Report of the directors

The directors present their report and the financial statements of the group for the year ended 31 December 2009

Principal activities and business review

During the year under review the Company continued to consolidate its position as a leading supplier of construction software and online services

The Directors are pleased to report the continued growth of the business in the year to 31st December 2009 with consolidated turnover for the Company of £16.4 million (2008 £14.9 million), an increase of 10% over the previous year. This increase resulted from a steady growth in sales in the UK and the Middle East holding its own in difficult market conditions.

In April 2009, the Company acquired Vixen Software Solutions Ltd ("Vixen"), a leading provider of software and mobile solutions to building services contractors, maintenance providers and field service teams. Vixen have been successfully developing, implementing and supporting integrated software solutions for over thirty years and is used by over two hundred and fifty customers in the UK.

In May 2009, the Company acquired the trade and assets of Globallive Ltd, which has now been rebranded as Causeway Telematics, further enhancing the depth and range of its software portfolio to provide mobile tracking technology to property maintenance, utilities and fleet management sectors.

Vixen and Causeway Telematics have been fully integrated into the Company. As part of this process, the Directors have rationalised operations to eliminate duplication and to centralise common business processes across the Company to provide top quality customer support and product delivery, providing significant cross-selling opportunities.

The directors will continue to review other potential acquisitions that can further strengthen the group's position as the leading supplier of software solutions to the construction market place. The Company's client list continues to grow with some 1,500 customers. The business is supported by our highly knowledgeable and dedicated staff operating from our offices in the UK and through our overseas offices in Dublin (Ireland), Dubai Internet City (United Arab Emirates) and at our R&D facility in Bangalore (India).

Consolidated total assets have grown to £21.0 million as at 31st December 2009 (2008 £17.3 million) and the Company continues to enjoy strong liquidity with cash reserves of £2.1 million at the end of a year when substantial cash sums were used to fund acquisitions. Shareholders' funds at 31st December 2009 were £5.1 million (2008 £5.2 million) maintaining the underlying financial strength of the business.

Results and dividends

Earnings before Interest Taxation, Depreciation, Amortisation ("Ebitda") and Exceptional Items (restructuring costs) was £1.03 million in 2009 (2008 £3.27 million). The reduction in Ebitda was largely a result of an increase in Cost of Sales from the Company's Irish parent, from whom the Company licences software for resale. Notwithstanding the current economic climate and increased cost of sales, with 1,500 customer relationships and long-term recurring maintenance revenues the company is in an excellent position to sustain profitable operations in 2010 and beyond.

The Directors have not recommended payment of a Dividend.

Financial risk management objectives and policies

There are no matters concerning financial risk which are material for the assessment of the assets, liabilities, financial position and profit or loss of the company

Directors

The directors who served the company during the year were as follows

P J Brown
P D Nagle

Directors' responsibilities

The directors are responsible for preparing the Report of the directors and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that year. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group's and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

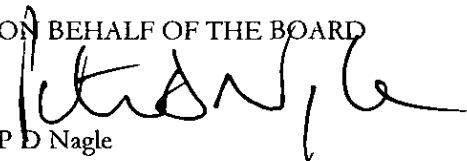

In so far as the directors are aware

- there is no relevant audit information of which the group's auditor is unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditor

Grant Thornton UK LLP, having expressed their willingness to continue in office, will be deemed reappointed for the next financial year in accordance with section 487(2) of the Companies Act 2006 unless the company receives notice under section 488(1) of the Companies Act 2006.

ON BEHALF OF THE BOARD

P D Nagle
Director

Report of the independent auditor to the member of Causeway Technologies Limited

We have audited the group and parent company financial statements ("the financial statements") of Causeway Technologies Limited for the year ended 31 December 2009 which comprise the principal accounting policies, the group profit and loss account, the group balance sheet, the company balance sheet, the group cash flow statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's member, as a body, in accordance with Part 3 of Chapter 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's member as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www.frc.org.uk/apb/scope/UKNP.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the group's and parent company's affairs as at 31 December 2009 and of the group's loss for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

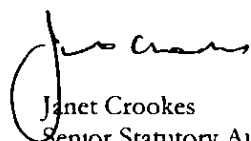

In our opinion the information given in the Report of the directors for the financial year for which the financial statements are prepared is consistent with the financial statements.

Report of the independent auditor to the member of Causeway Technologies Limited (continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Principal accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with applicable UK accounting standards, and have remained unchanged from the previous year

Going concern

At the year end the group's current liabilities exceeded its current assets. The directors have prepared the financial statements on the going concern basis as they believe that the group and the parent company can continue to meet their liabilities as and when they fall due. The directors have prepared forecasts for a period of at least 12 months from the date of approval of these financial statements which indicate that the group is able to operate within its funding facilities.

The group also received confirmation from its bankers, following the year end, of a new financing package which will allow the business to meet its debts as and when they fall due for payment.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the company and all group undertakings. These are adjusted, where appropriate, to conform to group accounting policies. Acquisitions are accounted for under the acquisition method and goodwill on consolidation is capitalised and written off over twenty years from the year of acquisition. The results of companies acquired or disposed of are included in the profit and loss account after, or up to, the date that control passes.

Turnover

Turnover on maintenance and other professional service contracts is invoiced in advance and released to the profit and loss account on a straight line basis over the course of the contract in line with the contract terms.

Goodwill

Positive purchased goodwill arising on acquisitions, representing the excess of the fair value of the consideration given over the fair value of the identifiable net assets acquired, is capitalised and amortised on a straight line basis over its useful economic life as follows:

Purchased goodwill - 5 - 20 years

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Software licences and trademarks - 3 - 5 years

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

| | |
|-------------------------|------------|
| Building refurbishments | - 10 years |
| Fixtures & fittings | - 5 years |
| Computer equipment | - 3 years |
| Motor vehicles | - 3 years |

Research and development

Expenditure on research and development is written off to the profit and loss account as incurred

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions

- Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold
- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

On 13 April 2009 the trade and assets of Vixen Software Solutions Limited were hived up to Causeway Technologies Limited through the inter-company account. The consideration was at book value. Vixen Software Solutions Limited declared a dividend of £48,557 to the company following the hive-up, which resulted in an impairment of the same value to the company's investment. The remaining difference between the net assets of the subsidiary undertaking and the fair value of the trade and assets hive-up has been transferred to purchased goodwill.

Report of the directors

The directors present their report and the financial statements of the Group for the year ended 31 December 2009

Principal activities and business review

During the year under review the group continued to consolidate its position as a leading supplier of construction software

The Directors are pleased to report the continued growth of the business in the year to December 2009 with consolidated turnover for the Group of £18.9 million, an increase of 15% over the previous year

Consolidated total gross assets have grown to £23.4 million as at December 2009, and the Group enjoys strong financial liquidity with cash reserves of £2.3 million at the end of the year. Shareholders' Funds have grown from £4.11 million at December 2008 to £5.87 million at December 2009, representing further growth in the underlying financial strength of the business

In April 2009, the Company acquired Vixen Software Solutions Ltd (Vixen), a leading provider of software and mobile solutions to building services contractors, maintenance providers and field service teams. Vixen have been successfully developing, implementing and supporting integrated software solutions for over thirty years and is used by over two hundred and fifty customers in the UK.

In May 2009, the Company acquired the trade and assets of Globalive Ltd, which has now been rebranded as Causeway Telmatics, further enhancing the depth and range of its software portfolio to provide mobile tracking technology to property maintenance, utilities and fleet management sectors.

Vixen and Causeway Telmatics have been fully integrated into the group. As part of this process, the Directors have rationalized operations to eliminate duplication and to centralise common business processes across the group to provide top quality customer support and product delivery, providing significant cross-selling opportunities.

The Directors will consider other acquisitions to strengthen the company's leading position in the construction sector as well as pursuing international expansion through its Middle East and Indian operations.

The Group's client list continues to grow and the business is supported by our highly skilled and dedicated staff operating from our offices in Dublin and the UK at Bourne End (Buckinghamshire), Maidstone (Kent), Matlock (Derbyshire), Watford (Hertfordshire), Alton (Hampshire) and at our R&D facilities in Ireland, the UK and India.

Results and dividends

Group Earnings Before Interest Taxation, Depreciation and Amortisation (EBITDA) is £3.1 million before restructuring costs. The Group consolidated profit before tax for the year was £1.3 million and £1.0 million after tax. The group is forecasting steady growth in both sales and profits in 2010.

The directors have not recommended a dividend.

Financial risk management objectives and policies

There are no matters concerning financial risk which are material for the assessment of the assets, liabilities, financial position and profit or loss of the group.

Directors' responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Accounting Standards Board and published by The Institute of Chartered Accountants in Ireland

Irish company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the group and of the profit or loss of the group for that year. In preparing these financial statements, the directors are required to

select suitable accounting policies and then apply them consistently,

make judgements and estimates that are reasonable and prudent, and

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business

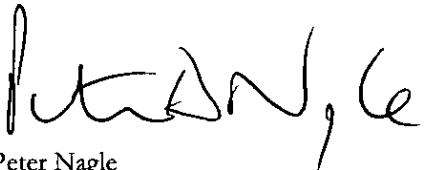

The directors confirm that they have complied with the above requirements in preparing the financial statements

The directors are responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the group and enable themselves to ensure that the financial statements are prepared in accordance with accounting standards generally accepted in Ireland and comply with the Companies Acts, 1963 to 2009 and the European Communities (Companies Group Accounts) Regulations, 1992. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Directors' responsibilities – continued

In so far as the directors are aware

- there is no relevant audit information of which the company's auditor is unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information

Report of the independent auditor to the member of Causeway Software Solutions Limited

We have audited the group and parent company financial statements ("the financial statements") of Causeway Software Solutions Limited for the year ended 31 December 2009 which comprise group profit and loss account, group balance sheet and company balance sheet, group cash flow statement and notes 1 to 25. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 193 of the Companies Act, 1990. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As described in the Statement of Directors' Responsibilities on pages 5 - 6, the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Accounting Standards Board and published by the Institute of Chartered Accountants in Ireland.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, in accordance with Generally Accepted Accounting Practice in Ireland, and are properly prepared in accordance with the Companies Acts, 1963 to 2009, and the European Communities (Companies Group Accounts) Regulations, 1992. We also report to you whether in our opinion proper books of account have been kept by the company, whether, at the balance sheet date, there exists a financial situation requiring the convening of an extraordinary general meeting of the company, and whether the information given in the directors' report is consistent with the financial statements. In addition, we state whether we have obtained all the information and explanations necessary for the purposes of our audit and whether the financial statements are in agreement with the books of account.

We also report to you if, in our opinion, any information specified by law regarding directors' remuneration and directors' transactions is not disclosed and, where practicable, include such information in our report.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatement within it.

Report of the independent auditor to the member of Causeway Software Solutions Limited

Basis of opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements

give a true and fair view, in accordance with Generally Accepted Accounting Practice in Ireland, of the state of the group's and company's affairs as at 31st December 2009 and of the group's profit for the year then ended, and

have been properly prepared in accordance with the requirements of the Companies Acts, 1963 to 2009, and the European Communities (Companies Group Accounts) Regulations, 1992.

We have obtained all the information and explanations we consider necessary for the purposes of our audit. In our opinion, proper books of account have been kept by the company. The financial statements are in agreement with the books of account.

In our opinion the information given in the Directors' Report on pages 4 to 6 is consistent with the financial statements.

The net assets of the company, as stated in the company's Balance Sheet on page 13, are more than half of the amount of its called up share capital and, in our opinion, on that basis there did not exist at 31st December 2009 a financial situation which, under Section 40(1) of the Companies (Amendment) Act, 1983, would require the convening of an extraordinary general meeting of the company.

Principal accounting policies

Basis of accounting

The financial statements are prepared in accordance with generally accepted accounting principles under the historical cost convention and comply with financial reporting standards of the Accounting Standards Board, as promulgated by the Institute of Chartered Accountants in Ireland, and Irish statute comprising the Companies Acts, 1963 to 2009, and the European Communities (Companies Group Accounts) Regulations, 1992

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the company and all group undertakings. These are adjusted, where appropriate, to conform to group accounting policies. Acquisitions are accounted for under the acquisition method and goodwill on consolidation is capitalised and written off over twenty years from the year of acquisition. The results of companies acquired or disposed of are included in the profit and loss account after or up to the date that control passes respectively.

Turnover

Turnover on maintenance and other professional service contracts is invoiced in advance and released to the profit and loss account on a straight line basis over the course of the contract in line with the contract terms.

Goodwill

Positive purchased goodwill arising on acquisitions, representing the excess of the fair value of the consideration given over the fair value of the identifiable net assets acquired, is capitalised and amortised on a straight line basis over its useful economic life as follows:

Purchased goodwill - 5 - 20 years

Amortisation

Amortisation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Software licences and trademarks - 3 - 5 years

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

| | | |
|-------------------------|---|----------|
| Building refurbishments | - | 10 years |
| Fixtures & fittings | - | 5 years |
| Computer equipment | - | 3 years |

Principal accounting policies *(continued)*

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

Foreign currencies

Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Reporting currency

The reporting currency of the group is pound sterling.

Revenue recognition

Turnover on maintenance and other professional service contracts is invoiced in advance and released to the profit and loss account on a straight line basis over the course of the contract in line with the contract terms.
