## Directors' report

The directors present their report and financial statements for the year ended 30 June 2007

### Results and dividends

The loss for the year after taxation amounted to £9,168,000 (2006 – loss of £6,851,000) The directors do not recommend the payment of a dividend for the year (2006 – £nil)

### Principal activity

The principal activity of the company is to provide telecommunication services for domestic and international customers

### Review of the business and future developments

The directors believe that the company is now in a good position to take advantage of any opportunities which may arise in the future

On 30 June 2007, the company acquired 167,200 £1 shares in Telstra (Cable Telecom) Limited in addition to its existing holding

Group turnover increased by 1.4% during the year, primarily due to an increase in the selling activity during the normal course of business

Operating loss before exceptional items increased by 1063% during the year This was caused by a rise in cost of sales of 4.8% due to a change in the revenue mix and also a 13.8% rise in administrative expenses due to a significant redundancy program, some rises in utility costs and an increased spend on maintenance of accommodation

The business also recognised exceptional costs of £863,000 for onerous contracts These relate to a number of medium term contracts that the company previously entered into that are now no longer used

Shareholders funds have decreased by £9,168,000 due predominantly to the losses incurred in the year

The total average number of employees has decreased by 2% to 212 These numbers were expected to decline because of the redundancy program and should stabilise at current levels in the forthcoming year

### Principal risks and uncertainties

The principal risks and uncertainties facing the group are broadly grouped as competitive, legislative and financial instrument risk

- **Competitive Risks**

Competitive risks are driven by a changing market environment and the continued deregulation of the UK Telecom market This trend is expected to continue, but is mitigated by management's ongoing review of the market and the company's ability to differentiate its service model

- **Legislative Risks**

There currently appears to be no significant legislative risks for the company

- **Financial Instrument Risk**

There currently are no material financial instrument risks for the company

## Directors' report

### Directors and their interests

The directors who held office during the year and thereafter are as set out on page 1

During the year no share options have been awarded to the directors

The directors had no share interests in the company in the year ended 30 June 2007 which would require disclosure under Schedule 7 of the Companies Act 1985

### Disclosure of information to the auditors

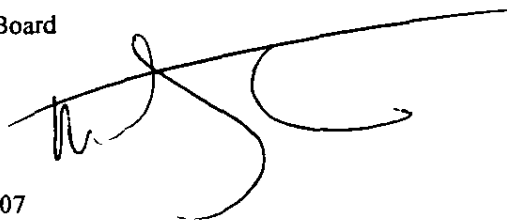

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made inquiries of fellow directors and the company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information.

### Auditors

A resolution to reappoint Ernst & Young LLP as the company's auditor will be put to the forthcoming Annual General Meeting

By order of the Board

## **Statement of directors' responsibilities in respect of the financial statements**

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and United Kingdom Generally Accepted Accounting Practice

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit and loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from the legislation in other jurisdictions.

# **Independent auditors' report**

**to the members of Telstra Europe Limited**

We have audited the company's financial statements for the year ended 30 June 2007 which comprise the Profit and Loss Account, the Balance Sheet and the related notes 1 to 21. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## **Respective responsibilities of directors and auditors**

The directors' responsibilities for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

## **Basis of audit opinion**

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

# **Independent auditors' report**

**to the members of Telstra Europe Limited (continued)**

## **Opinion**

**In our opinion**

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 30 June 2007 and of its loss for the year then ended,
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements

## Notes to the financial statements

at 30 June 2007

### 1. Accounting policies

#### Basis of preparation

The financial statements have been prepared on a going concern basis and under the historical cost convention in accordance with the Companies Act 1985 and applicable UK accounting standards

The parent company (Telstra Global Limited) has agreed not to recall the amounts advanced to the company until all other creditors have been met

#### Fundamental accounting concept

The financial statements have been prepared on the going concern basis because the parent undertaking (Telstra Global Limited) has given the necessary assurances that sufficient resources will be made available so that the company can meet its liabilities as and when they fall due, for at least the next twelve months

#### Turnover

Turnover represents the value of telecommunications services, excluding value added taxes, supplied by the company

#### Depreciation of tangible fixed assets

The cost of tangible fixed assets is their purchase cost, together with any incidental expenses of acquisition

Development of new products is capitalised and will be depreciated over the useful life of the product from the date of the product launch. This is currently estimated to be three years

Asset under construction represents £2,826,000 for the Network refresh and will not be depreciated until the Project is complete and the asset is ready to be used, at which time the asset will then be depreciated over its useful life. The useful life is expected to be ten years

Depreciation is provided on fixed assets calculated on the straight line method in order to write-off the cost of these assets over their estimated useful lives at the following rates

|                                  |   |                     |
|----------------------------------|---|---------------------|
| Software and product development | – | three years         |
| Plant and machinery              | – | three to five years |
| Leasehold improvements           | – | three to ten years  |
| Motor vehicles                   | – | three years         |
| Assets under construction        | – | not applicable      |

#### Intangible fixed assets

The cost of novating BT circuit licenses from Powergen to Telstra Europe Limited is being amortised over the remaining estimated life of the network, being three years

Amortisation of goodwill arising from the group reorganisation is being amortised on a straight line basis over its useful economic life currently presumed to be 20 years. This is reviewed for impairment at the end of the first full financial year following the acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable

#### Investments

Investments held as fixed assets are stated at cost less provision for any impairment in value

#### Pensions

Contributions in respect of the defined contribution Group Personal pension plan are charged in the profit and loss account for the year in which they are payable to the scheme

## Notes to the financial statements

at 30 June 2007

### Provisions for liabilities

A provision is recognised when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation

The effect of the time value of money is not material and therefore the provisions are not discounted

### Deferred taxation

Following the adoption of Financial Reporting Standard No 19 "Deferred Tax", the company provides for deferred tax in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or receive more, tax, with the following exceptions

- provision is made for deferred tax that would arise on remittance of the retained earnings of associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable, and
- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

### Leases

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term. Lease incentives are recognised over the shorter of the lease term and the date of the next rent review

### Foreign exchange

Transactions denominated in foreign currencies are translated into sterling at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the rates ruling at that date. Any transaction differences are dealt with in the profit and loss account

### Statement of cash flows

The company is exempt from the obligation to prepare a statement of cash flows under the provisions of Financial Reporting Standard No 1 (revised) as a 90%-owned subsidiary within a group where the financial statements are publicly available (see note 21)

### Consolidated financial statements

Consolidated financial statements have not been prepared for Telstra Europe Limited as it is a wholly owned subsidiary of Telstra Global Limited, which is incorporated within the European Union. These financial statements are for Telstra Europe Limited as an individual company only. Consolidated financial statements for Telstra Corporation Limited are available from Telstra Corporation Limited, 242 Exhibition Street, Melbourne, Victoria 3000, Australia

## 2. Turnover

A business and geographical analysis of turnover, results and net assets has not been disclosed as the directors believe this would be seriously prejudicial to the interests of the company

|  | <u>          </u> | <u>          </u> |

A strategy review by the Board, has resulted in a write down of the investment in Goodman Blue. Additionally a number of contracts were noted as onerous and expensed.

A company reorganisation occurred during 2005, which spanned the year-end. Due to the nature of the reorganisation and the fact that it spanned the year-end of the UK group, an exceptional profit was recorded in the books of Telstra Europe Limited of £32,923,000 for the year-ended 30 June 2006.

| Deferred tax credit in profit and loss account for the year | 508          | –            |
| Deferred tax asset at end of year                           | <u>1,287</u> | <u>779</u>   |

#### (d) Factors that may affect future tax charges

The company has deferred tax assets of 1,287,000 (2006 – £779,000) in respect of tax losses, accelerated capital allowances and other timing differences. Deferred tax assets have been recognised because the directors consider that there will be sufficient future taxable profits in the company against which to set off the reversal of these assets.

The company has an unrecognised tax loss transferred in 2006 from PSINet Datacentre Limited of £32,000.
