DIRECTORS' REPORT (continued)

Statement of Directors' responsibilities in respect of the Annual Report and the financial statements

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing those financial statements, the Directors are required to:

- · Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will
 continue in business, in which case there should be supporting assumptions or qualifications as necessary.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors and disclosure of information to auditors

In the case of each of the persons who are Directors at the time when the report is approved, the following applies:

- a) so far as the Director is aware, there is no relevant audit information of which the Company's auditors are unaware; and
- b) he has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Moore Stephens resigned on 2 April 2008 following the sale of the Company. PricewaterhouseCoopers LLP ("PwC") were appointed as auditors by the new Directors on 2 April 2008. NOTES --

1 Accounting Policies

(a) Basis of accounting

These financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 1985 and applicable accounting standards.

Accounting polices applied are consistent with the prior period.

(b) Cash flow statement and related party disclosures

The Company is a wholly-owned subsidiary of Marston's PLC and is included in the consolidated financial statements of that company, which are publicly available. Consequently, Refresh UK PLC has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (revised). The Company is also exempt under the terms of FRS 8 from disclosing related party transactions with entities that are part of the Marston's PLC Group, from the acquisition date of 2 April 2008. There were no such transactions prior to that date.

(c) Turnover

Turnover comprises the value of goods and services supplied to customers. Turnover is recorded net of discounts and VAT.

(d) Goodwill and other intangible assets

Goodwill is the difference between the amount paid on the acquisition of a business and the aggregate fair value of its net assets.

Other intangible assets are carried at cost less accumulated amortisation and any impairment losses

Goodwill and other intangible fixed assets are not being amortised but, in accordance with FRS 10, the Directors undertake an impairment review each financial period to identify any impairment to carrying value.

Intangible assets were previously being written off over 5 years on a straight-line basis.

(e) Tangible fixed assets

Land and buildings represent lease premiums paid. These are stated at cost and depreciated over the lower of the lease period and 50 years. Plant, machinery, fixtures and fittings are stated at cost and depreciated on a straight-line basis to residual value over periods ranging from five to 15 years, being their anticipated useful lives.

(f) Fixed asset disposals

Profit/loss on fixed asset disposals is net sale proceeds less carrying value of the assets.

(g) Stocks

Stocks are stated at the lower of cost and net realisable value. Cost includes direct materials and a proportion of attributable overheads.

(h) Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed by the balance sheet date which give rise to an obligation to pay more or less tax in the future. Timing differences are differences between the Company's taxable profits and profits as stated in the accounts. Deferred tax assets and liabilities are not discounted and assets are only recognised where recoverability is probable.

(i) Leases

Rental costs under operating leases are charged to the profit and loss account over the term of the lease.

NOTES

1 Accounting policies (continued)

(j) Pensions

The Company operated a money purchase (defined contribution) pension scheme. Contributions payable to this scheme are charged to the profit and loss account in the period to which they relate. These contributions are invested separately from the Company's assets.

(k) Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.
