DIRECTORS' RESPONSIBILITIES STATEMENT

The Directors are responsible for preparing the annual report and financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's sole member, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's sole member, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2013 and of its loss for the year then ended;

HAMMERSON (NEWCASTLE) LIMITED

NOTES TO THE ACCOUNTS Year ended 31 December 2013

1. ACCOUNTING POLICIES

The following principal accounting policies have been applied consistently throughout the current and preceding year.

a) Basis of accounting

The financial statements have been prepared under the historical cost convention as modified by the revaluation of investment properties in accordance with all applicable law and United Kingdom accounting standards, with the exception of the depreciation of investment properties as explained below.

b) Going concern

The current economic conditions have created a number of uncertainties which are likely to affect the Company's future performance. The key risks relate to tenant default and property valuations which are closely monitored by the Directors. The financial position of the Company is as set out in the Balance Sheet.

The Company has net current liabilities as at 31 December 2013 and is reliant on the support of its ultimate parent company, Hammerson plc, to be able to meet its liabilities as they fall due. The Directors consider that the Company is an integral part of Hammerson plc's structure and strategy and this is evidenced by a letter of support from Hammerson plc, which states its intent to provide the necessary financial support to ensure that the Company is a going concern for at least twelve months from the date of signing of these financial statements. After making enquiries and taking account of the factors noted above, the Directors have a reasonable expectation that the Company will have access to adequate resources to continue in existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

c) Cash flow statement

As the Company is a wholly owned subsidiary it has taken exemption under the terms of Financial Reporting Standard 1 (revised 1996) from preparing a cash flow statement, as its cash flows are included in the consolidated financial statements of Hammerson plc, which are publicly available.

d) Net rental income

Rental income from property leased out under an operating lease is recognised in the profit and loss account on a straight-line basis over the lease term. Contingent rents, such as turnover rents, rent reviews and indexation are recorded as income in the periods in which they are earned. Rent reviews are recognised when such reviews have been agreed with tenants.

HAMMERSON (NEWCASTLE) LIMITED

NOTES TO THE ACCOUNTS Year ended 31 December 2013

1. ACCOUNTING POLICIES (continued)

d) Net rental income (continued)

Lease incentives and costs associated with entering into tenant leases are added to the costs of property and are amortised over the period to the first break option or, if the probability that the break option will be exercised is considered low, over the lease term.

Property operating expenses are accounted for on an accruals basis and any property operating expenditure not recovered from tenants through service charges is charged to the profit and loss account.

e) Net finance costs

Net finance costs include interest payable on borrowings, net of interest capitalised and interest receivable on funds invested.

f) Investment properties

The property portfolio, which is carried in the balance sheet at fair value, is valued six-monthly by professionally qualified external valuers and the Directors must ensure that they are satisfied that the valuation of the properties is appropriate for the accounts. Investment properties, excluding properties held for development, are valued by adopting the 'investment method' of valuation. This approach involves applying market-derived capitalisation yields to current and market-derived future income streams with appropriate adjustments for income voids arising from vacancies or rent-free periods. These capitalisation yields and future income streams are derived from comparable property and leasing transactions and are considered to be the key inputs in the valuation. Other factors that are taken into account in the valuations include the tenure of the property, tenancy details and ground and structural conditions.

In the case of ongoing developments, the approach applied is the 'residual method' of valuation, which is the investment method of valuation as described above with a deduction for all costs necessary to complete the development, together with a further allowance for remaining risk. Properties held for future development are generally valued by adopting the higher of the residual method of valuation allowing for all associated risks, or the investment method of valuation for the existing asset.

All changes in fair value are taken to the revaluation reserve and all costs directly associated with the purchase and construction of a property are capitalised.

g) Depreciation

In accordance with Statement of Standard Accounting Practice No 19, no depreciation is provided in respect of freehold properties or leasehold properties with over twenty years to expiry. This is a departure from the requirements of the Companies Act 2006, which requires all properties to be depreciated. Such properties are not held for consumption, but for investment, and the Directors consider that to depreciate them would not give a true and fair view. Depreciation is only one amongst many factors reflected in the annual valuation of properties and accordingly the amount of depreciation, which might otherwise have been charged, cannot be separately identified or quantified. The Directors consider that this policy results in the accounts giving a true and fair view.

4. TAXATION

The Company's ultimate parent company, Hammerson plc, is taxed as a UK Real Estate Investment Trust ("UK REIT"), and as a consequence, group companies are exempted from UK corporation tax on the profits of a UK property rental business and on the gains on UK investment properties.

Group companies remain subject to UK corporation tax on items other than UK property rental profits and gains on UK investment properties, but, as the Group has surplus tax losses, the Group's policy is for these taxable profits and losses to be fully offset by group relief surrendered without payment, so that individual subsidiaries do not bear tax.

The Company therefore had no tax charge for the year, and this is expected to continue for the foreseeable future. Losses surrendered as group relief for the year ended 31 December 2013 are £nil (2012: £nil).
