Strategic report

<u>Principal activities</u>
The principal activity of the company is the provision of the railway restaurant and related services on board Eurostar trains running between London and Paris, London and Brussels and to other destinations pursuant to a contract entered into with Eurostar International Limited ("Eurostar"). The company also operates the Business Premier Lounges and the on-board equipment management contracts with Eurostar.

Market overview and contracts

During 2016, the business has experienced a decrease of the level of activity with a reduction in passenger volume of 3.5% compared to 2015 due to a difficult market environment following the terrorist attacks of Paris and Brussels, Brexit and overall uncertain economic conditions in mainland Europe. 2017 has shown signs of improvement so far and activities and revenues are forecasted to rise with the planned launch of the new destination to Amsterdam towards to the end of 2017.

The company was awarded a new contract for a 7 year period signed on 11 December 2013. The new contract started on 1 June 2014 and expires on 31 May 2021. The new contract includes the on-board services, the Business Premier Lounge services, the on-board equipment management and the bar buffet. The Paris lounge services are subcontracted to Lounge Services SAS, a fellow subsidiary company incorporated in France.

Results for the year

Profit after taxation for the financial year amounted to €1,722,000 (2015: €1,832,000).

There has been a reduction of cost efficiency from the on-board contracts and revenue and profit from the sales at the bar buffet carriages due lower level of passengers. However, operating profit has increased to 3.4% (2015: 3.2%) of turnover, primarily as a result of maintaining an excellent level of customer service

Key performance indicators

The main key performance indicators, as outlined in the Eurostar contracts (customers' satisfaction score and cost savings), show that the organisation has performed to expectations in 2016. The performance bonus score which is one for all services has maintained satisfactory levels in line with the old quality score of 95% of the management fee of the on-board contract.

Principal risks and uncertainties

Going concern risk

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in this report. The company is dependent on one source of income; that is income from contracts operated with Eurostar in relation to the provision of the railway restaurant and related services on board Eurostar trains running between London and Paris, London and Brussels and to other destinations. The company also operates the Business Premier Lounges and equipment contracts with Eurostar. At the balance sheet date all contracts have 4 years and 5 months to completion.

The directors consider that the provision of these contracts will provide sufficient resources for the company to continue to meet its liabilities as they fall due and as such the financial statements have been prepared on a going concern basis. The budget for 2017, approved by the Board of Directors in December 2016, indicates that the company is expected to maintain the current profitability for the next financial year. In addition, the directors have reviewed the forecasted cash flows of the company which indicate that cash flows will remain positive for at least twelve months from the date of the approval of the financial statements.

Directors' report

Directors and their interests

The directors who served during the year and up to the date of this report were as follows:

Christian Biasoni (appointed 16 May 2016) David Cheeseman Valentino Fabbian (resigned 15 April 2016) Joseph N Zaidan Fabio Croce-Sebastiani Frank Whittaker

None of the directors hold any interest in the company. During the year, Joseph N Zaidan, Valentino Fabbian and Christian Biasoni were directors of Chef Express S.p.A. Valentino Fabbian resigned from the Board of Directors on 15 April 2016. Christian Biasoni was appointed as Director of the company on 16 May 2016. Their interests in Chef Express S.p.A. and Cremonini S.p.A. are disclosed in those companies' accounts.

Fabio Croce-Sebastiani's salary was paid by Momentum Services Limited and then re-charged to Chef Express S.p.A. for services related to Chef Express S.p.A. The outstanding balance owed to the company at 31 December 2016 in respect of these charges is €134,657 (2015: €40,920). The total recharge for the year is €171,186 (2015: €165,057).

Accounting framework

The company adopt FRS 101 'Reduced Disclosure Framework'. There are no changes in reporting compared to the previous year, 2015.

Ownership

The company is owned by Chef Express UK Limited, a company incorporated in England and Wales, which held 100% of the equity.

Dividend

Dividends totalling €1,800,000 were paid in 2016 to Chef Express UK (2015: €800,000 to Chef Express UK).

A final dividend for the financial year of €1,550,000 (2015: €1,800,000) will be proposed at the forthcoming AGM. No provision for this dividend has been made at the Balance Sheet date.

Principal financial risk and uncertainty

The company activities expose it to a variety of financial risks. These risks are not exceptional or different in nature from those that are customary in the industry. The company seeks to minimise potential adverse effects on its financial performance.

- (a) Market risk
- (i) Foreign exchange risk

The company activities takes place in the United Kingdom and in the EURO countries, France and Belgium. The company results and shareholders' equity are therefore affected by foreign exchange rates. The exchange risk is limited because transactions are denominated largely in the functional currencies of the subsidiaries. The associated risk is not hedged.

(ii) Price risk

The price risk is associated to the increase of the cost of material to produce food and drinks and to the inflationary price increases. The company has agreed a price indexation reimbursement clause with the client. The company takes a view that its currency policy on price risk is well balanced.

Directors' report (continued)

(b) Credit risk

The company's cash and cash equivalent are held in the banks accounts of each local countries where it operates. The company limit the associated credit risk as a result of the Group's policy to work only with respectable banks and financial institutions. The company has positive cash flow and it expect to continue for the next twelve months from the balance sheet date and beyond.

Employees

Applications for employment by disabled persons are always fully considered, bearing in mind the respective aptitudes and abilities of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the company continues and the appropriate training is arranged. It is the policy of the company that the training, career development and promotion of a disabled person should, as far as possible, be identical to that of a person who does not suffer from a disability.

Consultation with employees or their representatives has continued at all levels, with the aim of ensuring that employees' views are taken into account when decisions are made that are likely to affect their interests. It ensures that all the employees are aware of the financial and economic performance of their business units and of the company as a whole. Communication with all employees continues through the house newspaper, newsletters and briefing groups.

Strategic report

In accordance with section S414C (11) of the Companies Act 2006, the company has produced a Strategic Report which is set out on page 4. Information on likely future developments in the business of the company has been included in the Strategic Report on page 4.

Directors' responsibilities

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the company financial statements in accordance with United Kingdom Generally Accounting Practice (United Kingdom Accounting Standards), including 'FRS 101 Disclosure Framework' and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Directors' report (continued)

Disclosure of information to the auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Auditor

In accordance with Section 487 of the Companies Act 2006, BDO UK Audit LLP will be deemed to be reappointed as auditor of the company.

Approval

The Directors' Report was approved by order of the Board on 29 March 2017.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOMENTUM SERVICES LIMITED

We have audited the financial statements of Momentum Services Limited for the year ended 31 December 2016 which comprise the Statement of Comprehensive income, Statement of Financial Position, Statement of Changes in Equity, Statement of Cash Flows and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Financial Reporting Council's (FRC's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2016 and of its profit for the
 year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
 and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

1 Accounting policies

Basis of preparation

The financial statements have been prepared in accordance with the applicable Financial Reporting Standard 100 Application of Financial Reporting Requirements and Financial Reporting Standard 101 Framework. The principal accounting policies adopted in the preparation of the financial statement are set out below.

The financial statement have been prepared on a historical cost basis. The preparation currency used is EURO and amounts have been presented in round thousands ("€000s").

Disclosure exemptions adopted

In preparing these financial statements the company has taken advantage of all disclosure exemptions conferred by FRS 101. Therefore these financial statements do not include:

- All disclosures required by IFRS 7;
- All disclosures required under IFRS 13;
- The effect of future accounting policies not yet adopted.

In addition, and in accordance with FRS 101 further disclosure exemptions have been adopted because equivalent disclosures are included in the consolidated financial statements of Cremonini S.p.A. These financial statements do not include certain/all disclosures in respect of business combinations

Judgements and key areas of estimation uncertainty

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires the company's directors to exercise judgment in applying the company's accounting policies.

There have been no other material amendments to the disclosure requirements previously applied in accordance with applicable UK accounting standards. The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below.

Computer software

Computer software is carried at cost less accumulated amortisation and any provision for impairment. Externally acquired computer software and software licences are capitalised and amortised on a straight-line basis over their useful lives of three years.

Tangible fixed assets and depreciation

Fixed assets are stated at cost net of depreciation. Depreciation is provided to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Plant and machinery - 3 to 5 years Computer software - 3 to 5 years

Stocks

Stocks are stated at the lower of cost and net realisable value. Cost comprises all costs of purchases, cost of conversion and other costs incurred in bringing the inventories to their present location.

for year ended 31 December 2016

1 Accounting policies (continued)

Investments

Investments are stated at cost less provision for impairment.

Financial assets - loans and receivables

These assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

The company's loans and receivables comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Financial liabilities

Trade payables and other short-term liabilities are recognised at amortised cost.

Loan from group companies are recognised at amortised cost.

Share Capital

The company's ordinary shares are classified as equity instruments.

Dividends payable

Dividends are recognised when become legally payable. In the case of interim dividends to equity shareholders, this is when they are paid. In the case of final dividends, this is when approved by the shareholders at the AGM

Provisions

The company has recognised provisions for liabilities of uncertain timing. The provision is measured at the best estimate of the expenditure required to settle the obligation at the reporting date, discounted at a pre-tax rate reflecting current market assessments of the time value of money and risks specific to the liability.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements.

Leased assets

Where substantially all of the risks and rewards incidental to ownership are not transferred to the company (an "operating lease"), the total rentals payable under the lease are charged to the statement of comprehensive income on a straight-line basis over the lease term. The aggregate benefit of lease incentives is recognised as a reduction of the rental expense over the lease term on a straight-line basis.

Deferred taxation

Deferred tax assets and liabilities are recognised where the carrying amount of an asset or liability in the statement of financial position differs from its tax base.

Recognition of deferred tax assets is restricted to those instances where it is probable that taxable profit will be available against which the difference can be utilised

for year ended 31 December 2016

1 Accounting policies (continued)

Deferred taxation (continued)

The amount of the asset or liability is determined using tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the deferred tax liabilities/(assets) are settle/(recovered).

Foreign currencies

Transactions entered into by the company in a currency other than the currency of the primary economic environment in which they operate (their "functional currency") are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the reporting date. Exchange differences arising on the retranslation of unsettled monetary assets and liabilities are recognised immediately in profit or loss.

Exchange gains and losses arising on the retranslation of monetary available for sale financial assets are treated as a separate component of the change in fair value and recognised in profit or loss. Notes to the financial statements.

The company financial statements are presented in Euro currency in order to be aligned with the Group consolidated currency. Average FX rate is at 1.2244 (2015: 1.3780) and FX closing rate is at 1.1651 (2015: 1.3605) to convert the sterling data into Euro. The FX rates are provided by the Bank of England.

In the United Kingdom the functional currency of the entity is GBP sterling and in France and in Belgium the functional currency of these entities is EURO. The results and financial position of foreign operations where the currency is different to the functional currency are translated into the presentation currency using the following procedures:

- Assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet.
- Income and expenses for each income statement are translated at exchange rates at the dates of the transactions. Where this is impracticable, an average rate for the year may be used provided that exchange rates do not fluctuate significantly.

All resulting exchange differences are recognised as a separate component of equity and shown within the foreign exchange reserve.

Turnover

Turnover, which excludes value added taxes, represents the revenues for the provision of the catering and related services on board of Eurostar trains. Turnover is recognised on delivery of the service.

Pension costs

The company contributes to a defined contribution scheme for employees in the UK, France and Belgium. Pension costs are charged to the profit and loss account in the year in which they are accrued.

Going concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

for year ended 31 December 2016

2 Critical accounting estimates and judgements

The company makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and assumptions do not carry a significant risk of causing a material adjustments to the carrying amounts of assets and liabilities within the next financial year.

Judgements - Revenue recognition

The company has recognised revenue based on the actual invoices sent to the client Eurostar and any amount not invoiced is recognised only after receipt of the purchase order and only after agreement with the client.

Estimates and assumption

(a) Useful lives of plant and equipment and intangibles assets

Depreciation is provided so as to write down the assets to their residual values over their estimated useful lives as set out in the company's accounting policy. The selection of these estimated lives requires the exercise of management judgement. Useful lives are regularly reviewed and should management's assessment of useful lives shorten then depreciation charges in the financial statement would increase and carrying amounts of plant and equipment would reduce accordingly. The carrying amount of plant and equipment by each class is included in note 11.

3 Turnover

Momentum Services Limited provides catering and related services on board Eurostar trains running between the United Kingdom, France and Belgium. The directors consider that the company operates in one geographical segment, being Europe.

Turnover arises from:
