders will seek to recover disbursements falling into both category 1 and category 2 expenses from the estate. For the avoidance of doubt, such disbursements are defined within SIP 9 as payments which are first met by the office holder, and then reimbursed to the office holder from the estate. These are divided in SIP 9 as follows:

- Disbursements within category 1 expenses: These are payments which do not have
  any element of shared costs and are made to persons who are not an associate of
  the office holder. These may include, for example, advertising, room hire, storage,
  postage, telephone charges, travel expenses, and equivalent costs reimbursed to
  the officeholder or his or her staff.
- Disbursements within category 2 expenses: These are payments to associates or
  which have an element of shared costs. These may include shared or allocated
  costs that can be allocated to the appointment on a proper and reasonable basis, for
  example, business mileage.

Disbursements within category 2 expenses charged by A&M include mileage at a rate of 45p per mile. When carrying an A&M passenger, no additional cost per passenger will be charged.

Disbursements falling within category 1 expenses:

| Nature of disbursement       | Amounts incurred in the period (£) | Amounts paid in the period (£) |
|------------------------------|------------------------------------|--------------------------------|
| Postage                      | 3.24                               | -                              |
| eDiscovery software user fee | 17,318.65                          | -                              |
| Books and records storage    | 440.53                             | -                              |
| Total                        | 17,762.42                          | -                              |

Please note that the expenses paid of £3,649 in this period of the report relate to expenses incurred in the prior period.

Disbursements falling within category 2 expenses:

No disbursements falling within category 2 expenses have been incurred or paid during the period of this report.

We have the authority to pay disbursements falling within category 1 expenses without the need for any prior approval from the creditors of the Company.

Disbursements falling within category 2 expenses are to be approved in the same manner as our remuneration.
