#### 1. Introduction

The Joint Administrators were appointed on the Appointment Dates, by the Director of the Companies.

This report is the Joint Administrators' statutory Statement of Proposals. It sets out the circumstances leading up to their appointment and their strategy for achieving the purpose of the Administration.

You will find other important information in this report such as the proposed basis of the Joint Administrators' remuneration.

A glossary of the abbreviations and definitions used throughout this document is attached at Appendix 9.

Please also note that an important legal notice about this Statement of Proposals is attached at Appendix 10.

These Proposals are deemed delivered to Creditors within 2 business days of the date of this report.

## 2. Creditor summary

#### **Background**

- The Companies traded as specialists in the field marketing sector;
- Flare is a wholly owned subsidiary of Tactical Solutions; and
- The shareholder of Tactical Solutions was placed into Administration on 24 June 2019.

#### **Events leading up to Administration**

- The Companies' shares were advertised for sale to interested parties in the months prior to the Administration;
- The Companies suffered a significant downters in trading following the government's COVID-19
  restrictions; and
- The Companies began to suffer from working capital issues and the Director concluded that they
  were insolvent.

#### **Appointment**

- Allan Graham and Matthew Ingram were appointed Joint Administrators of Tactical Solutions on 24 April 2020 and Flare on 30 April 2020. The Joint Administrators were appointed by the Director; and
- The Administration appointments were made in the High Court of Justice, Business and Property Courts, Birmingham. Tactical Solutions' court reference number is 000268 of 2020. Flare's court reference number is 000282 of 2020.

#### **Trading**

- The Companies had ceased all substantive trading following the outbreak of COVID 19 with the majority of its staff being furloughed;
- The Joint Administrators made the decision to continue trading the Company's operations and
  pursue a sale of the business as a going concern in order to preserve the Company's value
  through maintaining its customer relationships and to allow the employees to be transferred to the
  Purchaser under TUPE and prevent redundancies being made.

#### Sale of business

- The Companies' business and assets were sold to Dee Set on 30 April 2020;
- Consideration of £175,000 was received on the Completion Date with deferred consideration to be received in June, July and August 2020 equating to 30% of month end revenue for the business during May, June and July 2020.

#### **Asset realisations**

- As detailed above, the Companies had outstanding book debts. The book debts on their respective Appointment Dates were £1,438,576 for Tactical Solutions and £328,319 for Flare;
- To date £1,136,388 has been collected.

#### Fees and expenses

- The Joint Administrators are proposing that they be remunerated on a time costs basis, capped at the sum of £150,545 for Tactical Solutions and £50,504 for Flare. The fee estimates are enclosed at Appendix 5;
- The Joint Administrators are also proposing they be remunerated for their pre-appointment time in the sum of £15,965 for Tactical Solutions. The Joint Administrators did not incur any pre-Administration time on Flare:
- In addition to remuneration, the Joint Administrators have estimated that the expenses likely to be incurred for Tactical Solutions are £15,063 and Flare are £2,124 as detailed at Appendix 7; and
- Creditors should note that the Joint Administrators will be seeking approval from the Secured Creditor for the approval of their remuneration and pre-administration time.

#### Dividends

- It is likely that the Secured Creditor will be repaid due to the Companies having cross-guaranteed other group company debts; and
- It is anticipated that a dividend will not be available to the unsecured non-preferential creditors
  other than by virtue of the Prescribed Part, if any.

#### **Anticipated exit from Administration**

• It is anticipated that the exit from Administration will be dissolution.

#### **Approval of Proposals**

- The Joint Administrators' Proposals are expected to be deemed approved and a creditors
  decision on the approval of these Proposals will not be sought as the Joint Administrators believe
  the Companies will have insufficient property to enable a distribution to be made to nonpreferential unsecured creditors, other than by virtue of the Prescribed Part (if any);
- On the expiry of eight business days from the date that the Proposals are delivered to the
  creditors, the Joint Administrators' Proposals will be deemed to have been approved by the
  creditors, unless creditors whose debts amount to at least 10% of the total debts of the
  Companies request that a decision procedure is convened;
- Further information of the steps required to convene a procedure are detailed at Appendix 8;
- This document in its entirety are the Joint Administrators' Statement of Proposals. A summary list
  of the Proposals is included in Section 9, together with the relevant statutory information by way
  of appendices. Unless otherwise stated, all amounts in these Proposals are stated net of VAT.

#### 3. Background

Statutory information on the Companies is included at Appendix 1, including details of the Companies registered and trading addresses.

Tactical Solutions was incorporated on 7 April 2000 and Flare was incorporated on 19 August 2009, both operated together as a field marketing agency. The majority of the Companies' clients operated in the consumer food products sector.

In 2018, the Company was sold together with sister companies (SGL Realisations Limited and SP Group Limited) to Selmerbridge. As part of that change of ownership, the Companies obtained finance in the form of invoice financing facilities from the Secured Creditor. Accordingly, the Secured Creditor was granted fixed and floating charges over the assets of the Companies. Under the terms of the facilities, the Companies' book debts were assigned to the Secured Creditor.

On 24 June 2019 the Companies' parent company, Selmerbridge, went into Administration. The Joint Administrators of Selmerbridge sought to realise value in the shares of Tactical Solutions via a share sale. The Joint Administrators of Selmerbridge worked with the management of the Companies to identify and approach-potential buyers for the Companies' shares. This exercise to market the share capital of the Companies commenced during the latter stages of 2019. The outcome of that exercise is covered below.

#### 4. Events leading up to the Administration

#### 4.1 Summary of key events

As noted above, the Joint Administrators of Selmerbridge had commenced a sale process to dispose of Selmerbridge's 100% shareholding in Tactical Solutions (which in turn owns 100% of Flare). Whilst Selmerbridge was in Administration, at this point the Companies were not. The key asset of the Companies was their customer relationships and contracts and therefore the marketing of the Companies for sale was conducted on a discreet basis and only targeted potential purchasers were contacted in order to avoid unsettling the Companies' customers which might have put contract renewals at risk or increased the risk of competitors approaching the Companies' customers.

Initially 10 interested parties were contacted with one further interested party, being the Purchaser, contacted at a later stage.

Two indicative offers were received for the share capital at the end of January 2020 and further discussions were held with these parties. Due consideration was given to these offers although the Joint Administrators had concerns, notably the provision of adequate proof of funding.

In March 2020, the general trading environment deteriorated due to restrictions imposed by the government, as a result of the Covid-19 outbreak. One outcome of this was the restrictions on the retail sector and reductions on the footfall allowed into supermarkets. The majority of the Companies' field marketing / research was conducted in retailers, and notably supermarkets, so as a result the Companies staff were restricted in their ability to visit retailer's premises due to the social distancing regulations. Tactical Solutions therefore had to furlough most of its staff in March 2020 as they could not undertake their roles.

At this time, the Purchaser had shown credible interest whilst the uncertainty created by COVID-19 generated a difficult environment for the transaction. The Joint Administrators communicated this update to the interested parties on 2 April and advised that any transaction would need to be completed within 14 days. The two original bidders advised that they were not in a position to progress their interest in the share purchase.

The impact of Covid-19 was to restrict the Companies ability to trade and therefore reduce revenues. The Companies were already suffering from working capital issues with arrears to creditors accruing and the Covid-19 impact exacerbated these cashflow issues.

The Companies did not have sufficient cash to settle the liabilities as they fell due and were unable to secure sufficient funding to pay all creditors to terms.

Given the above, and given the unprecedented uncertainty caused by COVID-19, the Director agreed that the Companies were unable to pay liabilities as and when they fell due and Tactical Solutions was placed into Administration on 24 April 2020.

Flare likewise had arrears to creditors and insufficient working capital availability to pay liabilities as and when falling due. Therefore, Flare was placed into Administration on 30 April 2020.

Allan Graham and Matthew Ingram considered their position prior to accepting the appointment as Joint Administrators of the Companies and concluded that there was no conflict of interest in accepting the appointment.

#### 4.3 Pre-Administration work

As noted above, it was not possible to self the snares in reducer solutions and following the financial impact of the business of the Covid-19, it appeared likely that an insolvency process would follow and therefore a sale of the business and assets would need to be explored.

The Purchaser had confirmed that it would not be willing to acquire the shares in Tactical Solutions however would be willing to pursue a purchase of the business and assets from Administration. The Purchaser submitted an indicative offer for the business and assets in the event of an Administration.

The Joint Administrators incurred time in the period prior to the appointment in:

- Liaising with the solicitors and the Director regarding the appointment process;
- Planning for the Administration in terms of the continuation of trade and actions to be taken on appointment; and
- Considering the sale of business strategy in light of the above.

#### 4.4 Appointment of Joint Administrators

As detailed above, the Companies had insufficient working capital facilities to maintain payment to creditors as and when liabilities fell due, the CovidOVID-19 restrictions created uncertainties with revenue and there was no prospect of raising immediate additional funding in order to allow the Companies to continue to trade on a going concern basis. The Companies were therefore, unable to pay their debts as and when they fell due.

The Joint Administrators considered their position prior to accepting the appointment and having regard for the Insolvency Practitioners Association's ethical guidelines, considered that there were no circumstances preventing them from accepting the appointment.

## 5. Strategy and Progress of the Administration to Date

#### 5.1 Purpose of the Administration

The Purpose of an Administration is to achieve one of the following hierarchical objectives:

- Rescuing the Companies as a going concern, or
- Achieving a better result for the Companies Creditors as a whole than would be likely if the Companies were wound up (without first being in Administration), or
- Realising property in order to make a distribution to one or more Secured or preferential Creditors.

The first objective will not be achieved for either of the Companies, as there are insufficient funds and assets available to enable the Companies to be rescued as a going concern.

The Joint Administrators consider that the second objective will be achieved for Tactical Solutions, as a better result for creditors as a whole has been achieved than if Tactical Solutions was wound up without first being in Administration given the sale of the business and assets for the following reasons:

- A sale of the business has preserved value in the Companies' goodwill and customer contracts, being the principal assets. The Joint Administrators believe that this would have been much more difficult in a liquidation as the Companies' contracts would have been terminable.
- The sale has achieved a higher (in situ) value for the Companies' tangible assets; and
- A sale of the business has preserved employment of c.165 employees, thus reducing both preferential and non-preferential unsecured creditor claims.

In any event, the third objective will be achieved as there will be a distribution to the Secured Creditor.

The Joint Administrators consider that the third objective will be achieved for Flare as there will be deemed distribution to the Secured Creditor from the collection of the book debts.

The Joint Administrators' Proposals for achieving the purpose of the Administrations are set out in the remainder of this report.

#### 5.2 Progress of the Administration

#### 5.2.1 Initial Actions

As noted above, due to Covid-19 restrictions, many of the Companies' customers had stopped allowing staff to attend the premises which meant that the Company could not provide its services. As such, the business had temporarily ceased trading prior to the Appointment Dates and was being held in a mothballed state with support from the Coronavirus Job Retention Scheme ("CJRS"). As such, it was not possible to properly trade the Companies following the Appointment Dates.

The Joint Administrators opinion was that that best way to preserve the value in the Companies' business and assets would be a swift conclusion of the sale process that had started in the Administration of Selmerbridge.

As such, following their appointment, the Joint Administrators continued to liaise with the Purchaser to progress negotiations with a view to completing a sale. The Joint Administrators also liaised with key members of the Companies' senior management team and the Director in order to gather additional information required by the Purchaser.

#### 5.2.2 Trading

During the first week of the Administration the Companies' operations were maintained with the majority of Tactical Solutions staff already furloughed.

The purpose of continuing to trade the Companies was to preserve value in the businesses by maintaining the staff base and the relationships with the Companies' customers whilst the sale of the Companies' businesses was pursued. The employee costs were covered by the CJRS and the other costs of the business were minimal.

The payroll costs, rent, service charge and rates for the Premises for the trading period of 24 to 30 April have been paid. No further costs for this trading period are expected and the final trading outcome will be confirmed in the Joint Administrators subsequent progress reports.

#### 5.2.3 Sale of Business

The business and certain assets of the Companies were sold to the Purchaser on 30 April 2020.

As noted above, following their appointment, the Joint Administrators sought to complete a sale of business quickly in order to bring certainty. The business at this point was reliant on the CJRS to fund wages and was in an uncertain position with its customers given the social distancing restrictions. In addition, the principal assets of the Companies were their customer contracts and given the effect of the appoint of Joint Administrators on contractual terms, in the Joint Administrators' experience, it was necessary to compete a sale quickly in order to realise value in the contracts.

Given the previous sale process for the shares in Tactical Solutions and given that the Purchaser was willing to progress an acquisition of the business and assets from Administration, further information was provided to the Purchaser to allow due diligence. Gateleys drafted a sale agreement based on the indicative offer.

Given the position of the business and the general economic uncertainty, and following discussions with the Secured Creditor and negotiations with the Purchaser, the Joint Administrators decided to accent a revised offer received from the Purchaser to acquire the business and certain assets of the Companies for initial consideration of £175,000 together with an element of deferred consideration based on future trading performance.

The offer did not include the purchase of the Companies' book debt ledgers as these are assigned to the Secured Creditor under their fixed and floating charges.

The breakdown of the initial consideration is below:

Asset	Consideration £
Intellectual Property and Goodwill	145,000
The Chattels	24,995
Benefit of the Contracts	1
Stock	1
The Records	1
The Flare Contract	5,000
The Flare Fixed Assets	
Total	175,000

The initial consideration of £175,000 was paid on the Completion Date.

The deferred element of the sale consideration is payable in three monthly instalments. The deferred consideration is based on 30% of the monthly revenue generated from the customer contracts which have been sold and which is attributable to the calendar months of May, June and July 2020, all payable on or before the final day which the consecutive month falls. Given the uncertain trading environment, it is difficult to estimate with any degree of certainty what the value of the deferred consideration will be, however this will be confirmed in the Joint Administrators' subsequent Progress Reports.

In addition to the sale consideration, an apportionment exercise was agreed whereby the Purchaser and the Companies would agree refunds for goods or services paid by the other party for a period relating to the other's ownership of the business and assets. This exercise was completed and a payment of

£15,120 was received from the Purchaser with respect to a death-in-service policy that Tactical Solutions had paid for in advance.

As part of the sale of the business and assets, the Joint Administrators granted the Purchaser a License to Occupy the premises for a period of six months from the completion date with an option to extend for a further three months. Under the terms of the License to Occupy the Purchaser has taken up the responsibility of all costs associated to rent, rates and utilities. The Purchaser has provided funds to cover all Property costs for May and June, and these have been paid over to the landlord.

The Purchaser had no prior involvement with the business.

The Joint Administrators instructed their Agents to carry out an inventory and valuation of the Companies' chattel assets and that value was achieved in the sale.

The Joint Administrators and their Agents are satisfied that the sale to the Purchaser was overall the best price achievable for the Companies' assets in the circumstances. The Joint Administrators had been in negotiations with other interested parties prior to the Administration commencing who had made significantly higher offers for the Tactical Solutions shares, however, these parties had not provided adequate proof of funds and withoutew their interest in the share purchaser following difficulties in the trading environment.

The impact of Covid-19 had a material impact on the Companies' operations and finances and therefore there was a need to complete a sale swiftly in order to realise value in the principal assets of the Companies, being the customer contracts.

#### 5.3 Asset Realisations

Realisations following the Appointment Date are set out in the attached Receipts and Payments Account at Appendix 2. Following the sale of the business and certain assets, the remaining material assets to be realised are noted below.

#### 5.3.2 Book Debts

In accordance with the invoice financing agreement between the Secured Creditor and the Companies, the Companies' book debts are specifically pledged to the Secured Creditor.

As at the Appointment Dates the Companies' book debt ledgers totalled:

- £1,438,576 for Tactical Solution; and
- £328,319 for Flare.

The Companies operated a credit control team based in Ewloe. These employees were transferred to the Purchaser under TUPE on 30 April 2020. It has been agreed between the Joint Administrators, the Purchaser and the Secured Creditor that these staff would assist the Secured Creditor in collecting the Companies' book debts.

#### To date:

- £963,108 has been collected for Tactical Solutions; and
- £173,280 has been collected for Flare

The book debts continue to be collected by the Purchaser and the Secured Creditor.

The Joint Administrators will provide further detail on the book debt collections in the next progress report.

#### 5.3.4 Cash at bank

As at the Appointment Date, the Companies of £37,366. A request has been made to have these funds transferred to the Administration bank account however this transfer has not yet happened and therefore the funds do not show on the Receipts and Payments Account.

As noted above, the April payroll payment was made from the funds held with the Bank and received from the CJRS. Following receipt of the funds, the Receipts and Payments accounts will be amended to reflect the use of funds.

#### 5.4 Investigations

The Joint Administrators have a statutory obligation to file a report with the Insolvency Service regarding the conduct of all Directors that held office in the three years prior to the Administration. This report must be filed within three months of the date of appointment and the content of this report is confidential.

taken against third parties in respect of antecedent transactions or other litigation that would increase recoveries for Creditors.

Investigations into the Companies affairs are ongoing. The Joint Administrators also have a duty to investigate antecedent transactions which include transactions to defraud creditors, preference payments and transactions at an undervalue.

Given the commercially sensitive nature of these investigations, it is not appropriate to elaborate on any potential claims at this time. An update will be provided in the next progress report.

If any Creditor has any information concerning the Companies' affairs that they would like to bring to the Joint Administrators' attention, please do so by writing to Joss.Mitchison@duffandphelps.com or Duff & Phelps Ltd. The Shard, 32 London Bridge Street, London SE1 9SG.

#### 5.5 Cost of Realisations

Payments made from the Appointment Dates are set out in the Receipts and Payments Accounts provided at Appendix 2 which are self-explanatory.

Details of the Joint Administrators' expenses incurred and paid during the Period are attached at Appendix 8.

#### 6. Joint Administrators' Fees and Expenses and pre-Administration costs

#### 6.1 Estimated fees and expenses

#### 6.1.1. Fees

It is proposed that the Joint Administrators' fee basis is based on time costs. The time costs already charged since the date of appointment are analysed at Appendix 4. Time is charged in six-minute units.

As it is anticipated that there will be no distribution to the Company's unsecured creditors, the Joint Administrators propose to seek approval from the Secured Creditor, pursuant to Paragraph 52 of the Act,

The amount proposed to be drawn in fees is shown in the Fee Estimates at Appendix 5. The Fee Estimate for Tactical Solutions totals £150,545 and the Fee Estimate for Flare and totals £50,504. The total amount indicated effectively acts as a cap on the level of fees to be drawn by the Joint Administrators. If circumstances change and the Joint Administrators propose to draw further fees in the future, they will seek the appropriate approval from creditors at a later date.

Also attached at Appendix 6 is the Fees Narrative, a summary of key issues, to assist creditors in understanding the strategy of the Joint Administrators, the associated costs and expenses of the related activities and the financial benefit to creditors. Further details of assets and liabilities and the estimated return to creditors, if any, are in the body of this report.

#### 6.1.2 Expenses

The Joint Administrators' estimate the expenses of the Administration for Tactical Solutions to total £14,838 and their estimate for Flare totals £1,900. as detailed in the Expenses Estimate at Appendix 7. This illustrates the estimated expenses for the whole of the Administrations and is for information purposes only. No approval is required by creditors. This estimate may change over the course of the Administrations, but Creditors will be informed of any variations with associated reasons in future progress reports.

#### 6.1.3 Disbursements

The Joint Administrators have incurred disbursements of £225 for each of the Companies during the period-as-set-out in Appendix 4. None of these have yet-been paid.

#### 6.1.4 Additional Information

Details of how to obtain further information relating to the fees and disbursements of the Joint Administrators is set out in Appendix 8.

#### 6.2 Statement of Pre-Administration Costs

Pre-Administration costs are fees, charges and expenses incurred by the Joint Administrators or their firm, or another person qualified to act as an insolvency practitioner, before the Companies entered Administration but with a view to them doing so.

The Joint Administrators have incurred the following pre-Administration costs for Tactical Solutions:

Pre-Administration costs			
	Paid (£)	Unpaid (£)	Total (£)
Duff & Phelps Ltd fees	0.00	£15,695	£15,695
Legal fees	0.00	£10,431	£10,431
Total	0.00	£23,493	£23,493

The Joint Administrators have incurred the following pre-Administration costs for Flare:

Pre-Administration costs			
	Paid (£)	Unpaid (£)	Total (£)
Legal fees	0.00	£4,598	£4,598
Total	 0.00	£4,598	£4,598

The pre-Administration time costs incurred by the Joint Administrators for Tactical Solutions for the period leading up to the Appointment Date total £15,694.50 representing 36 hours at an average charge out rate of £437 per hour.

Details of the work undertaken by the Joint Administrators prior to their appointment is detailed at Section

The Joint Administrators will seek approval from the Secured Creditor for approval to pay the pre-Administration costs, these costs are subject to separate approval and do not form part of the Proposals.

#### Dividend Prospects

#### 7.1 Secured Creditor.

In consideration for the monies advanced under the invoice financing agreements, both of the Companies granted the Secured Creditor a debenture, which confers fixed and floating charges over all of the assets of the Companies. The security was created on 2 March 2018. In addition to the fixed and floating charges, under the terms of the invoice financing agreement, the Companies' book debts are assigned to the Secured Creditor.

The sums owing to the Secured Creditor at the Appointment Dates were £171,910 for Tactical Solutions and £73,440 for Flare. These amounts are subject to accruing interest, charges and fees. The Secured Creditor has confirmed that fees and charges will be applied but the quantum is uncertain.

The book debt collections have allowed both of the Companies' to repay the principal indebtedness to the Secured Creditor, however the Companies have provided the Secured Creditor with cross guarantees with regard to debts due from other entities in the Selmerbrioge Group.

The level of overall debt due to the Secured-Creditor, together with the above-noted charges which are yet to be quantified, is such that the Joint Administrators believe that Group's indebtedness to the Secured Creditor will not be repaid in full.

#### 7.2 Preferential Creditors

Following the sale of the business and assets of the Tactical Solutions to the Purchaser, the employees of Tactical Solutions were transferred pursuant to TUPE to the Purchaser. Accordingly, it is anticipated there will be no preferential claims in the administration.

Flare did not have any employees and therefore no preferential claims are expected.

#### 7.3 Non-Preferential Unsecured Creditors

According to the Companies' book and records which have been summarised and presented in the statement of creditors at Appendix 3. Tactical Solutions had the following non-preferential unsecured creditors as at the Appointment Date:

Creditor	£
HMRC	Uncertain
Trade and expense creditors	445,481
Employees (unsecured element)	Nil
Total	445,481

Flare had the following non-preferential unsecured creditors as at the Appointment Dates:

Creditor	£
HMRC	Uncertain
Trade and expense creditors	5,000
Employees (unsecured element)	. Nil
Total	5,000

Based on the current information available to the Joint Administrators, it is anticipated that there will be insufficient realisations to enable a distribution to the non-preferential unsecured creditors other than by virtue of the Prescribed Part, if any.

If not already done so, creditors of the Companies should submit their claims via the Creditors' Portal al www.ips-docs.com using the log in provided in the Joint Administrators' initial letter to creditors.

#### 7.3.1 Prescribed Part

The Prescribed Part is calculated as a percentage of net property, as follows:

Net property less than £10,000:

50% unless the Joint Administrator considers that the costs of making a distribution to the unsecured non-preferential creditors would be disproportionate to the benefits.

Net property greater than £10,000:

50% up to £10,000 plus 20% thereafter to a

maximum of £600,000.

The Companies both granted floating charges to the Secured Creditor and therefore the provisions of the Prescribed Part will apply.

Based on the information available at the time of preparing this Report, it is anticipated that there will be insufficient funds available to the Companies' unsecured non-preferential creditors to allow a distribution to creditors via the Prescribed Part, due to the costs of the Administration and the Secured Creditors fees and charges.

A further update will be provided in the Joint Administrators' next progress report.

#### 8. End of Administration

#### 8.1 Exit from Administration

You will note from the Proposals at Section 9 below that the Joint Administrators have left the choice of exit route from Administration open so that an alternative strategy can be adopted, should this prove more appropriate at the time.

However, at this stage the Joint Administrators anticipate that the most likely exit route will be dissolution for the reasons set out below.

#### 8.1.1 Dissolution

The Joint Administrators have formed the view that once all the outstanding Administration matters have been finalised, and all liabilities incurred during the Administration have been discharged, there will be insufficient funds available to allow a distribution to unsecured non-preferential creditors.

Once all outstanding matters have been satisfactorily completed by the Joint Administrators, they will give notice to the Registrar of Companies to the effect that the Companies have no remaining property to realise which might permit a distribution to its non-preferential unsecured creditors, at which stage the Administration will cease. The Companies will be dissolved three months following the registration of the notice at the Registrar of Companies.

#### 8.1.2 Creditors' Voluntary Liquidation

Should additional funds become available for distribution to unsecured creditors, outside of the Prescribed Part, the Joint Administrators will, once all outstanding matters in the Administration have been finalised and all liabilities in the Administration have been discharged, place the Companies into Creditors' Voluntary Liquidation in order to enable a distribution to all unsecured non-preferential creditors.

#### 8.2 Discharge of liability

The Joint Administrators propose to seek approval from the Secured Creditor that they will be discharged from liability in respect of any actions as Joint Administrators upon filing their final report with the Registrar of Companies or their appointment otherwise ceasing.

Discharge does not prevent the exercise of the Court's power in relation to any misfeasance action against the Joint Administrators.

Should the circumstances of the Administration change, the Joint Administrators reserve the right to revert to the unsecured non-preferential creditors in order to obtain discharge of liability.

<del>///---:: Administrators' Propesals</del>

#### 9.1 Approval of Proposals

The Joint Administrators' Proposals are expected to be deemed approved and a creditors decision on the approval of these Proposals will not be sought as the Joint Administrators believe that the Companies will have insufficient property to enable a distribution to be made to unsecured non-preferential creditors,

On the expiry of eight business days from the date that the Proposals are delivered to the Creditors, the Joint Administrators' Proposals will be deemed to have been approved by the Creditors unless Creditors whose debts amount to at least 10% of the total debts of the Companies request that a decision procedure is convened.

Further information of the steps required to convene a procedure are detailed at Appendix 8.

#### 9.2 .Creditors' Committee

A Creditors' Committee will not be established unless requested by the creditors and sufficient creditors are willing to act as members of the committee.

The minimum number of committee members is three and the maximum is five.

The Creditors' Committee represents the interest of the creditors as a whole rather than the interests of individuals.

The statutory function of the Creditors' Committee is to assist the Joint Administrators with discharging their responsibilities, including the approval of:

- The basis of remuneration;
- The drawing of category 2 disbursements;
- · The payment of unpaid pre-Administration costs; and
- The discharge from liability of any actions taken as Joint Administrators.

Please note that members of the Creditors' Committee are not paid for their time. In order to enable creditors to make an informed decision, a guidance note on the rights, duties and the functions of Committees can be found at the following link:

If you would prefer to be sent a hard copy, please contact Joss Mitchison of this office.

#### 9.3 Creditors' Rights

The Joint Administrators will use a decision procedure to seek approval of their Proposals if requested by creditors whose debts amount to at least 10% of the total debts of the Companies and the relevant procedures are followed.

Creditors who meet one of the thresholds set out in the Insolvency Act 1986 may, within five business days from the date of delivery of this notice, require a physical meeting to be held to consider the proposed decision(s). The statutory thresholds for requesting a meeting are 10% in value of creditors, 10% in number of creditors, or 10 creditors.

Further information on Creditors' rights to request a decision or physical meeting and the relevant procedures required is provided on Appendix 8, Statement of Creditors Rights.

In addition, the statement also sets out information on the remuneration and disbursements of the Joint Administrators.

#### 9.4 The Joint Administrators' Proposals

As stated above, the Proposals are expected to be deemed approved and a creditors' decision on the approval of the Proposals will not be sought as the Joint Administrators believe the Companies will have insufficient property to enable distribution to the unsecured creditors.

The Joint Administrators propose the following:

#### 9.4.1 General

- To continue to deal with such outstanding matters in relation to the Companies as the Joint Administrators consider necessary until such time as the Administration ceases to have effect;
- To do all such other things and generally exercise all of their powers as contained in Schedule 1
  of the Act, as they, in their sole and absolute discretion, consider desirable or expedient in order
  to achieve the purpose of the Administration;
- To investigate and, if appropriate, pursue any claims the Companies may have for the benefit of the Companies' Creditors; and
- · Seek an extension to the Administration period if considered necessary.

#### 9.4.2 Distributions

- To make distributions to the Secured Creditor where funds allow;
- To make distributions to the unsecured non-preferential creditors from the Prescribed Part, where applicable; and
- To make further distributions to the unsecured non-preferential creditors over and above the Prescribed Part, if funds become available and apply to court for authority to do so, where applicable.

#### 9.4.3 End of Administration

That the Joint Administrators might use any or a combination of the following exit route strategies in order to bring the Administration to an end:

 Apply to Court for the Administration order to cease to have effect from a specified time and for the return of control to the Director;

- Place the Companies into Creditors' Voluntary Liquidation if deemed appropriate. It is proposed
  that the Joint Administrators, currently Allan Graham and Matthew Ingram of Duff & Phelps would
  act as Joint Liquidators should the Companies be placed into Creditors' Voluntary Liquidation.
  The Creditors may nominate a different person as the proposed Liquidator, provided the
  nomination is received at this office prior to the approval of these Proposals. Any action required
  or authorised under any enactment to be done by the Joint Liquidators is to be done by all or any
  one or more of them;
- Petition the Court for a winding-up order placing the Companies into Compulsory Liquidation if
  deemed appropriate. It is proposed that the Joint Administrators, currently Allan Graham and
  Matthew Ingram of Duff & Phelps would act as Joint Liquidators should the Companies be placed
  into Compulsory Liquidation without further recourse to Creditors. Any action required or
  authorised under any enactment to be done by the Joint Liquidators is to be done by all or any
  one or more of them; and
- Take the necessary steps to give notice of move from Administration to dissolution with the
  Registrar of Companies because (1) the Companies has no remaining property which might
  permit a distribution to its Creditors, and (2) all outstanding matters have been satisfactorily
  completed.

Alternatively, the Joint Administrators may allow the Administration to end automatically.

#### 10. Remuneration and Pre-Administration costs

The Joint Administrators will be seeking specific agreement to the following from the Secured Creditor which do not form part of these Proposals.

#### 10.1.1 Remuneration and Pre-Administration Costs

In the absence of a Creditors' Committee being formed:

- That the Joint Administrators' remuneration be fixed by reference to the time properly given by them and their staff in attending to matters arising in the Administration;
- That the Joint Administrators' Fee Estimates provided in Appendix 5 in the total sum of £150,545, are approved for Tactical Solutions;
- That the Joint Administrators' Fee Estimates provided in Appendix 5 in the total sum of £50,504, are approved for Flare;
- That the Joint Administrators be authorised to draw their Companies' internal costs and expenses in dealing with the Administration ("Category 2 Disbursements"), which have been charged in accordance with Duff & Phelps policy, as set out in Appendix 8;
- That the unpaid pre-Administration costs totalling £23,493 plus VAT for Tactical Solutions as
  detailed in the Joint Administrators' statement of pre-Administration costs, is approved for
  payment as an expense of the Administration; and
- That the unpaid pre-Administration costs totalling £4,589 plus VAT for Flare as detailed in the Joint Administrators' statement of pre-Administration costs, is approved for payment as an expense of the Administration.

#### 10.1.2 Discharge of liability

In the absence of a Creditors' Committee being formed, that the Joint Administrators be
discharged from all liability in respect of any actions as Joint Administrators upon filing their final
progress report with the Registrar of Companies or their appointment otherwise ceasing.

If you require further information or assistance, please do not hesitate to contact Joss Mitchison.

Yours faithfully For and on behalf of Tactical Solutions UK Ltd

#### Appendix 8 - Statement of Creditors' rights

Rule numbers refer to Insolvency (England & Wales) Rules 2016 (as amended) Section or paragraph numbers refer to Insolvency Act 1986

If you require a copy of any relevant rule or section, please contact Joss Mitchison at Joss Mitchison@duffandphelps.com.

#### Information for Creditors on remuneration and disbursements of Administrators

Information regarding the fees and disbursements of Administrators, including details of the Duff & Phelps' disbursements policy and hourly charge out rates for each grade of staff that may undertake work on this case, is in a document called "A Creditors' Guide to Administrators' Fees". This can be viewed and downloaded from the Joint Administrators' website at:

https://www.duffandphelps.co.uk/-/media/assets/pdfs-international/uk/creditors-guide/administration-a-creditors-guide-to-insolvency-practitioner-fees-undated

Should you require a copy, please contact this office.

Creditors may requisition a physical meeting of Creditors for approval of the Joint Administrators' Proposals under Rule 15.6 of the Insolvency (England and Wales) Rules 2016

The Joint Administrators shall summon a physical meeting (1) if asked to do so by (a) creditors whose debts amount to at least 10% of the total debts of the Companies or (b) 10% in number of creditors, or (c) 10 creditors, and (2) if the following procedures are followed:

The request for a requisitioned physical meeting must be made within five business days of the date on which the Joint Administrators' Proposals were delivered and include either:

- (a) a statement of the requesting creditor's claim together with-
  - a list of the creditors or contributories concurring with the request and of the amounts of their respective claims or values, and
  - confirmation of concurrence from each creditor; or
- (b) a statement of the requesting Creditor's debt and that that alone is sufficient without the concurrence of other Creditors

Creditors may be requested to meet the costs of a requisitioned decision and a deposit will be required for this purpose. These costs may be ordered to be paid as an expense of the Administration if the Creditors so resolve.

If you wish to request a physical Creditors' meeting, please complete and return the physical meeting requisition form available on the Portal.

Creditors may requisition a decision to be made by all of the Creditors for approval of the Joint Administrator' Proposals under para 52(2) Schedule B1 Insolvency Act 1986

The Joint Administrators shall seek a decision from the Companies' Creditors as to whether they approve the Proposals if requested by Creditors of the Companies, whose debts amount to at least 10% of the total debts of the Companies. Such a request must be received by the Joint Administrators within eight business days of the date on which the Joint Administrator's statement of Proposals is delivered.

The request for a requisitioned decision must include a statement of the purpose of the proposed decision and either—

(a) a statement of the requesting Creditor's claim together with-

- a list of the Creditors or contributories concurring with the request and of the amounts of their respective claims or values, and
- confirmation of concurrence from each Creditor; or
- -(b)-a-statement-of the requesting Creditor's debt-and that that-alone is sufficient without the concurrence of other Creditors

Creditor/s may be requested to meet the costs of a requisitioned decision and a deposit will be required for this purpose. These costs may be ordered to be paid as an expense of the Administration if the Creditors so resolve.

A requisitioned decision must be made within 28 days of receiving the deposit or the expiry of 14 days without the Administrator informing the requesting Creditor of the deposit sum.

# Appendix 10 - Notice about this Statement of Proposals

This Statement of Proposals has been prepared by Allan Graham and Matthew Ingram, the Joint Administrators of the Companies, solely to comply with their statutory duty under Paragraph 49, Schedule B1 of the Insolvency Act 1986 to lay before Creditors a statement of their Proposals for achieving the purpose of the Administration, and for no other purpose. It is not suitable to be relied upon by any other person, or for any other purposes, or in any other context.

These Proposals have not been prepared in contemplation of them being used, and are not suitable to be used, to inform any investment decision in relation to the debt of any financial interest in the Companies or any other Companies in the Group.

Any estimated outcomes for Creditors included in these Proposals are illustrative only and cannot be relied upon as guidance as to the actual outcomes for Creditors.

Any person that chooses to rely on these Proposals for any purpose or in any context other than under Paragraph 49, Schedule B1 of the Insolvency Acc. 1900 areas so at their own risk. To the fullest extent permitted by law, the Joint administrators do not assume any responsibility and will not accept any liability in respect of these Proposals.

Allan Graham and Matthew Ingram are authorised to act as insolvency practitioners by the Insolvency Practitioners Association.

The Joint Administrators are bound by the Insolvency Code of Ethics.

The Joint Administrators act as agent for the Companies and contract without personal liability. The appointments of the Joint Administrators are personal to them and, to the fullest extent permitted by law, Duff & Phelps does not assume any responsibility and will not accept any liability to any person in respect of these Proposals or the conduct of the Administration.
