Strategic report

Principal activities

The principal activity of the company is the provision of the railway restaurant and related services on board Eurostar trains running between London and Paris, London and Brussels and to other destinations pursuant to a contract entered into with Eurostar International Limited ("Eurostar"). The company also operates the Business Premier Lounges and the on-board equipment management contracts with Eurostar.

Market overview and contracts

The company was awarded a new contract for a 7 year period signed on 11 December 2013. The new contract started on 1 June 2014 and expires on 31 May 2021. The new contract includes the on-board services, the Business Premier Lounge services, the on-board equipment management and the bar buffet. The Paris lounge services are subcontracted to Lounge Services SAS, a fellow subsidiary company incorporated in France.

During 2017, the business has experienced a decrease of the level of activities with a reduction in trains' volumes by -8.1% albeit the passengers' volume increased by 2.5% compared to 2016. This result is the combination of the continuous roll-out of the new E320 trains set by Eurostar and of the rationalisation of the timetable. Overall 2017 has seen positive sign with higher passengers' volumes and 2018 activities and revenues are forecasted to rise with the launch of the new destination to Amsterdam planned for April 2018.

Results for the year

Profit after taxation for the financial year amounted to €1,249,000 (2016: €1,722,000).

There has been a reduction of cost efficiency from the on-board contracts and revenue from the sales at the bar buffet carriages due lower volumes of trains. Operating profit has decreased to 2.4% (2016: 3.4%) of turnover, primarily as a result of operating statement penalties.

Key performance indicators

The main key performance indicators, as outlined in the Eurostar contracts (customers' satisfaction score and cost savings), show that the organisation has performed to expectations in 2017. The performance bonus score which is one for all services has maintained satisfactory levels in line with the old quality score of 95% of the management fee of the on-board contract.

Principal risks and uncertainties

Going concern risk

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in this report. The company is dependent on one source of income; that is income from contracts operated with Eurostar in relation to the provision of the railway restaurant and related services on board Eurostar trains running between London and Paris, London and Brussels and to other destinations. The company also operates the Business Premier Lounges and equipment contracts with Eurostar. At the balance sheet date all contracts have 3 years and 5 months to completion.

The company considers Brexit a principal risk, being exposed to the exchange rate volatility between sterling and EURO currencies and the fall in the value of the sterling has impacted the performance in the current financial year and could impact future performance. The directors are working to take the necessary measures to mitigate any other risks such as labour market implication and potential increases in food and beverage prices and they are monitoring the outcome of the Brexit negotiation with any potential other risks that may arise from it.

Strategic report (continued)

Going concern risk (continued)

The directors consider that the provision of these contracts will provide sufficient resources for the company to continue to meet its liabilities as they fall due and as such the financial statements have been prepared on a going concern basis. The budget for 2018, approved by the Board of Directors in December 2017, indicates that the company is expected to maintain the current profitability for the next financial year. In addition, the directors have reviewed the forecasted cash flows of the company which indicate that cash flows will remain positive for at least twelve months from the date of the approval of the financial statements.

By order of the board,

David Cheeseman

Director

Directors' report

Directors and their interests

The directors who served during the year and up to the date of this report were as follows:

Cristian Biasoni
David Cheeseman
Joseph N Zaidan
Fabio Croce-Sebastiani
Frank Whittaker

None of the directors hold any interest in the company. During the year Cristian Biasoni was directors of Chef Express S.p.A. His interests in Chef Express S.p.A. and Cremonini S.p.A. are disclosed in those companies' accounts.

Fabio Croce-Sebastiani's salary was paid by Momentum Services Limited and then re-charged to Chef Express S.p.A. for services related to Chef Express S.p.A. The outstanding balance owed to the company at 31 December 2017 in respect of these charges is €78,836 (2016: €134,657). The total recharge for the year is €154,850 (2016: €171,186).

Accounting framework

The company adopt FRS 101 'Reduced Disclosure Framework'. There are no changes in reporting compared to the previous year, 2016.

Ownership

The company is owned by Chef Express UK Limited, a company incorporated in England and Wales, which held 100% of the equity.

Dividend

Dividends totalling €1,550,000 were paid in 2017 to Chef Express UK (2016: €1,800,000 to Chef Express UK).

A final dividend for the financial year of €1,250,000 (2016: €1,550,000) will be proposed at the forthcoming AGM. No provision for this dividend has been made at the Balance Sheet date.

Directors' insurance and indemnities

The Company has entered into qualifying third party indemnity arrangements for the benefit of all its Directors in a form and scope which comply with the requirements of the Companies Act 2006 and which were in force throughout the year and remain in force.

Principal financial risk and uncertainty

The company activities expose it to a variety of financial risks. These risks are not exceptional or different in nature from those that are customary in the industry. The company seeks to minimise potential adverse effects on its financial performance.

(a) Market risk

(i) Foreign exchange risk

The company activities takes place in the United Kingdom and in the EURO countries, France and Belgium. The company results and shareholders' equity are therefore affected by foreign exchange rates. The exchange risk is limited because transactions are denominated largely in the functional currencies of the subsidiaries. The associated risk is not hedged.

(ii) Price risk

The price risk is associated to the increase of the cost of material to produce food and drinks and to the inflationary price increases. The company has agreed a price indexation reimbursement clause with the client. The company takes a view that its currency policy on price risk is well balanced.

(b) Credit risk

Directors' report (continued)

Principal financial risk and uncertainty (continued)

The company's cash and cash equivalent are held in the banks accounts of each local countries where it operates. The company limit the associated credit risk as a result of the Group's policy to work only with respectable banks and financial institutions. The company has positive cash flow and it expect to continue for the next twelve months from the balance sheet date and beyond.

Overseas branches

The company has the following overseas branches:

- In France at the address 43 Rue de Dunquerque, 75010 Paris
- In Belgium at the address Frankrijkstraat - 95 Rue de France, B-1070 Brussels

Both branches are carrying out Momentum activities in relation to the Eurostar contract for the France and Belgium territories respectively.

Employees

Applications for employment by disabled persons are always fully considered, bearing in mind the respective aptitudes and abilities of the applicant concerned. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the company continues and the appropriate training is arranged. It is the policy of the company that the training, career development and promotion of a disabled person should, as far as possible, be identical to that of a person who does not suffer from a disability.

Consultation with employees or their representatives has continued at all levels, with the aim of ensuring that employees' views are taken into account when decisions are made that are likely to affect their interests. It ensures that all the employees are aware of the financial and economic performance of their business units and of the company as a whole. Communication with all employees continues through the house newspaper, newsletters and briefing groups.

Strategic report

In accordance with section S414C (11) of the Companies Act 2006, the company has produced a Strategic Report which is set out on page 4. Information on likely future developments in the business of the company has been included in the Strategic Report on pages 4 and 5.

Directors' responsibilities

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards), including 'FRS 101 Disclosure Framework' and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

Directors' report (continued)

Directors' responsibilities (continued)

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Disclosure of information to the auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Auditor

In accordance with Section 487 of the Companies Act 2006, BDO UK Audit LLP will be deemed to be re-appointed as auditor of the company.

Approval

The Directors' Report was approved by order of the Board on 26 March 2018.

Company Secretary

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOMENTUM SERVICES LIMITED

Opinion

We have audited the financial statements of Momentum Services Limited ("the Company") for the year ended 31 December 2017 which comprise the Statement of comprehensive income, Statement of financial position, Cash flow statement, Statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOMENTUM SERVICES LIMITED (CONTINUED)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report and Director's report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion;

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or

Responsibilities of Directors

As explained more fully in the Directors' responsibilities statement, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Notes to the financial statements for year ended 31 December 2017

1 Accounting policies

Basis of preparation

The financial statements have been prepared in accordance with the applicable Financial Reporting Standard 100 Application of Financial Reporting Requirements and Financial Reporting Standard 101 Framework. The principal accounting policies adopted in the preparation of the financial statement are set out below.

The financial statement have been prepared on a historical cost basis. The preparation currency used is EURO and amounts have been presented in round thousands ("€000s").

Disclosure exemptions adopted

In preparing these financial statements the company has taken advantage of all disclosure exemptions conferred by FRS 101. Therefore these financial statements do not include:

- All disclosures required by IFRS 7;
- All disclosures required under IFRS 13;
- The effect of future accounting policies not yet adopted.

In addition, and in accordance with FRS 101 further disclosure exemptions have been adopted because equivalent disclosures are included in the consolidated financial statements of Cremonini S.p.A.

Judgements and key areas of estimation uncertainty

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires the company's directors to exercise judgment in applying the company's accounting policies.

There have been no other material amendments to the disclosure requirements previously applied in accordance with applicable UK accounting standards. The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below.

Computer software

Computer software is carried at cost less accumulated amortisation and any provision for impairment. Externally acquired computer software and software licences are capitalised and amortised on a straight-line basis over their useful lives of three years.

Tangible fixed assets and depreciation

Fixed assets are stated at cost net of depreciation. Depreciation is provided to write off the cost less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Plant and machinery	-	3 to 5 years
Computer software	-	3 to 5 years

Stocks

Stocks are stated at the lower of cost and net realisable value. Cost comprises all costs of purchases, cost of conversion and other costs incurred in bringing the inventories to their present location.

Notes to the financial statements for year ended 31 December 2017

1 Accounting policies (continued)

Investments

Investments are stated at cost less provision for impairment.

Financial assets – loans and receivables

These assets are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

The company's loans and receivables comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Financial liabilities

Trade payables and other short-term liabilities are recognised at amortised cost.

Loan from group companies are recognised at amortised cost.

Share Capital

The company's ordinary shares are classified as equity instruments.

Dividends payable

Dividends are recognised when become legally payable. In the case of interim dividends to equity shareholders, this is when they are paid. In the case of final dividends, this is when approved by the shareholders at the AGM

Provisions

The company has recognised provisions for liabilities of uncertain timing. The provision is measured at the best estimate of the expenditure required to settle the obligation at the reporting date, discounted at a pre-tax rate reflecting current market assessments of the time value of money and risks specific to the liability.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements.

Leased assets

Where substantially all of the risks and rewards incidental to ownership are not transferred to the company (an "operating lease"), the total rentals payable under the lease are charged to the statement of comprehensive income on a straight-line basis over the lease term. The aggregate benefit of lease incentives is recognised as a reduction of the rental expense over the lease term on a straight-line basis.

Deferred taxation

Deferred tax assets and liabilities are recognised where the carrying amount of an asset or liability in the statement of financial position differs from its tax base.

Recognition of deferred tax assets is restricted to those instances where it is probable that taxable profit will be available against which the difference can be utilised

Notes to the financial statements for year ended 31 December 2017

1 Accounting policies (continued)

Deferred taxation (continued)

The amount of the asset or liability is determined using tax rates that have been enacted or substantively enacted by the reporting date and are expected to apply when the deferred tax liabilities/(assets) are settle/(recovered).

Foreign currencies

Transactions entered into by the company in a currency other than the currency of the primary economic environment in which they operate (their "functional currency") are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the reporting date. Exchange differences arising on the retranslation of unsettled monetary assets and liabilities are recognised immediately in profit or loss.

Exchange gains and losses arising on the retranslation of monetary available for sale financial assets are treated as a separate component of the change in fair value and recognised in profit or loss. Notes to the financial statements.

The company financial statements are presented in Euro currency in order to be aligned with the Group consolidated currency. Average FX rate is at 1.1421 (2016: 1.2244) and FX closing rate is at 1.1270 (2016: 1.1651) to convert the sterling data into Euro. The FX rates are provided by the Bank of England.

In the United Kingdom the functional currency of the entity is GBP sterling and in France and in Belgium the functional currency of these entities is EURO. The results and financial position of foreign operations where the currency is different to the functional currency are translated into the presentation currency using the following procedures:

- Assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet.
- Income and expenses for each income statement are translated at exchange rates at the dates of the transactions. Where this is impracticable, an average rate for the year may be used provided that exchange rates do not fluctuate significantly.

All resulting exchange differences are recognised as a separate component of equity and shown within the foreign exchange reserve.

Turnover

Turnover, which excludes value added taxes, represents the revenues for the provision of the catering and related services on board of Eurostar trains. Turnover is recognised on delivery of the service.

Pension costs

The company contributes to a defined contribution scheme for employees in the UK, France and Belgium. Pension costs are charged to the profit and loss account in the year in which they are accrued.

Going concern

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Notes to the financial statements

for year ended 31 December 2017

2 Critical accounting estimates and judgements

The company makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and assumptions do not carry a significant risk of causing a material adjustments to the carrying amounts of assets and liabilities within the next financial year.

Estimates and assumption

(a) Useful lives of plant and equipment and intangibles assets

Depreciation is provided so as to write down the assets to their residual values over their estimated useful lives as set out in the company's accounting policy. The selection of these estimated lives requires the exercise of management judgement. Useful lives are regularly reviewed and should management's assessment of useful lives shorten then depreciation charges in the financial statement would increase and carrying amounts of plant and equipment would reduce accordingly. The carrying amount of plant and equipment by each class is included in note 11.

3 Turnover

Momentum Services Limited provides catering and related services on board Eurostar trains running between the United Kingdom, France and Belgium. The directors consider that the company operates in one geographical segment, being Europe.

Turnover arises from:

	2017	2016
	€'000	€'000
Sales of goods	12,854	13,846
Provision of services	45,867	46,633
