The financial statements have been prepared under the historical costs convention as modified by the revaluation of certain assets.

Revenue recognition

Property, plant and equipment

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and machinery	25% Reducing balance
Motor vehicles	25% Reducing balance

Inventories

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

Hire purchase and leasing commitments

Rentals payable under operating leases are charged against income on a straight line basis over the lease term. The finance element of the rental payment is charged to the profit and loss account on a method giving a constant rate of return on the balance outstanding.
