Deficit			£(1,855,373)	£(1,171,363)

The director is satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the period by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act

The director acknowledges his responsibility for

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial period and of its profit or loss for the financial period in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006

The Balance sheet continues on the following page The notes on pages 3 to 6 form part of these abbreviated accounts.

Abbreviated Balance Sheet (continued)

30 September 2010

These abbreviated accounts were approved and signed by the director and authorised for issue on  $20 \, \mathrm{M}_{\odot}$

Company Registration Number 3788304

#### **Notes to the Abbreviated Accounts**

Period from 1 April 2009 to 30 September 2010

# Accounting policies Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The accounts have been prepared on a going concern basis as detailed in note 7 of the financial statements

#### Consolidation

In the opinion of the director, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

#### Turnover

The turnover shown in the profit and loss account represents service charges and ground rent receivable

#### Goodwill

Positive purchased goodwill arising on acquisitions is capitalised, classified as an asset on the Balance Sheet and amortised over its estimated useful life up to a maximum of 20 years. This length of time is presumed to be the maximum useful life of purchased goodwill because it is difficult to make projections beyond this period. Goodwill is reviewed for impairment at the end of the first full financial year following each acquisition and subsequently as and when necessary if circumstances emerge that indicate that the carrying value may not be recoverable.

## **Fixed assets**

All fixed assets are initially recorded at cost

#### Depreciation

Depreciation is calculated so as to write off the cost of an asset over the useful economic life of that asset as follows

Leasehold Property Plant & Machinery

Straight line over 10 years25% Reducing balance25% Straight line

Motor Vehicles
Office Equipment

25% Straight line
20% Reducing balance

#### Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account at a constant rate of charge on the balance of capital repayments outstanding.

#### Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

## **Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions

#### **Notes to the Abbreviated Accounts**

## Period from 1 April 2009 to 30 September 2010

### 1. Accounting policies (continued)

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

#### **Financial instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

#### 2. Fixed assets

Period from 1 April 2009 to 30 September 2010

## 5. Share capital

Allotted, called up and fully paid:

30 Sep 10		31 Ma	r 09
No	£	No	£
2	2	2	2

## 6. Post balance sheet events

2 Ordinary shares of £1 each

J Deery transferred his shares to Mercator Trustees who became the ultimate controlling party effective from 11 December 2009

## 7. Going concern

The financial statements have been prepared on a going concern basis. The period considered in detail is the next 12 months. The director considers that the basis is appropriate for the following reason -

The company will receive ongoing support from its main loan creditor in order to fund its working capital and there is an expectation of substantial profits being generated in the next few years

### 3 Ultimate controlling party

At the Balance sheet date the company was under the control of Mercator Trustees
