### STRUCTURE, GOVERNANCE AND MANAGEMENT

### Governing document

The National Biodiversity Network Trust is a charitable company limited by guarantee, incorporated on 3rd April 2000 and registered as a charity on 25th August 2000.

The company was set up under a Memorandum of Association, which established the objectives and powers of the charitable company and is governed under its Articles of Association.

The Board of Trustees is currently made up of up to fourteen people nominated from member organisation. They meet three times a year and their AGM is in July.

The terms of reference for the Board are laid out in the Rules and Standing Orders.

### TRUSTEES' ANNUAL REPORT (continued)

### YEAR ENDED 31 MARCH 2016

### Recruitment and appointment of Trustees

For the first five years of its existence, the Board of the Trust was filled by nominees from the full or founder members to ensure that they each had a strong voice in setting the overall direction of the NBN's evolution. Any member (i.e. in addition Associate members) may now nominate a candidate for election to the Board.

Under the articles, one third of the members of the Board of Trustees must retire at the AGM and may be re-appointed. No Trustee may serve more than ten years in office in total without the approval of the members given by ordinary resolution.

The Trustees may at any time co-opt any personnel duly qualified to be appointed as a Trustee to fill a vacancy in their number or as an additional Trustee, but a co-opted Trustee holds office only until the next general meeting. To date any vacant posts have so far been filled from within the Charity's membership.

### Organisational structure

The organisational structure of the NBN Trust is as follows;

- 1. NBN Membership
- 2. Board of Trustees chair Michael Hassell
- 3.1 NBN Secretariat chair CEO (John Sawyer April to November, Rachel Stroud November to March)
- 3.2 Finance and Management Committee chair Andrew Wood
- 3.3 Technical Advisory Group chair JNCC (Joint Nature Conservation Committee)

### Arrangements for setting pay and remuneration of key management personnel

All Trustees give their time either freely or as part of an in kind contribution from their employer and no director has received remuneration in the year. Details of all Trustee expenses are detailed within the financial accounts.

The pay of the NBN Trust staff is reviewed annually as part of the performance review and are normally increased in line with annual inflation and average earnings.

### TRUSTEES' ANNUAL REPORT (continued)

### YEAR ENDED 31 MARCH 2016

### Trustee induction and training

All Trustees are asked to detail their current competencies using the Board competencies spreadsheet which identifies the skills needed to run the board effectively. This will then identify if there are any gaps. Using these competencies helps the Board select the best candidates for sitting on other management committees such as the Finance and Management Committee and the Strategy Implementation Group.

Any Trustees who feel they require training or where there are gaps in the required competencies will be invited to attend necessary training either through their employer or provided by the Trust.

The Board may co-opt members to meet particular gaps in representation or competencies. These co-opted members may be put up for election to the Boards by the membership at the next suitable AGM if space permits.

### Relationships with related parties and any other charities and organisations

The trust is part of a network of organisations. The Trust received donated services and facilities from the network, mainly in the form of staff, contributing to Trust objectives. The member organisations provided services costed by themselves, using criteria provided by Trustees.

Members of the network pay subscriptions to the Trust.

### Risk management

The Finance and Management Committee (FMC) has reviewed the major risks to the charity, and has systems designed to manage them. The main internal financial risks are minimised through procedures for delegation and appropriate authorisation of all transactions and projects and by ensuring consistent quality for all the charity's operations. The FMC reviews the risks at every meeting.

### Day to day running of the Charity

The Trustees delegated day to day running of the charity to:

CEO - John Sawyer - April 2015 to November 2015 Interim CEO - Rachel Stroud - November 2015 to March 2016 Business Administrator - Giselle Sterry - April 2015 to January 2016 Finance and Business Officer - Sarah Hyslop - January 2016 to March 2016

### **OBJECTIVES AND ACTIVITIES**

### Purpose of the charity

The purposes of the Charity are to advance, formally and informally, public participation in and public understanding and enjoyment of the conservation of biological resources, together with their sustainable and wise use by providing public access to biological records, data or information pertaining to the UK, the Channel Islands and the Isle of Man.

### TRUSTEES' ANNUAL REPORT (continued)

### YEAR ENDED 31 MARCH 2016

### Aims of the charity

The National Biodiversity Network is a membership organisation built on principles of collaboration and sharing.

Our vision is that; Biological data collected and shared openly by the Network are central to the UK's learning and understanding of its biodiversity and are critical to all decision making about nature and the environment.

In line with our current five year strategy which runs from 2015-2020 we have the following five strategic aims;

- 1. Record, collect, diversify, enhance and mobilise biological data.
- 2. Make biological data and information available to everyone.
- 3. Captivate and engage people about wildlife
- 4. Provide the best biological information management infrastructure
- 5. Support the development of the NBN, its Board and its members.

By achieving the above aims we will grow our capacity and capability to record and collect high quality biological data. We will continue to collaborate to embed our collective data and knowledge creation at the heart of biodiversity learning and environmental decision making. We will promote the natural world, the enjoyment and importance of observing nature and biological recording and the utility and power of our shared data. We will ensure stability, security and usability for an increasing mature data management infrastructure. We will support and grow our Network as an indispensable partnership for nature and in the successful implementation of this strategy.

### Strategies for achieving aims and objectives

The NBN Action Plan 2016-2020 which runs alongside the five year strategy, sets out the commitment NBN Trust members and data partners will make to deliver the NBN Strategy. This plan describes ninety five actions that the NBN secretariat and Network members have proposed are necessary to achieve the Networks vision, aims and objectives. Eight working groups have been created and will oversee delivery of objectives and actions either for an entire Strategic Aim or for groups of actions. The NBN Secretariat will coordinate regular meetings of these groups to bring together teams of people that have identified themselves as keen to play an active role. These groups will be led by Network members and fed back to the Board by a Trustee representative.

### Criteria the Trust uses to measure success

The National Biodiversity Network produces a business plan for each financial year, which sets out the key activities for each strategic aim as detailed in the action plan. Key performance indicators, milestones and time frames for each activity are also set out in the business plan.

We do rely on our Trustee volunteers (relates to Andrew Wood and Chairman Michael Hassell who are not employed by an agency and therefore not paid).

The Network also relies heavily on the volunteer recorders who collect and share their data and thanks is given to them for their time and contribution towards the Network.

The trustees would like to thank the volunteers for their work during the year.

### Public benefit

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

### ACHIEVEMENTS AND PERFORMANCE

Please refer to the Significant activate undertaken section above for details of the Trusts main achievements.

### FINANCIAL REVIEW

The Trust has delivered a balanced budget, broadly on target, through use of reserves to supplement core income. This mirrors the situation in recent years. We anticipate a similar outcome for 2016-2017 but have asked executives to find ways to minimise the drain on reserves in future years.

The Atlas of Living Scotland and Wales development was an area that we hadn't budgeted for at the start of the year. This was, however, cost neutral with only a slight loss which the Trust covered through their project management of the project. Budgets were revised during the year to account for this income and expenditure. The Atlas platform for Scotland is well underway and was launched at an event on 27 May 2016.

### TRUSTEES' ANNUAL REPORT (continued)

### YEAR ENDED 31 MARCH 2016

### Trust reserves

The unrestricted funds not committed or invested in tangible fixed assets ('the free reserve') held by the charity will be the equivalent of three months running costs which at March 2016 is £56,000 plus staff redundancy costs. At this level, the management committee feels that they would be able to continue the current activities of the charity in the event of a significant drop in funding or loss of inkind contribution for three months.

### PLANS FOR FUTURE PERIODS

The current strategy runs from 2015-2020 and action plan runs from 2016-2020. The actions within this plan have been identified using a scoring criteria and split into mission critical, high, moderate and low.

A business plan for the coming financial year, including key activities within each wider strategic aim with associated Key Performance Indicators, milestones and deadlines, has been prepared.

Examples of some of the work planned include;

- 1)To continue to develop the consultants portal.
- 2)Continue to implement a plan to digitise biodiversity data using crowd sourcing.
- 3) Target of geographic and taxonomic gaps in NBN data holdings.
- 4)To create the support for verification network across the UK.
- 5)To support NBN data providers to increase the openness and availability of their data holdings.
- 6)Improve data flows between UK and GBIF.

### 1. ACCOUNTING POLICIES

### Basis of accounting

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets and investments measured at market value. The financial statements have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015), and the requirements of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015) (SORP 2015).

The following specific policies are applied to particular categories of income:

Donations and legacy income is received by way of donations, grants and gifts and is included in full in the statement of financial activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Income from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

### **Expenditure**

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

### 22. PRIOR YEAR ADJUSTMENTS

During the audit of the accounts two errors came to light in the prior year accounts:

- 1) Support costs had been allocated to costs of generating funds. These have now been reanalysed as support costs.
- 2) Within donated services were items which did not meet the criteria as a donated service. These items have been removed from the accounts.

Neither of the adjustments effect the reserves of the company brought forward.
