Alcester EP1 Limited

Strategic Report for the Year Ended 31 December 2015

The Directors present their Strategic Report for the year ended 31 December 2015.

Principal activity

The Company's principal activity is to act as an intermediate holding company. The Directors do not expect any change in this activity on the foreseeable future.

Fair review of the business

The retained profit for the year ended 31 December 2015 was £6,870,000 (year ended 31 December 2014: profit of £5,433,000).

The Company considers its key performance indicators to be in line with those of Melrose Industries PLC as disclosed in the Strategic Report of the 2015 Annual Report.

Principal risks and uncertainties

The Company considers its principal risks and uncertainties to be in line with those of Melrose Industries PLC as disclosed in the Performance Review section of the 2015 Annual Report.

Financial risk management

The Company's activities expose it to a number of financial risks including credit risk and liquidity risk.

Principal risks

Credit risk

The Company's principal financial assets are other receivables (including amounts due from other Group undertakings).

The Company's credit risk is primarily attributable to its receivables from other Group undertakings. The amounts presented in the Balance Sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

Liquidity risk

To maintain liquidity and ensure that sufficient funds are available for ongoing operations and future developments, the Company ensures regular communication with other Group companies.

Going concern

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

Further details regarding the adoption of the going concern basis can be found in the Statement of accounting policies in the financial statements.

Approved by the Board on 8 July 2016 and signed on its behalf by:

.....
G E Barnes
Director

Alcester EP1 Limited

Directors Report for the Year Ended 31 December 2015

The Directors present their report and the financial statements for the year ended 31 December 2015. An indication of likely future developments in the business of the Company is included in the Strategic Report. Information on financial risk management and going concern are also included in the Strategic Report.

Directors of the Company

The directors who held office during the year were as follows:

G E Barnes

G P Martin

No director had a beneficial interest in the share capital of the Company or any of its subsidiaries, except for the fact that each Director held shares and/or options over shares in Melrose Industries PLC, the ultimate parent company and controlling party, and therefore had an indirect beneficial interest in the Company.

Dividends

The Directors do not recommend the payment of a final dividend in respect of the financial year ended 31 December 2015 (year ended 31 December 2014: £nil).

Directors liabilities

The ultimate parent undertaking has indemnified one or more Directors of the Company against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision was in force throughout the year and at the date of this report.

Disclosure of information to the auditors

Each Director has taken steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information. The Directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Approved by the Board on 8 July 2016 and signed on its behalf by:

.....
G E Barnes
Director

Alcester EP1 Limited

Statement of Directors' Responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Alcester EP1 Limited

Independent Auditor's Report to the members of Alcester EP1 Limited

We have audited the financial statements of Alcester EP1 Limited for the year ended 31 December 2015, set out on pages 7 to 20. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework'.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Statement of Directors' Responsibilities (set out on page 4), the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors to the financial statements.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Alcester EP1 Limited

Independent Auditor's Report to the members of Alcester EP1 Limited

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

1 General information

The Company is a private company limited by share capital incorporated in England & Wales under the Companies Act 1985. The nature of the Company's operations and its principal activity are set out in the Strategic Report.

The address of its registered office is:

11th Floor
The Colmore Building
20 Colmore Circus Queensway
Birmingham
West Midlands
B4 6AT

These financial statements were authorised for issue by the Board on 8 July 2016.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied, unless otherwise stated.

Basis of preparation

The Company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council. Accordingly, these financial statements were prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

The financial statements have been prepared on the historical cost basis, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2, leasing transactions that are within the scope of IAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 or value in use in IAS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

2 Accounting policies (continued)

Transition to FRS 101

This is the first year that the Company has presented its financial statements under FRS 101 (Financial Reporting Standard 101) issued by the Financial Reporting Council. The following disclosures are required in the year of transition. The last financial statements under a previous GAAP (UK GAAP) were for the year ended 31 December 2014 and the date of transition to FRS 101 was therefore 1 January 2014.

Further information regarding the transition, including the impact on reserves is shown in note 14.

Summary of disclosure exemptions

As permitted by FRS 101 and where relevant, the Company has taken advantage of the disclosure exemptions available under that standard in relation to financial instruments, capital management, presentation of comparative information in respect of certain assets, presentation of a cash-flow statement, standards not yet effective, impairment of assets and related party transactions. Where required, equivalent disclosures are given in the group accounts of Melrose Industries PLC, which are available to the public and can be obtained from 11th Floor, The Colmore Building, 20 Colmore Circus Queensway, Birmingham, West Midlands, B4 6AT.

Going concern

The financial statements have been prepared on a going concern basis.

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Strategic Report. The Strategic Report describes the Company's objectives, policies and processes for managing its principal risks, including liquidity risk. The Company's forecasts and projections, including consideration of the availability of finance, show that the Company should be able to continue to operate for the foreseeable future.

After making enquiries and considering the above facts, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Exemption from preparing group accounts

These financial statements are separate financial statements. The Company is exempt from the preparation of consolidated financial statements, because it is included in the group accounts of Melrose Industries PLC.

Adoption of new and revised Standards

The Company has adopted all mandatory standards, interpretations and amendments that have become effective with effect from 1 January 2015. None of the standards, interpretations and amendments that are effective for the first time have had a material effect on the financial statements.

Finance income and costs policy

Finance income

Interest income is recognised when it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

2 Accounting policies (continued)

Tax

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited in other comprehensive income, in which case the deferred tax is also dealt with in other comprehensive income.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Investments

Investments in subsidiaries are stated at cost less provision for impairment. Dividend income from investments is recognised when the shareholders' rights to receive payment have been established (provided that it is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably).

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

2 Accounting policies (continued)

Financial assets and liabilities

Classification

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Recognition and measurement

All financial assets are recognised and derecognised on a trade date where the purchase or sale of a financial asset is under a contract whose terms require delivery of the financial asset within the timeframe established by the market concerned, and are initially measured at fair value, plus transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value.

Financial assets are classified into the following specified categories: financial assets 'at fair value through profit or loss' (FVTPL), 'held-to-maturity' investments, 'available-for-sale' (AFS) financial assets and 'loans and receivables'. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

Loans and receivables

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

2 Accounting policies (continued)

Impairment

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at each balance sheet date. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

For all other financial assets, objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment is the differences between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate. The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

With the exception of AFS equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

3 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the critical judgements, including those involving key sources of estimation uncertainty, that the Directors have made in the process of applying the Company's accounting policies. These have the most significant effect on the amounts recognised in the financial statements or have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

3 Critical accounting judgements and key sources of estimation uncertainty (continued)

Taxation

The Company is subject to UK income tax. Management is required to exercise judgement in determining the Company's provision for income taxes. Management's judgement is required in estimating tax provisions where additional current tax may become payable in the future following the audit by the tax authorities of previously filed tax returns. Management's judgement may also be required as to whether a deferred tax asset should be recognised based on the availability of future taxable profits. While the Company aims to ensure that the estimates recorded are accurate, the actual amounts could be different from those expected.

4 Auditors' remuneration

The fees payable to the Company's auditor for the audit of the financial statements of £3,000 (year ended 31 December 2014: £3,000) were borne by a fellow Group undertaking.

5 Interest receivable and similar income

	2015 £ 000	2014 £ 000
Interest on loans to Group undertakings	<u>5,685</u>	<u>5,433</u>

6 Particulars of employees

The Company did not have any employees in the current year or the prior year.

7 Directors' remuneration

The Directors received no remuneration for their services to the Company during the year (year ended 31 December 2014: £nil). The Directors of the Company who served during the year were also Directors of a number of the companies within the Melrose Group and as such remuneration of directors is borne by a fellow company.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

8 Income tax

Tax charged/(credited) in the income statement

	2015 £ 000	2014 £ 000
Total current income tax	-	-
Deferred taxation		
Arising from origination and reversal of temporary differences	(1,185)	-
Tax credit in the income statement	(1,185)	-

The tax on profit before tax for the year is lower than the standard rate of corporation tax in the UK (2014: lower than the standard rate of corporation tax in the UK) of 20.25% (2014: 21.5%).

The differences are reconciled below:

	2015 £ 000	2014 £ 000
Profit before tax	5,685	5,433
Corporation tax at standard rate	1,151	1,168
Utilisation of tax attributes not previously recognised	(1,137)	(1,168)
Effect of rate differences on deferred tax recognition	(14)	-
Recognition of previously unrecognised deferred tax	(1,185)	-
Total tax credit	(1,185)	-

At 31 December 2015, all deferred tax attributes are recognised within the balance sheet. In 2014, due to the uncertainty of future profits, the company had not recognised a deferred tax asset of £2,322,000 in respect of carried forward tax losses. The amount not recognised was based on a corporation tax rate of 20%.

Changes to the main rate of UK corporation tax were announced in the Finance (No.2) Act 2015 which was substantively enacted in 2015. The UK corporation tax rate is set to reduce to 19% from 1 April 2017 and reduce further to 18% from 1 April 2020. The future rate changes have had no impact on the closing deferred tax asset.

In the March 2016 Budget, the Government announced a reduction in the main rate of corporation tax for the financial year beginning 1 April 2020 to 17%. This reduction was not substantively enacted at the balance sheet date and so is not reflected in these financial statements. These further rate changes would have no impact on the closing deferred tax asset.

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

9 Investments

Details of the subsidiaries as at 31 December 2015 and 31 December 2014 are as follows:

Name of subsidiary	Principal activity	Country of incorporation and principal place of business	Proportion of ownership interest and voting rights held	
			2015	2014
Precision House Management Services Limited*	Non-trading company	United Kingdom	0%	100%
Melrose USD 1 Limited*	Dormant	United Kingdom	100%	0%
McKechnie 2005 Pension Scheme Trustee Limited*	Dormant	United Kingdom	100%	0%

* owned directly by the Company

All holdings relate to Ordinary Shares unless otherwise stated.

On 7 October 2015 the Company purchased two \$1 ordinary shares in Melrose USD 1 Limited for \$2 from a fellow Group undertaking.

On 7 October 2015 the Company sold its investment in Precision House Management Services Limited to its immediate parent.

During the year the Company also subscribed to share capital in McKechnie 2005 Pension Scheme Trustee Limited, a newly incorporated entity.

10 Trade and other receivables

	2015 £ 000	2014 £ 000
Receivables from Group undertakings	<u>212,474</u>	<u>206,789</u>

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

11 Deferred tax

Deferred tax assets and liabilities are offset where the Company has a legally enforceable right to do so. The following is the analysis of the deferred tax balances (after offset) for financial reporting purposes:

2015	Assets £ 000	Liabilities £ 000	Net £ 000
Tax losses	<u>1,185</u>	<u>-</u>	<u>1,185</u>
		Tax losses £ 000	Total £ 000
At 1 January 2015		-	-
Recognised in income		<u>1,185</u>	<u>1,185</u>
At 31 December 2015		<u>1,185</u>	<u>1,185</u>

12 Share capital

Allotted, called up and fully paid shares

	2015		2014	
	Number	£ 000	Number	£ 000
Ordinary share of £1 each	1,000	1	1,000	1

On 3 December 2014 the Company cancelled 111,017,005 Ordinary £1 shares and the associated Share premium with a value of £174,000,000. The corresponding credits were added to Reserves.

13 Controlling party

Alcester EP1 Limited

Notes to the Financial Statements for the Year Ended 31 December 2015

14 Transition to FRS 101

This is the first year that the Company has presented its financial statements under FRS 101 (Financial Reporting Standard 101) issued by the Financial Reporting Council. The following disclosures are required in the year of transition. The last financial statements under a previous GAAP (UK GAAP) were for the year ended 31 December 2014 and the date of transition to FRS 101 was therefore 1 January 2014.

The transition from UK GAAP to FRS 101 has had no significant effect on the Balance Sheet at either 1 January 2014 or 31 December 2014, or on the Profit and Loss Account for the year ended 31 December 2014.
