1 ACCOUNTING POLICIES

Accounting Convention

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards and the FRSSE (effective April 2008)

Cash Flow Statement

The company has taken advantage of the exemption available per FRS 1 for small companies not to prepare a cash flow statement

Tangible fixed assets and depreciation

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Plant & machinery	25% straight line
Office equipment & furniture	25% straight line
Motor vehicles	25% reducing balance

Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over their estimated useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Stock

Stock is valued at the lower of cost and net realisable value and comprises components prior to assembly.

Work in progress

Work in progress is valued at net realisable value.

Deferred taxation

Provision is made, using the liability method, for material timing differences between the treatment of certain items for taxation and accounting purposes to the extent that it is probable that a liability or asset will crystallise in the foreseeable future.

Turnover

Turnover represents the total invoice value, excluding value added tax, of goods and services provided during the year. All turnover is attributable to the one principal activity of the company, which is carried on wholly within the UK.
