#### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 SEPTEMBER 2016

#### 1. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group accounts. These financial statements therefore present information about the company as an individual undertaking and not about its group.

#### Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

#### Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings Plant and machinery etc - at varying rates on cost

- 15% on reducing balance

#### **Investment properties**

Investment properties are included in the balance sheet at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015) and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated. In the opinion of the director this is necessary in order to give a true and fair view of the financial position of the company.

#### Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

#### **Investments**

Investments held as fixed assets are shown at cost less provision for impairment.
