These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the profit and loss account has not been delivered.

For the year ending 30 November 2018 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476 ;
- The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements .

These financial statements were approved by the board of directors and authorised for issue on 22 August 2019 , and are signed on behalf of the board by:

**Mr R E J Cornelius**

**Director**

**Company registration number: 04116028**

## **NOTES TO THE FINANCIAL STATEMENTS**

**Year ended 30 November 2018**

### **1. GENERAL INFORMATION**

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is Mill View House, St Mellons Road, Lisvane, Cardiff, CF14 0SH.

### **2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### **3. ACCOUNTING POLICIES**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Going concern**

The accounts have been prepared on the going concern basis. The accounts show that the company had net liabilities of £151,891 at the balance sheet date. The directors have therefore had to consider the appropriateness of the going concern basis. The company has been able to finance its operations largely because of the support from the director. The director will continue to support the company for at least the next twelve months and, with this continuing support, the company will be able to meet its liabilities as they fall due. On the basis of the above, the director considers it appropriate to prepare the accounts on a going concern basis.

#### **Turnover**

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

#### **Tangible assets**

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

### Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets. For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the company are assigned to those units.

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

#### 4. TANGIBLE ASSETS

	<b>Fixtures and fittings</b>	<b>Total</b>
	<b>£</b>	<b>£</b>
<b>Cost</b>		
At 1 December 2017 and 30 November 2018	1,716	1,716
	-----	-----
<b>Depreciation</b>		
At 1 December 2017	1,435	1,435
Charge for the year	70	70
	-----	-----
At 30 November 2018	1,505	1,505
	-----	-----
<b>Carrying amount</b>		
At 30 November 2018	211	211
	-----	-----
At 30 November 2017	281	281
	-----	-----

#### 5. DEBTORS

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Other debtors	185	149
	----	----

#### 6. CREDITORS: amounts falling due within one year

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Other creditors	155,371	142,710
	-----	-----

#### 7. DIRECTOR'S ADVANCES, CREDITS AND GUARANTEES

Included in other creditors due within one year is the following balance due to the director:

	<b>2018</b>	<b>2017</b>
	<b>£</b>	<b>£</b>
Mr R E J Cornelius	154,471	141,810
	-----	-----

The loan is interest free and repayable on demand.

#### 8. RELATED PARTY TRANSACTIONS

The company was under the control of Mr R E J Cornelius throughout the current and previous year. Mr R E J Cornelius is the managing director and majority shareholder.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
