- 1.2 Following the making of a Court Order on 14 February 2017 Emily Thompson was removed from the appointment with effect from 9 March 2017.
- 1.2 I summarise my conduct of the liquidation to date below.
- 1.3 This report should be read in conjunction with my previous progress reports dated 15 April 2016 and 10 April 2017. Should you require additional copies please do not hesitate to contact me.

Liquidator's Actions Since Last Report

4 Freehold Property

4.1 As you are aware from my previous report, the agents were replaced in relation to the sale and marketing of the property. An offer had been accepted by the Bank in the sum of £201,000 and solicitors had been instructed, however, in the early stages this offer fell away. The property was remarketed and an offer of £200,000 was accepted and proceeded to sale. This completed on 17 May 2017.

A significant amount of time was expended in preparing outcome statements for the Bank and liaising with them in relation to the offers.

5 Book Debts

5.1 Book debts were estimated to realise £21,313.11 and to date £21,075.63 has been recovered. There is one remaining outstanding book debt in the sum of £554, however, I do not anticipate that this will be realised.

6 Director's Loan Account

As described in my previous reports at the date of appointment there was an overdrawn director's loan account of £313,039. The director has continued to make monthly repayments of £2,500 and £31,000 has been repaid during the reporting period.

The director's financial advisors have continued to assist the director to resolve the position with his loan account.

As detailed in my previous report the director made an offer to settle his loan account in the sum of £65,000 on the basis of certain creditors withdrawing from making a claim for dividend purposes. We asked him to increase his offer to £70,000 on the basis that it would allow payment of circa 90 to 100p in the £ to the creditors that remained for dividend purposes, and subject to written confirmation of withdrawal from those creditors who had agreed to withdraw their claims. The director's financial advisors advised that the director would possibly be able to pay £70,000, however, a time to pay agreement would be required in order to make this possible.

At the date of this report I have received confirmation that the director has settled the amounts due to Natwest Bank Plc (£38,512.46) and the amount due to HSBC Bank Plc (£22,464.05).

I have also received confirmation from Technical Housing Solutions Limited and Six-Key Policy Advisors Limited that they are prepared to withdraw their claims in the Liquidation of £313,205.93 and £84,000 respectively.

I recently advised the director that the current amount required in order to settle the compromise detailed above would be £55,539.00. I am awaiting confirmation of how the director wishes to settle the amount due.

7 "Prescribed Part"

7.1 Under the provisions of the Enterprise Act 2002, introduced on 15 September 2003 the preferential status of the Inland Revenue and Customs & Excise has been abolished.

As a consequence of this a "prescribed part" of a Company's assets must be set aside for the benefit of the unsecured creditors in respect of any floating charge security granted after 15 September 2003.

The prescribed part is as follows:-

- 50% of the first £10,000 of the net property of the company if the net assets are in excess of the £10,000
- 20% of the property thereafter, subject to a limit of £600,000

The prescribed part in this matter is estimated at NIL as the shortfall following the sale of the Company's property was paid by the director under the terms of his personal guarantee. This forms part of the director's offer to settle his overdrawn director's loan account as set out above.

Liabilities & Dividend Prospects

8 Secured Liabilities

- 8.1 HSBC Bank plc were granted a debenture by the Company on 9th September 2005 (Registered 10th September 2005) creating a fixed and floating charge over the assets and undertaking of the Company. HSBC Bank plc also hold a Legal Mortgage over the trading premises on 14th December 2012 (Registered 21st December 2012)
- 8.2 The shortfall to HSBC Bank Plc following the sale of the property was £22,464.05. The shortfall was covered by a personal guarantee given to HSBC and the amount due has been paid.

9 Preferential Creditors

- 9.1 The statement of affairs anticipated £448.82 in preferential creditors. Claims totaling £227.84 have been received.
- 9.2 The Redundancy Payments Service rejected unpaid holiday pay claims for two employees who had only been employed for 6 weeks at the time of dismissal, and had not accrued enough holiday entitlement.
- 9.3 A dividend of 100p in the £ was paid to the Preferential creditors on 8 July 2016.

10 Crown Unsecured Creditors

- 10.1 The statement of affairs included £64,402 owed to HMRC. HMRC's final claim of £50,417.96 has been received. There might also be an additional amount due to HMRC once our tax department have established whether there is any Capital Gains Tax due following the sale of the property. However, this would be paid as an expense of the Liquidation.
- 10.2 Dependent on the outcome of matters discussed in section 6 above and subject to the Liquidator's accrued costs and expenses it is anticipated that there will be a dividend of 90-100 in £ payable to the Crown creditors.

11 Other Unsecured Creditors

- 11.1 The statement of affairs included 16 unsecured creditors with an estimated total liability of £449,370. I have received claims from 20 creditors at a total of £448,556.56, of which 11 had not been identified at the date of appointment amounting to £7,890.74. To date I have not received claims from 7 creditors with original estimated claims in the statement of affairs of £8,733.00.
 - As detailed at 6 above two of the major creditors are prepared to withdraw their claims in the Liquidation. Their claims total £399,205.93
- Depending upon the outcome of matters discussed in 6 above and subject to the Liquidator's accrued costs and expenses it is currently anticipated that there will be a dividend of 90-100 in the £ payable to the unsecured creditors.

12 Investigation into the Affairs of the Company

12.1 Within three months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present director would make him unfit to

PRACTICE FEE RECOVERY POLICY FOR RMT ACCOUNTANTS & BUSINESS ADVISORS LTD

Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors via a decision procedure, or the Court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at http://www.creditorinsolvencyguide.co.uk/. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) and can be accessed at https://www.r3.org.uk/what-we-do/publications/professional/fees. Alternatively, a hard copy may be requested from RMT Accountants & Business Advisors Ltd of Gosforth Park Avenue, Newcastle upon Tyne, NE12 8EG. Please note that we have provided further details in this policy document.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time costs basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Chargeout Rates

Grade of staff Recovery & Insolvency	Current charge-out rate per hour, effective from 1 st July 2017 £	
Director	300.00	300.00
Head of Recovery	270.00	270.00
Manager	250.00	250.00
Senior Administrators	170.00	170.00

Where necessary and appropriate, members of staff from other departments of the practice will undertake work on a case. They will be charged at their normal charge out rate for undertaking such work.

Grade of staff Tax Department	Current charge-out rate per hour, effective from 1 st July 2017 £	Current charge-out rate per hour, effective from 1 st August 2016
Director	220.00	220.00
Head of Tax	90.00	88.00
Tax Advisor	70.00	50.00

These charge-out rates charged are reviewed on 1st July each year and are adjusted to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Administration and Planning.
- Investigations.
- Realisation of Assets.
- Creditors.
- Trading
- Case specific matters.

In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and on new appointments we now only seek time costs for the following categories:

- Investigations
- Distributions
- Trading

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a percentage basis more often.

A report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisations and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a fixed fee basis more often. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Members' voluntary liquidations and Voluntary Arrangements

The legislation changes that took effect from 1 October 2015 did not apply to members' voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) or Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis, often as a fixed fee. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

All bases

With the exception of Individual Voluntary Arrangements and Company Voluntary Arrangements which are VAT exempt, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Agent's Costs

Charged at cost based upon the charge made by the Agent instructed, the term Agent includes:

- Solicitors/Legal Advisors
- Auctioneers/Valuers
- Accountants

- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015, the office holder will provide details of expenses to be incurred, or likely to be incurred, when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

Disbursements

In accordance with SIP 9 the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or RMT Accountants & Business Advisors Ltd; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and Company search fees.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage and mileage.

It is proposed that the following Category 2 disbursements are recovered:
