Directors' report

The directors present their directors' report and financial statements for the 52 week year ended 30 December 2012

Principal activity and business review

The principal activity of the company is that of an investment holding company

The profit and loss account is set out on page 7

The directors consider that the financial position at 30 December 2012 was satisfactory and they expect this to be maintained for the foreseeable future

Going concern

As disclosed in the Post Balance Sheets Event note 15, QHotels Group Limited the ultimate parent company was placed into administration on 16 January 2013, all other subsidiary companies were unaffected. It has been replaced by a new intermediate parent company, QHotels Holdings Limited, which acquired the entire issued share capital of each of the subsidiaries of QHotels Group Limited. QHotels Holdings Limited is party to the group's bank facility agreement with Irish Bank Resolution Corporation and will act as the parent to the remaining companies in the group. Future consolidated accounts of the group from 16 January 2013 will be prepared for QHotels Holdings Limited.

The company participates in the group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiary undertakings. The directors, having assessed the responses of the directors of the company's parent, QHotels Holdings Limited, to their enquiries have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of QHotels Holdings Limited and its subsidiary undertakings to continue as a going concern or its ability to continue with the current banking facilities which were agreed on 16 January 2013.

On the basis of their assessment of the company's financial position and of the enquiries made of the directors of QHotels Holdings Limited, the company's directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future. Accordingly they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Investments

Investments acquired before 1 April 1999 are stated at net asset value as at 31 March 1999, unless the current net asset value is less than this value in which case the current net asset value is used. Investments acquired since 31 March 1999 are stated at cost.

The carrying value of fixed asset investments is reviewed for impairment if events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an investment exceeds its recoverable amount. Impairment losses are recognised in the profit and loss account unless it arises on a previously revalued fixed asset investment. An impairment loss on a revalued fixed asset investment is recognised in the statement of total recognised gains and losses until the carrying amount reaches the asset's depreciated historic cost.

The charge for taxation is based on the profit or loss for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.
