A & N Valuedent Limited

Abbreviated Balance Sheet (continued)

31st May 2014

For the year ended 31st May 2014 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These abbreviated accounts have been prepared in accordance with the special provisions applicable to companies subject to the small companies regime.

These abbreviated accounts were approved by the directors and authorised for issue on 13th February 2015, and are signed on their behalf by:

N B Boult Director

Director

Company Registration Number: 4083405

The notes on pages 3 to 4 form part of these abbreviated accounts.

Notes to the Abbreviated Accounts

Year Ended 31st May 2014

1. Accounting Policies

Accounting Convention

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the fair value of goods and services provided, excluding value added tax, during the year.

Goodwill

Goodwill represents the difference between the fair value of the consideration paid on acquisition of a business and the fair values of its separable net assets at the date of acquisition. In the opinion of the directors it is appropriate for goodwill not to be amortised.

Fixed Assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Leasehold improvements - straight line over 10 years Plant and machinery - 25% reducing balance Fixtures, fittings and equipment - 25% reducing balance Motor vehicles - 25% reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred Taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
