Profit and loss account			188,247		45,905
<b>Total equity shareholders' funds</b>			<u>188,347</u>		<u>46,005</u>

The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of Section 249A(1) of the Companies Act 1985. Shareholders holding 10% or more of the company's share capital have not served a notice requiring an audit. The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with Section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit for the year in accordance with the requirements of Section 226, and which otherwise comply with the requirements of the Act relating to the accounts so far as applicable to this company.

These accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

**Laird Assessors Limited****Notes to the abbreviated accounts****1 Accounting policies**

The company has adopted the following accounting policies in respect of the financial statements which were prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

**a) Turnover**

Turnover represents amounts receivable for goods and services invoiced, net of VAT and trade discounts.

**b) Fixed assets and depreciation**

Fixed assets are stated at purchase price, less depreciation and amounts written off. Depreciation is calculated to write down the cost of tangible fixed assets to their estimated residual values over their expected useful lives at the following annual rates:-

Fixtures and fittings	25% reducing balance basis
-----------------------	----------------------------

**c) Deferred tax**

Deferred taxation is recognised in respect of all timing differences which have originated but not reversed at the balance sheet date. Timing differences are differences between taxable profits and the results as stated in the financial statements which arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred taxation is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued asset and the resulting gain or loss has been recognised in the financial statements. Neither is deferred taxation recognised when fixed assets are sold and it is more likely than not that the taxable gain will be rolled over, being charged to tax only if and when the replacement are sold.
