Reliance on this document

Our Business Review on pages 1 to 3 has been prepared in accordance with the Directors' Report Business Review Requirements of section 417 of the Companies Act 2006

The intention of this document is to provide information to the shareholder and is not designed to be relied upon by any other party or for any other purpose

The document contains forward-looking statements. These are made by the Directors in good faith based on information available to them at the time of their approval of this report. These statements should be treated with caution as there are inherent uncertainties underlying any forward-looking information

MERGERMARKET LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2009

The Directors present their report and the audited financial statements for the year ended 31 December 2009

Principal Activity and Review of the Business

The principal activity of the Company in the year under review was the provision of information services regarding mergers and acquisitions, stressed and distressed debt, special situations in the equity markets and wealth generation. The Directors believe that the Company will continue in these activities for the foreseeable future.

Future Outlook

Mergermarket's products are focused on the M&A advisory and hedge fund markets. Recent turbulence in these core markets has acted to increase the amount of churn in our client base and limit price increases we would normally have expected. However, our clients and markets began to stabilize towards the end of 2009 and we expect less volatility in 2010.

Principal Risks and Uncertainties

The management of the business and execution of the Company's strategy are subject to a number of risks. The key business risks and uncertainties affecting the Company are considered to relate to consolidation of the customer base, employee retention and the regulatory environment. In 2010 continued market uncertainty is also likely to increase business risk.

The principal risks and uncertainties are integrated with the principal risks of the Pearson group. Accordingly, the principal risks and uncertainties of the Financial Times group, which include those of the Company, are discussed in detail on pages 33 - 35 of the Pearson plc annual report which does not form part of this report.

Key Performance Indicators (KPIs)

Turnover for the year decreased by 7% and operating profit by 26% when compared to the prior year. The primary driver of this was a reduction of renewal rates which reduced revenues without a corresponding shift in the cost base.

More detail on the development, performance and position of Financial Times group, which includes the Company, is discussed on pages 20 and 21 of the Pearson plc annual report which does not form part of this report.

Results and Dividends

The results for the year are set out on page 6. The profit for the year after taxation was £9,750,194 (2008 £14,450,955). A dividend of £32,082,984 was proposed and paid during the year (2008 nil).

Supplier Payment Policy

The Company aims to pay all its suppliers within a reasonable period of their invoices being received and in any case within the suppliers' own payment periods. Trade creditors at the year end represented 38 days (2008 16 days) of purchases.

Financial Risk

Financial risk is managed on a group basis by Pearson plc. Pearson plc's approach to the management of financial risk is set out on pages 33 to 35 of the Pearson plc annual report which does not form part of this report.

MERGERMARKET LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

Employment of Disabled Persons

Applications for employment by disabled persons are considered on the same basis as other applications, giving full and fair consideration to the respective skills, knowledge and abilities of the applicant concerned and the requirements of the work involved. In the event of members of staff becoming disabled, every effort is made to assist them in ensuring that their employment can continue within the Company. The training, career development and promotion of disabled employees are, as far as possible, identical to that of employees who do not suffer from a disability.

Employee Information

Employees are provided with information by a variety of methods including the Pearson intranet, notes from management and a regular team briefing programme on a cascade basis.

In line with the European directive on works councils, Pearson plc has introduced an employee forum where matters of relevance are discussed with elected employee representatives.

All qualifying employees may participate in the Pearson plc Save As You Earn share option scheme. Employees are encouraged to maintain an interest in the financial and economic factors affecting the Pearson Group's performance.

The Company is an equal opportunities employer.

Directors

The following Directors have held office during the year ended 31 December 2009:

L. Burdett
R. Fairhead
C. Hobbs (resigned 1 March 2010)
H. Matthews (appointed 1 March 2010)

Auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and PricewaterhouseCoopers LLP will therefore continue in office.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

MERGERMARKET LIMITED

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

The Directors confirm that they have complied with the above requirements in preparing the financial statements

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors' Insurance

During the year to 31 December 2009 the Company maintained insurance covering officers of the Company against liabilities arising in relation to the Company. This is a qualifying third party indemnity provision for the purposes of Companies Act 2006.

Statement of Disclosure of Information to Auditors

In accordance with Section 418, Directors' reports shall include a statement, in the case of each Director in office at the date the Directors' report is approved, that

(a) so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware, and

(b) he/she has taken all the steps that he/she ought to have taken as a Director in order to make himself/herself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Approved and authorised by the Board of Directors and signed on its behalf by

Rona Fairhead

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MERGERMARKET LIMITED

We have audited the financial statements of Mergermarket Limited for the year ended 31 December 2009 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of Directors and auditors

As explained more fully in the Directors' Responsibilities Statement, set out on Page 2, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the Directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion, the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2009 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

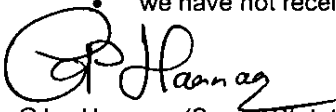

MERGERMARKET LIMITED

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MERGERMARKET LIMITED (CONTINUED)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of Directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

MERGERMARKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2009

1 Accounting Policies

1.1 Basis of Accounting

The financial statements have been prepared on the going concern basis, under the historical cost convention, in accordance with the Companies Act 2006 and with applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently, are set out below.

1.2 Turnover

Turnover represents subscriptions to the information service and income from research reports. The turnover relating to subscriptions is received in advance and the amount recognised in the profit and loss account represents the proportion receivable on a time basis appropriate to the year covered by the accounts. The proportions receivable relating to periods after the balance sheet date are treated as deferred income and included in creditors. The income from research reports is recorded in the same accounting period in which the report is published.

1.3 Tangible Fixed Assets

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Computer and office equipment	33 1/3% straight line
Fixtures & fittings	20 0/100% straight line

1.4 Leases

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.5 Fixed Asset Investments

The Company's investments in subsidiary undertakings are stated at cost less provision required to take account of any permanent diminution in value.

1.6 Deferred Taxation

Provision is made in full for deferred tax that arises from timing differences that have originated but not reversed by the balance sheet date on transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that there will be taxable profits from which the underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets and liabilities are not discounted. No deferred tax is provided in respect of any future remittance of earnings of foreign subsidiaries or associates where no commitment has been made to remit such earnings.

MERGERMARKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

1 Accounting Policies (continued)

1.7 Foreign Currency Translation

Monetary assets and liabilities denominated in foreign currencies are translated into Sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account. Non-monetary assets and liabilities are held at the historical exchange rate and not re-translated at the balance sheet date.

1.8 Pension Costs

The Company, through Pearson plc, operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year in which they are payable.

1.9 Basis of Consolidation

Consolidated financial statements have not been prepared as the Company is itself a wholly-owned subsidiary undertaking of Pearson plc, a company incorporated in Great Britain and registered in England and Wales, which prepares consolidated financial statements.

1.10 Cash Flow Statement

The cash flows of the Company are included in the consolidated cash flow statement of Pearson plc which is publically available. Consequently, the Company has taken advantage of the exemption under the terms of FRS 1 "Cash Flow Statements" from preparing a cash flow statement.

1.11 Share-Based Payments

Options and shares are awarded to the Company's employees under Pearson share and option plans. The fair value of options granted is recognised as an employee expense after taking into account the Company's best estimate of the number of awards expected to vest. Fair value is measured at the date of grant and is spread over the vesting period of the option or share. The fair value of the options granted is measured using an option model that is most appropriate to the award. The fair value of shares awarded is measured using the share price at the date of grant unless another method is more appropriate.

The Company's employees are entitled to shares and options under the following equity-settled employee option and share plans:

Save-for-Shares Plans Under these plans, employees can save a portion of their monthly salary over periods of three, five or seven years. At the end of this period, the employee has the option to purchase ordinary shares with the accumulated funds at a purchase price equivalent to 80% of the market price prevailing at the time of the commencement of the employee's participation in the plan. Options that are not exercised within six months of the third, fifth or seventh anniversary after grant lapse unconditionally.

Long-Term Incentive Plan This plan was introduced in 2007 and consists of restricted shares.

The vesting of restricted shares is normally dependent on continuing service and/or upon the satisfaction of corporate performance targets over a three-year period. These targets may be based on market and/or non-market performance criteria. Restricted shares awarded to senior management in October 2007 vest dependent on relative shareholder return, return on invested capital and a combination of earnings per share growth. The award was split equally across all three measures.

14 Pension Costs

The Company participates in the Pearson Group Pension Scheme, which is a hybrid scheme with both defined benefit contribution sections but, predominantly, consisting of defined benefit liabilities. The Company is unable to identify its share of the underlying assets and liabilities of the Pearson Group Pension Scheme owing to information regarding non-active members, and changes to the group structure including acquisitions and disposals. Accordingly, the Company accounts for its participation in the scheme as defined contribution under the multi-employer rules of FRS 17. The sponsoring entity to this scheme is Pearson Services Limited.

The profit and loss charge for the Company in respect of its participation in the scheme, representing regular contributions paid was £597,937 (2008 £549,464).

The total market value of assets in the Pearson Group Pension Scheme was £1,609m million as at 31 December 2009 (2008 £1,478 million) and the value of liabilities calculated in accordance with FRS 17 was £1,787 million as at 31 December 2009 (2008 £1,420 million). Hence the total FRS 17 deficit for Pearson Group Pension Scheme was £178 million (2008 £58 million surplus). This was determined by an actuarial valuation using the projected unit method.

The Company will be required to make incremental contributions as part of the Group's obligations to fund the scheme and any deficit arising. Normal contributions are expected to remain at similar levels to current year in 2010.

22 Ultimate Parent Company

The Company's immediate parent company is Financial Times Group Limited

The ultimate parent company is Pearson plc, a company incorporated in Great Britain and registered in England and Wales

Pearson plc is the parent undertaking of the smallest and largest group to consolidate these financial statements. Copies of the consolidated financial statements of Pearson plc are available to the public from The Company Secretary, Pearson plc, 80 Strand, London, WC2R 0RL

23 Related Party Transactions

The Company is a wholly owned subsidiary within Pearson plc and utilises the exemption contained in FRS 8 "Related Party Disclosures" not to disclose any transactions with entities that are part of the Pearson plc group. The address at which the Pearson plc consolidated financial statements are publicly available is shown in note 22

MERGERMARKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

24 Share-Based Payments

The Company's employees are entitled to shares and options under the following equity-settled employee option and share plans

Save-for-Shares Plans Under these plans, employees can save a portion of their monthly salary over periods of three, five or seven years. At the end of this period, the employee has the option to purchase ordinary shares with the accumulated funds at a purchase price equivalent to 80% of the market price prevailing at the time of the commencement of the employee's participation in the plan. Options that are not exercised within six months of the third, fifth or seventh anniversary after grant lapse unconditionally.

Long-Term Incentive Plan This plan was introduced in 2007 and consists of restricted shares.

The vesting of restricted shares is normally dependent on continuing service and/or upon the satisfaction of corporate performance targets over a three-year period. These targets may be based on market and/or non-market performance criteria. Restricted shares awarded to senior management in 2007 and 2008 vest dependent on relative shareholder return, return on invested capital and a combination of earnings per share growth. The award was split equally across all three measures.

The movement and weighted average exercise prices of share options granted under these schemes are as follows:

	2009 Number of share options 000s	2009 Weighted average exercise price £	2008 Number of share options 000s	2008 Weighted average exercise price £
Outstanding at beginning of year	33	6.00	29	6.90
Granted during the year	21	5.47	27	5.35
Exercised during the year	-	-	-	-
Forfeited during the year	(11)	5.89	(22)	6.38
Expired during the year	-	-	-	-
Transferred during the year	1	6.86	-	-
Outstanding at end of year	44	5.81	33	6.00
Options exercisable at the end of year	-	-	-	-

The weighted average share price during the year was £7.15 (2008: £6.44). Early exercises are treated as an acceleration of vesting and the Company therefore recognized immediately the amount that otherwise would have been recognized for services received over the remainder of the original vesting period in the profit and loss account.

MERGERMARKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

24 Share-Based Payments (continued)

The options outstanding at the end of the year have a weighted average remaining contractual lives and exercise prices as follows

Range of exercise prices	2009 Number of share options	2009 Weighted average contractual life	2008 Number of share options	2008 Weighted average contractual life
£	000s	Years	000s	Years
0-5	-	-	-	-
5-10	44	2.74	33	2.93
10-15	-	-	-	-
15-20	-	-	-	-
20-25	-	-	-	-
>25	-	-	-	-
	44	2.74	33	2.93

The weighted average estimated fair values and the inputs to the Black-Scholes model are as follows

	2009 Weighted average	2008 Weighted average
Fair value	1.70	1.65
Weighted average share price	7.13	6.96
Weighted average exercise price	5.47	5.35
Expected volatility	27.43%	21.06%
Expected life	4.5	4.0
Risk free rate	2.58%	4.28%
Forfeiture rate	4.0%	3.5%
Expected dividend yield	4.74%	4.54%

The expected volatility is based on the historical volatility of the Company's share price over the previous 3 to 7 years depending on the vesting term of the options

During the year, the following shares were granted under restricted share arrangements

	2009 Number of shares	2009 Weighted average fair value	2008 Number of shares	2008 Weighted average fair value
	000s	£	000s	£
Long-term incentive plan	34	6.23	31	6.23

MERGERMARKET LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2009

24 Share-Based Payments (continued)

Participants of the Long-Term Incentive Plan are entitled to dividends during the vesting period. The fair value of shares granted under the Long-Term Incentive Plan that vest unconditionally was determined using the share price at the date of grant. The number of shares to vest was adjusted based on historical experience to account for any potential forfeitures. Restricted shares with a market performance condition were valued by an independent actuary using a Monte Carlo model. Restricted shares with a non-market performance condition were fair valued based on the share price at the date of grant. Non-market performance conditions were considered by adjusting the number of shares expected to vest based on the most likely outcome of the relevant performance criteria.

25 Contingent Liabilities

Bank guarantees

The Company participates in an arrangement with HSBC Bank plc whereby the accounts of Pearson plc and 34 of its subsidiaries, "the guarantors", are combined, with cleared debit and credit balances being offset for interest calculation purposes. In order to comply with banking regulations, each guarantor to this arrangement has provided a multilateral guarantee in respect of the overdraft obligations (but no other debts due to the bank) of each of the other participants. The net balance under this arrangement at 31 December 2009 was a debit balance of £4,238,177.

The maximum amount of this guarantee is limited to a net overdraft of £50,000,000. At 31 December 2009 this was the Company's potential liability.

As at 31 December 2009 the potential liability arising from these guarantee arrangements amounted to £50,000,000 (2008: £50,000,000) for the parent undertaking and fellow subsidiary undertakings and £nil (2008: £nil) for the subsidiary undertakings of the Company.
