Dear Sirs

#### **AARD-BALM LTD - UNDER A VOLUNTARY ARRANGEMENT**

This is the Joint Supervisors' first annual progress report ("the report") for the year ended 27 March 2014

This report should be read in conjunction with the directors' proposals for the Company Voluntary Arrangement, which were approved by meetings of the creditors and members of the company held on 28 March 2013

Martin John Atkins FCA CTA FABRP and myself, of Harris Lipman LLP, 2 Mountview Court, 310 Friern Barnet Lane, Whetstone, London, N20 0YZ were appointed Joint Superviors of the company by the above meetings

# 1. Progress of the Arrangement during the period of this report Sale of assets

The assets of the company comprising membership of the Iodine Registration Group (IRG), patents for the PVP-lodine product, rights to the IQa product, shares in Aard-Balm USA Inc and office equipment were sold to Safeearth Ltd for a total of £50,000. In accordance with the proposals, this sum was paid to Abaris Holdings Limited and Apostrophe Limited under their fixed charge over the company.

#### Cash at bank

We collected £500 cash at bank being held on behalf of the company by Safeearth following sale of stock by the company to Safeearth prior to the commencement of the Arrangement

#### Contributions into the Voluntary Arrangement

The proposals stated that Safeearth Limited would make contributions as follows

- a 15% of income generated from the IRG during the three years commencing on 1 January 2013,
- b 4% of turnover generated from the sale of PVP-lodine product, and
- c 4% of turnover generated from the sale of IQa product

The contributions are due to be paid following the quarter in which the income was generated by Safeearth

There was no income from the IRG or the sale of PVP-lodine product received by Safeearth during 2013

Safeearth achieved sales of £440 35 of IQa product during 2013 4% of these sales, being £17 61 plus VAT were invoiced by the company and are due into the estate. The sums have not been paid by Safeearth as they are to be deducted from payments to be made by Safeearth on behalf of the company in relation to accountancy fees.

This is compared to £6,117.58 anticipated to be received into the Arrangement from product sales during 2013 in accordance with the cash flow forecast incorporated into the proposals

#### Administrative matters

In addition to the work undertaken referred to above, throughout the period of our administration we have responded to the queries of creditors and shareholders and noted creditor claims. We have assisted shareholders in the transfer of their shareholdings in the company

We have also assisted the company in arranging for its accounts and tax returns to be submitted up to date

Certain of the above tasks were not anticipated at the time of preparation of the proposals. The sole remaining director of the company has spent a large amount of time out of the country and therefore we agreed to assist in these matters. It is important that the company submits statutory returns in order to comply with the proposals

Additionally, we have complied with obligations imposed by statute and our regulatory bodies which include, but are not limited to, the submission of returns to Companies House, HM Revenue and Customs and specific penalty bonding

# 2. Abstract of the Joint Supervisors' receipts and payments

I attach at Appendix 3 an abstract of our receipts and payments for the period of this report

Please note that all items detailed on the receipts and payments account are shown net of VAT as the company was registered for VAT and the VAT can therefore be recovered for the benefit of the Arrangement

I also attach an abstract of the trading account for your attention, which records the sales of £17 61 as described above

#### 3. Joint Supervisors' remuneration

In accordance with the proposals, fees of £8,000 have been charged by us for assisting in the preparation of the proposals and acting as Joint Nominees Of this, £2,500 was paid by the company prior to our appointment. The remaining £5,500 remains outstanding and will be paid once there are sufficient funds available in the Arrangement, in accordance with the terms of the proposals

Our remuneration as Joint Supervisors was fixed by the proposals on the basis of time properly incurred in the administration of the arrangement at the Joint Supervisors' standard charge-out rates applicable at the time

For creditor's information, the charge out value of time costs incurred during the period to which this report relates amounts to £13,019 50 made up of 49 27 hours at an average charge out rate of £264 25 per hour

This cost has primarily been incurred in the administration of the Arrangement as explained above. It is higher than expected due to work being carried out which was not originally envisaged and which would ordinarily be carried out by the company.

I attach at Appendix 1 a breakdown of the time costs between the grades of staff allocated to the this case, which includes details of the current charge out rates of ourselves and our team who have been and will be dealing with the Company Voluntary Arrangement

No Joint Supervisors' fees have been drawn from the funds held in the Arrangement during the period under review, due to a lack of funds available

A copy of "A Creditors' Guide to Supervisors' Fees", issued by the Association of Business Recovery Professionals, which sets out the basis of fixing the Liquidator's Remuneration, is available on our website at

http://www.harris-lipman.co.uk/resources/r3-insolvency-guides/

You should then choose the appropriate creditor guide for the type of appointment after 6 April 2010

Please let me know if you do not have access to the internet and would prefer a hard-copy of this guide

#### 4. Joint Supervisors' expenses

The only expenses paid from the Arrangement are the accountancy fees for bringing the company's accounts and tax returns up to date

There have also been expenses incurred of £150 relating to the specific penalty bond for the case, which is a statutory requirement. Due to the minimal funds available, this has not yet been recharged to the Arrangement, but will be in due course.

A statement with regard to our disbursements recovery policy is attached at Appendix 2

#### 5. Outcome for creditors

Claims of £461,989 96 have been received from unsecured creditors to date, of which £2,881 06 is preferential, the remainder being non-preferential However, employee claims over and above those paid by the Redundancy Payments Service have not yet been calculated, so these figures are subject to change

There are currently insufficient funds in hand to declare a dividend to any class of creditor

It is hoped that significant income will be generated from the IRG and product sales in the next year, enabling greater contributions to be made into the Arrangement and achieving the proposed distribution to creditors. However, it is currently uncertain as to whether this can be achieved.

#### 6. Next report

We are required to provide a further progress report within two months of the end of the next anniversary of the Arrangement

Should you have any further queries in relation to the contents of this report, or with regard to other matters arising, please do not hesitate to contact us

Yours faithfully
