For the year ending 31 March 2010, the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies

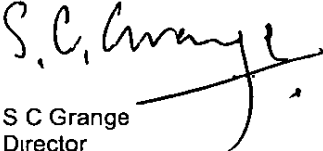

The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

The abbreviated accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime

Approved by the Board on 27 October 2010 and signed on its behalf by

N A Wilson
Director

S C Grange
Director

The notes on pages 2 to 3 form an integral part of these financial statements

A F P Consulting Engineers Limited

Notes to the abbreviated accounts for the Year Ended 31 March 2010

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows

Furniture	20% straight line
Office equipment	33% straight line

Work in progress

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level of activity. Provision is made for foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

Deferred taxation

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes, which have arisen but not reversed by the balance sheet date, except as required by FRSSE.

Deferred tax is measured at the rates that are expected to apply in the periods when the timing differences are expected to reverse, based on the tax rates and law enacted at the balance sheet date.

Operating leases

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
