We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Impact of the outbreak of COVID-19 on the financial statements

In forming our opinion on the company financial statements, which is not modified, we draw your attention to the director's report which assesses the impact of COVID-19 as disclosed on page 1 and the consideration in the going concern basis of preparation on page 9.

The potential impact of COVID-19 become significant in March 2020 and is causing widespread disruption to normal patterns of business activity across the world, including the UK.

The full impact following the recent emergence of the COVID-19 is still unknown. It is therefore not currently possible to evaluate all the potential implications to the entity's trade, customers, suppliers and wider economy.

- the Director's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Director's Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditor's Report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

1. General information

Age UK Leicester Shire & Rutland Transport & Trading Limited presents its financial statements for the year ended 31 March 2020.

The presentation currency for the financial statements is Pounds Sterling (£). The Company is a private limited Company, limited by shares and is registered in England and Wales. Its registered office address is Lansdowne House, 113 Princess Road East, Leicester, Leicestershire, LE1 7LA.

The principal activity for the year continued to be that of the provision of transport and lettings.

A summary of the Company's accounting policies, which have been consistently applied, are set out below:

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

2.2 Going concern

The Company may in some years record an operating deficit, but remains an integral part of the parent charities primary purpose care delivery to its beneficiaries. In such circumstances the Company is reliant upon the parent company to provide finance to maintain its position as a going concern. In the long term, that is over more than one accounting period, the Company will always make a profit and then Gift Aid all available profits to the holding parent charity.

The Director assesses whether the use of going concern is appropriate, i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. The Directors have also considered the impact of the COVID 19 pandemic in their assessment. The Director makes this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the company has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the company's ability to continue as a going concern, thus the company continues to adopt the going concern basis of accounting in preparing the financial statements.

2.3 Revenue

Revenue is recognised at the fair value of the consideration received or receivable from the amounts of commission earned with respect of the provision of transport and lettings in the ordinary course of the business. The fair value of consideration is shown net of VAT.

2.4 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020**

2. Accounting policies (continued)

2.5 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.6 Financial instruments

The company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors, bank and creditors.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.7 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.8 Finance costs

Finance costs are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.9 Retirement benefits

The Company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the statement in the year they are payable. Differences between contributions payable and income contributions actually paid are shown in accruals or prepayments in the Balance Sheet.
