NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2014

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

1.2 Compliance with and departure from accounting standards

The financial statements are prepared in accordance with applicable accounting standards.

Investment property is not depreciated. The directors consider that this accounting policy, which represents a departure from the statutory principles, is necessary for the provision of a true and fair view. Depreciation is only one of the factors reflected in the annual valuation, and the amount which might otherwise have been shown cannot be separately identified or quantified. The company's policy is to maintain its property to a high standard through its continual program of refurbishment and maintenance. In accordance with this practice depreciation is not provided on the freehold property as, in the opinion of the directors, the residual value (in terms of original cost) is such that any depreciation charge would be immaterial.

1.3 Turnover

Turnover represents amounts receivable in respect of rent.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:
