NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 AUGUST 2008

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment	10% Straight line
--------------------------------	-------------------

1.4 Stock

Stock is valued at the lower of cost and net realisable value. Cost is determined on a 'first in, first out basis' and, in the case of work-in-progress and finished goods, includes all direct expenditure, production and other overheads, based on normal levels of activity, incurred in bringing products to their present condition and location. Net realisable value is determined on the basis of expected selling price less further costs expected to be incurred to completion and disposal.

1.5 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
