Eachairn Aerospace Holdings Ltd

Strategic Report for the Year Ended 31 December 2021

The Directors present their Strategic Report for the year ended 31 December 2021.

Principal activity

The Company's principal activity is to act as an intermediate holding company. The Directors do not expect any changes in activity in the foreseeable future.

Fair review of the business

The operating profit for the year ended 31 December 2021 was £6,062,000 (year ended 31 December 2020: nil). The retained profit for the year ended 31 December 2021 was £7,257,000 (year ended 31 December 2020: profit of £12,363,000).

Financial risk management

The Company's activities expose it to a number of financial risks including credit risk, liquidity risk and interest rate risk.

Principal risks

Credit risk: The Company's principal financial assets are other receivables (including amounts due from other Group undertakings).

The Company's credit risk is primarily attributable to its receivables from other Group undertakings. The amounts presented in the Balance Sheet are net of allowances for expected credit losses. An allowance for impairment is made where there is an expected loss event which, based on previous experience, is evidence of a reduction in the recoverability of the balance. The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies. The Company has no significant concentration of credit risk, with exposure spread over a large number of counterparties.

Liquidity risk: To maintain liquidity and ensure that sufficient funds are available for ongoing operations and future developments, the Company ensures regular communication with other Group companies.

Interest rate risk: The Company's interest-bearing assets and liabilities are based on LIBOR. This exposes the Company to interest rate risk of changes to LIBOR.

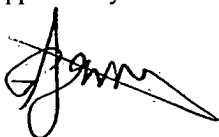

There are no other principal risks and uncertainties.

Going concern

The financial statements have been prepared on a going concern basis. The Company's forecasts show that it expects to be able to continue to operate for the next 12 months from the date of the approval of these financial statements. The Company is a subsidiary of Melrose Industries PLC, a global manufacturing and engineering group. The 2021 Annual Report of Melrose Industries PLC disclosed that the Group had significant headroom on its multi-currency committed revolving credit facility of £3 billion, when applying the exchange rates at 31 December 2021. Headroom is largely unchanged through to the date of these accounts and there remains sufficient headroom throughout the going concern forecast period.

The Company does rely on continued support from fellow subsidiaries within the Melrose Group, in the context of recovery of intercompany receivables.

Approved by the Board on 31 May 2022 and signed on its behalf by:

G E Barnes
Director

Eachairn Aerospace Holdings Ltd

Directors' Report for the Year Ended 31 December 2021

The Directors present their report and the financial statements for the year ended 31 December 2021. An indication of likely future developments in the business of the Company is included in the Strategic Report. Information on financial risk management and going concern are also included in the Strategic Report.

Directors of the Company

The Directors who held office during the year and up to the date of signing the financial statements were as follows:

G E Barnes

J C F Crawford

No Director had a beneficial interest in the share capital of the Company or any of its subsidiaries, except for the fact that each Director held shares and/or options over shares in Melrose Industries PLC, the ultimate parent company and controlling party, and therefore had an indirect beneficial interest in the Company.

Dividends

The Directors do not recommend the payment of a final dividend in respect of the financial year ended 31 December 2021 (year ended 31 December 2020: £nil). There was no interim dividend payment for the year ended 31 December 2021 (year ended 31 December 2020: £nil).

Directors' liabilities

The ultimate parent undertaking has indemnified one or more Directors of the Company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision was in force throughout the year and at the date of this report.

Disclosure of information to the auditor

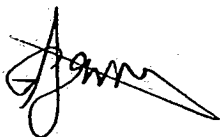

Each Director has taken steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information. The Directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Auditor

Deloitte LLP is deemed to be reappointed as the Company's auditor under section 487(2) of the Companies Act 2006.

Approved by the Board on 31 May 2022 and signed on its behalf by:

G E Barnes
Director

Eachairn Aerospace Holdings Ltd

Directors' Responsibilities Statement

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 "Reduced Disclosure Framework". Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Eachairn Aerospace Holdings Ltd

Independent Auditor's Report to the members of Eachairn Aerospace Holdings Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Eachairn Aerospace Holdings Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the Income Statement;
- the Balance Sheet;
- the Statement of Changes in Equity;
- the related notes 1 to 15.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Eachairn Aerospace Holdings Ltd

Independent Auditor's Report to the members of Eachairn Aerospace Holdings Limited (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

We considered the nature of the company's industry and its control environment, and reviewed the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of irregularities.

We obtained an understanding of the legal and regulatory framework that the company operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included UK Companies Act and tax legislation; and
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty.

We discussed among the audit engagement team regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

Eachairn Aerospace Holdings Ltd

Independent Auditor's Report to the members of Eachairn Aerospace Holdings (continued)

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance.

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the Strategic report or directors' report.

Matters on which we are required to report by exception

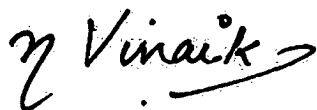

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Eachairn Aerospace Holdings Ltd

Notes to the Financial Statements for the Year Ended 31 December 2021

1 General information

The Company is a private company limited by share capital incorporated in the United Kingdom under the Companies Act 2006 and is registered in England and Wales. The nature of the Company's operations and its principal activity are set out in the Strategic Report.

The address of its registered office is:

11th Floor
The Colmore Building
20 Colmore Circus Queensway
Birmingham
B4 6AT

These financial statements were authorised for issue by the Board on 31 May 2022.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied, unless otherwise stated.

Basis of preparation

The Company meets the definition of a qualifying entity under FRS 100 'Application of Financial Reporting Requirements' issued by the FRC. Accordingly, these financial statements were prepared in accordance with FRS 101 'Reduced Disclosure Framework'.

The financial statements have been prepared on the historical cost basis, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

Items included in the financial statements are measured using the currency of primary economic environment of operation, determined having regard to the currency which mainly influences sales and input costs. The financial statements are presented in "Pounds Sterling" (£), which is also the Company's functional currency.

Summary of disclosure exemptions

As permitted by FRS 101 and where relevant, the Company has taken advantage of the disclosure exemptions available under that standard in relation to financial instruments, capital management, presentation of comparative information in respect of certain assets, presentation of a cash flow statement, standards not yet effective, impairment of assets and related party transactions. Where required, equivalent disclosures are given in the group accounts of Melrose Industries PLC, which are available to the public and can be obtained from 11th Floor, The Colmore Building, 20 Colmore Circus Queensway, Birmingham, West Midlands, B4 6AT.

Going concern

The financial statements have been prepared on a going concern basis. The Company's forecasts show that it expects to be able to continue to operate for the next 12 months from the date of the approval of these financial statements. The Company is a subsidiary of Melrose Industries PLC, a global manufacturing and engineering group. The 2021 Annual Report of Melrose Industries PLC disclosed that the Group had significant headroom on its multi-currency committed revolving credit facility of £3 billion, when applying the exchange rates at 31 December 2021. Headroom is largely unchanged through to the date of these accounts and there remains sufficient headroom throughout the going concern forecast period.

The Company does rely on continued support from fellow subsidiaries within the Melrose Group, in the context of recovery of intercompany receivables.

Exemption from preparing group accounts

These financial statements are separate financial statements. The Company is exempt from the preparation of consolidated financial statements, because it is included in the group accounts of Melrose Industries PLC.

Notes to the Financial Statements for the Year Ended 31 December 2021

2 Accounting policies (continued)

Finance income policy

Finance income: Interest income is recognised when it is probable that economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Tax

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

The Company's liability for current tax is calculated using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Financial assets and liabilities

Classification

All financial assets are classified as either those which are measured at fair value, through profit or loss, or Other Comprehensive Income, and those measured at amortised cost.

Financial assets recognition and measurement

All financial assets are recognised and derecognised on a trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through the income statement.

Eachairn Aerospace Holdings Ltd

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at fair value through the income statement.

Loans and receivables

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Derecognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Impairment of financial assets

Financial assets, other than those at fair value through the income statement, are assessed for indicators of impairment at each balance sheet date. For trade and other receivables the simplified approach permitted under IFRS 9 is applied. The simplified approach requires that at the point of initial recognition the expected credit loss across the life of the receivable must be recognised. As these balances do not contain a significant financing element, the simplified approach relating to expected lifetime losses is applicable under IFRS 9. Cash and cash equivalents are also subject to impairment requirements.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Financial liabilities and equity

Classification

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement.

Recognition and measurement

Financial liabilities are classified as either financial liabilities 'at fair value through the income statement' or 'other financial liabilities'.

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Eachairn Aerospace Holdings Ltd

Investments

Investments in subsidiaries are stated at cost less provision for impairment. Dividend income from investments is recognised when the shareholders' rights to receive payment have been established (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably).

3 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Directors have considered whether there are any such sources of estimation or critical accounting judgements in forming the financial statements and do not determine there to be any for the purpose of disclosure.

4 Operating profit

Arrived at after charging/(crediting):	2021 £ 000	2020 £ 000
Partial reversal of Impairment of loan with Group undertakings	(8,245)	-
Impairment in Brush Electrical Machines Chanshu Limited	2,054	-
Other	129	-

The reversal of impairment of loan with Group undertakings is based on the latest net asset value of the subsidiary.

5 Auditor's remuneration

The fees payable to the Company's auditor for the audit of the financial statements of £1,000 (year ended 31 December 2020: £1,000) were borne by a fellow Group undertaking.

6 Finance income

	2021 £ 000	2020 £ 000
Interest on loans to Group undertakings	-	11,964
	-	11,964

7 Particulars of employees

The Company did not have any employees in the current year or the prior year.

Eachairn Aerospace Holdings Ltd

8 Directors' remuneration

The Directors received no remuneration for their services to the Company during the year (year ended 31 December 2020: £nil). The Directors of the Company who served during the year were also Directors of a number of the companies within the Melrose Group and as such remuneration of Directors is borne by a fellow company.

9 Income tax

Tax credited in the income statement

	2021 £ 000	2020 £ 000
Total current income tax	1,195	399

The tax on profit before tax for the year is higher than (2020: lower than) the standard rate of corporation tax in the UK of 19% (2020: 19%).

The differences are reconciled below:

	2021 £ 000	2020 £ 000
Profit on ordinary activities before tax	6,062	11,964
Profit on ordinary activities multiplied by the standard UK corporation rate of 19% (2020: 19%)	1,152	2,273
Tax effect of expenditure not deductible /(income not taxable) in determining taxable profits	(1,152)	-
Group relief at nil rate	-	(2,273)
Effect of change in corporation tax on deferred tax recognition	(1,195)	(399)
Total tax credit for the year	(1,195)	(399)

The rate of UK corporation tax for the year ended 31 December 2021 was 19%. The Finance Act 2021, which was substantively enacted on 24 May 2021 and enacted on 10 June 2021, included an increase in the UK corporation tax rate to 25% with effect from 1 April 2023. As this change had been enacted at the balance sheet date, the closing deferred tax balances have been re-measured using the 25% rate to the extent that the deductible or taxable temporary differences will reverse post 1 April 2023.

Eachairn Aerospace Holdings Ltd

10 Investments

	£ 000
Cost or Valuation	
At 1 January 2021	2,054
Additions	7
At 31 December 2021	2,061
Provision for impairment	
At 1 January 2021	-
Provided for during year	(2,054)
At 31 December 2021	(2,054)
Carrying amount	
At 31 December 2021	7
At 31 December 2020	2,054

During the year the Company made a 100% investment in ordinary share capital of Rubin Newco 2021 KFT for £7,000

During the year the Company's investment in Brush Electrical Machines Chanshu Limited was fully impaired.

Details of the subsidiaries as at 31 December 2021 and 31 December 2020 are as follows:

Name of subsidiary	Principal activity	Country of incorporation and principal place of business	Proportion of ownership interest and voting rights held	
			2021	2020
