The items in the financial statements where these judgements and estimates have been made include:

**The provision for bad debts**

After consideration by the directors, all the balances on the customer ledger are deemed collectable, any such balances deemed doubtful are either written off or provided for accordingly.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.
