NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2009

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

The financial statements have been prepared under the going concern basis which assumes that the company will continue in operational existence for the foreseeable future. At 31 March 2009 the company's net liabilities exceeded its assets by £962,417. If the company was unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reduce the balance sheet values to their recoverable amount and to provide for future liabilities that may arise and to reclassify fixed assets as current assets.

The directors believe that it is appropriate for the financial statements to be prepared on a going concern basis, given the continued support of the ultimate parent company.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from the requirement to produce a cash flow statement on the grounds that it is a subsidiary undertaking where 90 percent or more of the voting rights are controlled within the group.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of transaction. All differences are taken to the profit and loss account.

The results of the company are translated at the average rates of exchange during the period and their balance sheets at the rates ruling at the balance sheet date. Exchange differences arising on translation of the opening net assets and results of overseas operations are recognised in the statement of total recognised gains and losses where material.
