Date of appointment

## LIQUIDATOR'S ACTIONS SINCE APPOINTMENT

Since my last progress report I have raised my final fees and submitted my final VAT reclaim.

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my last progress report is contained in Appendix 3.

## **RECEIPTS AND PAYMENTS ACCOUNT**

My Receipts & Payments Account for the period from 16 February 2015 to 28 September 2021 and for the period since 15 February 2021 is attached at Appendix 1. All amounts are shown net of VAT. I have reconciled the account against the financial records that I am required to maintain.

#### **ASSET REALISATIONS**

#### Freehold Property

Following my appointment, I instructed an alternative agent to deal with the marketing and sale of the property. The agents suggested that the property should be marketed at £195,000. Several offers were received for the property since the new agents were instructed in July 2016 ranging from £150,000 to £205,000. Our agents received two offers of £195,000 and £201,100. They recommended acceptance of the higher offer on the basis that the offer would provide the best return to the Bank and the purchaser was in a position to proceed with the sale promptly. Details were sent to the Bank and I received the Bank's authority to proceed with the sale at £201,100 and solicitors had been instructed, however, in the early stages this offer fell away. The property was remarketed and an offer of £200,000 was accepted and proceeded to sale. This completed on 17 May 2017.

#### **Book Debts**

Book debts were estimated to realise £21,313.11 and to date £21,075.63 has been recovered. No further realisations are anticipated.

## Cash on Hand

At the date of the Liquidator's appointment £12,030.00 was held in RMT's Insolvency Client Account following the sale of the motor vehicles.

## Support Solutions (UK) Limited contribution to fees

The Company director, Mr Patterson, was a director of Support Solution (UK) Limited ("SSUK") until he resigned on 15 January 2015. SSUK made a contribution towards the liquidators' fees in the sum of £3,314.80.

## Director's Loan Account

At the date of appointment there was an overdrawn director's loan account of £313,039. The director continued to make monthly repayments of £2,500 to March 2019. A total of £141,102.00 has been repaid.

As set out in my previous report a compromise of £40,000 has been agreed in full and final settlement of the remaining balance due, and was subject to:-

- 1. The director waiving any claim he may have in the liquidation (if any);
- 2. There being no other creditor claims;
- 3. The shareholders consenting to the proposed settlement; and
- 4. Formal agreement being provided by the director.

A third party provided funds to enable the old loan account to be settled under the terms of the compromise referred to above. The settlement concluded on 7 July 2020 and the settlement funds have been received in full.

## Fixtures & Fittings and Motor Vehicles

The company's chattel assets were disposed of by agents acting on behalf of the liquidator at auction and realised £12,428.00, compared to £25,845 in the Statement of Affairs.

#### Telephone Lines and Website

Support Solutions (UK) Limited offered to purchase the telephone lines and website for £100. I advised that it would not be cost effective to proceed with a sale at that level. An increased offer of £500 was received and accepted.

### Refunds

We have received various sundry refunds amounting to £1,345.82.

#### LIABILITIES

## Secured Creditors

HSBC Bank plc were granted a debenture by the Company on 9th September 2005 (Registered 10th September 2005) creating a fixed and floating charge over the assets and undertaking of the Company. HSBC Bank plc also hold a Legal Mortgage over the trading premises on 14th December 2012 (Registered 21st December 2012)

The shortfall from the sale of the Company's property has been settled by the director under the terms of his personal guarantee. This formed part of the director's proposal to settle his overdrawn director's loan account, as set out above.

## **Preferential Creditors**

The statement of affairs anticipated £448.82 in respect of preferential creditors. Claims totaling £227.84 have been received.

## **Crown Creditors**

The statement of affairs included £64,402.00 owed to HMRC. HMRC's final claim of £50,417.96 has been received.

## Non-Preferential Unsecured Creditors

The statement of affairs included 16 unsecured creditors with an estimated total liability of £449,370.00. I have received claims from 18 creditors at a total of £458,822.57, of which 9 had not been identified at the date of appointment amounting to £6,004.75. I have not received claims from 6 creditors with original estimated claims in the statement of affairs of £7,077.87.

As previously detailed two of the major creditors withdrew their claims in the Liquidation totalling £399,205.93. The director also agreed not to submit a claim for the amounts paid to HSBC under his personal guarantees which totalled £67,511.36.

Twelve creditors' claims totalling £63,628.63 were admitted for dividend purposes.

## **DIVIDEND PROSPECTS AND ALLOCATION OF COSTS**

## Fixed charge creditors

The following costs are those incurred to date that are directly attributable to the realisation of the company's assets subject to a fixed charge. As such they have been paid from fixed charge realisations as follows:

Details of Expenditure	Amount paid £	Amount allocated, yet to be paid £
Chivers Commercial – Estate Agents	200,00	Nil
Sanderson Weatherall – Estate Agents	5,354.00	Nil
Marsh - Insurance of Assets	9,657.29	Nil
Muckle LLP	1,328.24	Nil
Davidson's Property Maintenance - Drain Down etc	80.00	Nil

Land Registry - Searches	11,00	Nil
British Gas – Electricity	1,131.25	Nil
RMT – Liquidators property related costs	3,500	Nil

A dividend of 100p in the £ was declared to preferential creditors on 8 July 2016 and the amount paid was £227.84.

The following dividends were declared to non-preferential unsecured creditors:-

5 July 2019 48p in the £, the total amount paid was £30,541.73.

9 December 2020 52p in the £, the total amount paid was £45,322.24 including statutory interest of £12,235.34.

#### PRESCRIBED PART

As previously advised, the Company gave a floating charge to HSBC Bank Plc on 9 September 2005. HSBC Bank plc also hold a Legal Mortgage over the trading premises on 14<sup>th</sup> December 2012 (Registered 21<sup>st</sup> December 2012) The prescribed part provisions applied.

The prescribed part in this matter is estimated at NIL given there were no floating charge creditors in the liquidation, the shortfall from the sale of the Company's property has been settled by the director under the terms of the director's personal guarantee. This formed part of the director's proposal to settle his overdrawn director's loan account, as set out above.

## INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

I undertook an initial investigation into the Company's affairs to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved. Specifically, I recovered, listed and reviewed the Company's accounting records; obtained and reviewed copy bank statements for the 6 months prior to the Company ceasing to trade from the Company's bankers; and compared the information in the Company's last set of accounts with that contained in the statement of affairs lodged in the liquidation and made enquiries about the reasons for the changes.

Matters requiring further investigation that may lead to potential recovery actions were identified, and the work outlined above was undertaken to further those investigations with a view to making recoveries for the benefit of the creditors.

Within six months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present Director would make them unfit to be concerned with the management of the Company. I would confirm that my report has been submitted.

## PRE-APPOINTMENT REMUNERATION

The creditors previously authorised the payment of a fee of £8,700 plus VAT and Disbursements for my assistance with preparing the statement of affairs and convening and holding the meeting of creditors at a meeting held on 16<sup>th</sup> February 2015, together with £1,400 plus VAT to be paid to Murray & Lamb Accountants for their assistance with the preparation of the statement of affairs.

The fee for preparing the statement of affairs and convening and holding the meeting of creditors was paid from first realisations on appointment and is shown in the enclosed receipts and payments account.

My time costs for undertaking the pre-appointment work were £8,940 plus VAT. The additional £240 in time costs resulted from the directors meeting running on longer than anticipated.

#### LIQUIDATOR'S REMUNERATION

My remuneration was previously authorised by creditors at a meeting held on 16 February 2015 to be drawn on a time cost basis. My total time costs to 28 September 2021 amount to £103,997.50, representing 514.65 of hours work at an average charge out rate of £202.07 per hour, of which £4,490.00, representing 24.70 of hours work, was charged in the period between 16 February 2021 and 28 September 2021, at an average charge out rate of £181.78 per hour.

I have drawn £98,422.83 to date of which £23,301.33 was drawn in the period between 16 February 2021 and 28 September 2021.

A schedule of my time costs incurred to date is attached.

## Appendix 3

## 1. Administration

This represents the work involved in the routine administrative functions of the case by the office holder and their staff, together with the control and supervision of the work done on the case by the office holder and their managers. It does not give direct financial benefit to the creditors, but has to be undertaken by the office holder to meet their requirements under the insolvency legislation and the Statements of Insolvency Practice, which set out required practice that office holders must follow.

- Case planning devising an appropriate strategy for dealing with the case and giving instructions to the staff to undertake the work on the case.
- Obtaining a specific penalty bond.
- Dealing with all routine correspondence and emails relating to the case.
- Maintaining and managing the office holder's estate bank account.
- Maintaining and managing the office holder's cashbook.
- Undertaking regular bank reconciliations of the bank account containing estate funds.
- Reviewing the adequacy of the specific penalty bond on a quarterly basis.
- Undertaking periodic reviews of the progress of the case.
- Overseeing and controlling the work done on the case by case administrators.
- Preparing, reviewing and issuing an annual progress report to creditors and members.
- Filing returns at Companies House.
- Preparing and filing VAT returns.
- Preparing and filing Corporation Tax returns.
- Seeking closure clearance from HMRC and other relevant parties.
- Preparing, reviewing and issuing a final account of the liquidation to creditors and members.
- Filing a final return at Companies House.

#### 1. Creditors

Employees - The office holder needed to deal with the ex-employees in order to ensure that their claims were processed appropriately by the Redundancy Payments Office (RPO). The office holder was required to undertake this work as part of their statutory functions.)

Claims of creditors - the office holder needed to maintain up to date records of the names and addresses of creditors, together with the amounts of their claims as part of the management of the case, and to ensure that notices and reports could be issued to the creditors. The office holder also needed to deal with correspondence and queries received from creditors regarding their claims and dividend prospects as they were received. The office holder was required to undertake this work as part of his statutory functions.

Dividends - the office holder had to undertake certain statutory formalities in order to enable him to pay a dividend to creditors. This included writing to all creditors who had not lodged proofs of debt and reviewing the claims and supporting documentation lodged by creditors in order to formally agree their claims, which may involve requesting additional information and documentation from the creditors.

- Dealing with creditor correspondence, emails and telephone conversations regarding their claims.
- Maintaining up to date creditor information on the case management system.

Appendix 4

# PRACTICE FEE RECOVERY POLICY FOR RMT ACCOUNTANTS & BUSINESS ADVISORS LTD Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors via a decision procedure, or the Court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at http://www.creditorinsolvencyguide.co.uk/. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) and can be accessed at https://www.r3.org.uk/what-we-do/publications/professional/fees. Alternatively, a hard copy may be requested from RMT Accountants & Business Advisors Ltd of Gosforth Park Avenue, Newcastle upon Tyne, NE12 8EG. Please note that we have provided further details in this policy document.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time costs basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

### Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

**Chargeout Rates** 

Grade of staff Recovery & Insolvency	Current charge-out rate per hour, effective from 1st January 2021 £	Current charge-out rate per hour, effective from 1st July 2020
Director	310.00	310.00
Appointee	310.00	290.00
Manager	260.00	260.00
Senior Administrator	180.00	180.00
Junior Administrator	120.00	120.00

Where necessary and appropriate, members of staff from other departments of the practice will undertake work on a case. They will be charged at their normal charge out rate for undertaking such work.

Grade of staff Fax Department	Current charge-out rate per hour, effective from 1 <sup>st</sup> January 2021	Current charge-out rate per hour, effective from 1 July 2019
Director	250.00	220.00
Head of Tax	100.00	88.00
Tax Advisor	70.00	50.00

These charge-out rates charged are reviewed on 1st July each year and are adjusted to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Administration and Planning.
- Investigations.
- Realisation of Assets.
- Creditors.
- Trading
- Case specific matters.

In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and on new appointments we now only seek time costs for the following categories:

- Investigations
- Distributions
- Trading

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

## Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a percentage basis more often.

A report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisations and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

#### Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a fixed fee basis more often. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

## Members' voluntary liquidations and Voluntary Arrangements

The legislation changes that took effect from 1 October 2015 did not apply to members' voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) or Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis, often as a fixed fee. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

### All bases

With the exception of Individual Voluntary Arrangements and Company Voluntary Arrangements which are VAT exempt, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

#### **Agent's Costs**

Charged at cost based upon the charge made by the Agent instructed, the term Agent includes:

- Solicitors/Legal Advisors
- Auctioneers/Valuers
- Accountants
- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015, the office holder will provide details of expenses to be incurred, or likely to be incurred, when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

#### Disbursements

In accordance with SIP 9 the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or RMT Accountants & Business Advisors Ltd; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate.

These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and Company search fees.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage and mileage.

It is proposed that the following Category 2 disbursements are recovered:
