NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2016

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents the total rent receivable from properties retained by the company as an investment and sales of listed investments and associated income.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Freehold	Nil
Plant and machinery	33.33% straight line
Holiday property furniture	33.33% straight line
Fixtures, fittings & equipment	33.33% straight line

The company's properties are held for long term investment and are included in the balance sheet at their estimated open market value. The surpluses or deficits on revaluation of such properties are transferred to the investment revaluation reserve. Depreciation is not provided in respect of investment properties. This policy represents a departure from statutory accounting principles which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order that the financial statements may give a true and fair view, because current values and changes in current values are of prime importance whereas systematic annual depreciation would have little relevance in these circumstances.

1.5 Investments

Fixed asset investments are stated at cost less provision for permanent diminution in value.

1.6 Stock

Stock of listed investments is valued at the lower of cost and net realisable value.

1.7 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
