INDEPENDENT AUDITOR'S REPORT TO HURSTLANE LIMITED

UNDER SECTION 449 OF THE COMPANIES ACT 2006

We have examined the abbreviated accounts, together with the financial statements of Hurstlane Limited for the year ended 31 March 2014 prepared under Section 396 of the Companies Act 2006.

This report is made solely to the company, in accordance with Section 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters we are required to state to it in a special auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company for our work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

The directors are responsible for preparing the abbreviated accounts in accordance with Section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the regulations made under that section and to report our opinion to you.

We conducted our work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts are properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the regulations made under that section.

Other information

On 30 December 2014 we reported as auditor to the members of the company on the financial statements prepared under Section 396 of the Companies Act 2006 and our report included the following paragraph:

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Going concern

No material uncertainties that may cast significant doubt about the ability of the company to continue as a going concern have been identified by the directors.

Consolidation

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures & Fittings	-	20% straight line
Motor Vehicles	-	25% reducing balance

1. ACCOUNTING POLICIES *(continued)*

Operational freehold properties

Operational freehold properties are revalued by the directors annually on an open market basis and the surplus or deficit is transferred to the revaluation reserve in accordance with the frsse (effective April 2008).

The company does not depreciate its freehold buildings occupied for trading as required by the companies act 2006 and the financial reporting standard for smaller entities(effective April 2008). The nature of the company's business and the regulatory environment in which it operates means that the company has to carry out a regular programme of maintenance to ensure its premises continue to meet the required high standard throughout its estimated useful life. In the opinion of the director the effect of of this maintenance is that the estimated residual value of the freehold buildings is not materially different from cost and so the total amount that would be subject to depreciation is not material. For this reason it is not necessary to account for depreciation.

If depreciation were provided the profit before tax would be reduced and there would be an equivalent reduction in the value of tangible fixed assets,retained profit and the balance sheet total.

Freehold investment properties

Freehold investment properties held for investment purposes are not depreciated as required by the companies act 2006.In accordance with SSAP 19 investment properties are revalued to their open market value at each balance sheet date, with any surplus or deficit on revaluation being transferred to a revaluation reserve in the first instance. This treatment constitutes an override of the companies act requirement to depreciate fixed assets and is necessary in order to give a true and fair view.

If depreciation were provided the profit before tax would be reduced and there would be an equivalent reduction in the value of tangible fixed assets, retained profit and the balance sheet total.

Development freehold properties

Development properties are held at the lower of cost or net realisable value.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

1. ACCOUNTING POLICIES *(continued)*

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Income recognition

Income is recognised as space is provided to tenants.
